Hope Of America

The Christian Home Orphanage of Council Bluffs, Iowa, is a unique institution, being more like a private home than an orphanage. It was founded sixty-three years ago by the Rev. and Mrs. J. G. Lemen. This institution has grown from one small, frame building to its now beautiful brick and stone buildings, which include a hospital, main

building, school rooms, laundry, dormitories, office building and various other buildings, covering some three city blocks. Those now in charge of the work have been with it during all these years, and have virtually given their lives to the work. They take homeless children from infancy to fourteen years, and if possible a family group is kept together. In a great many cases, when the parent can, after a time provide a proper home for the children, they are returned to them. The Home will, however, keep the children until such time as the family can be maintained. Where the children are doubly orphaned, the Home cares for them until someone wishes to adopt them, or in cases where they are not adopted, they are cared for and sent to school, until they can support and care for themselves. This is indeed a Christian Home. The children are lovingly cared for and trained in the principles of Christian living. The great aim of the Christian Home is to train these homeless children, that they may in the years to come be a strong factor in the destiny of America.

Left on their own they would rapidly fall into evil ways, a menace to America and the world; but sheltered at the Christian Home, given love and Christian

Chin Up Club To Have Booth At Fair

The Chin Up Club of Oregon will have a booth at the Oregon State Fair this year in Salem in the grand stand building at the northwest corner. There will be all kinds of needle work, craft work, etc., made by physically handicapped persons. See their exhibits and become acquainted with the Chin Uppers.

The "Chin Up Club of Oregon" was organized to bring together

training, they will develop into strong Christian men and women the hope of America.

The Christian Home is supported by the freewill offerings of charitably inclined men and women all over our land. These men and women realize that if we save the children today, we save the nation tomorrow.

For information in regard to this remarkable Home, write to the Christian Home Orphanage, Council Bluffs, Iowa, and literature will be sent to you.

All contributions sent to the Home are duly acknowledged and credited in the official publication, CHRISTIAN HOME, a sample copy of which will be sent to you upon request.

physically handicapped persons, so they could exchange ideas and give a helping hand to each other. There are no membership dues. The Chin Uppers are anxious to contact other physically handicapped people all over Oregon so they all may exchange ideas.

Their greatest ambition is to bring more happiness into the lives of others. They are in hopes that someday all physically handicapped people will have the opportunity to become self supporting and not be a burden on their relatives or the State. They are working for a club home where they can work, learn a trade, and get a good education. In order to help further these aims, they are publishing a monthly paper "Oregon Beacon," Voice of the Chin Uppers. They have a circulation of over 1500 with subscribers all over the United States. Persons interested in the aims of the club may write to the Circulation Manager of the Oregon Beacon, Edith Cowden, 2220 Mill Street, Salem, Oregon, or Beth Sellwood, Salem, Oregon, Route 2, Box 336, Salem, Ore.

If you know the meaning of the word "simony" then you are one in a hundred. It means, the crime of buying or selling any ecclesiastical benefit. The word is based on Simon Magnus, a sorcerer of Samaria.

Vets' Mail Bag

As a service to veterans in the community, this newspaper will publish a weekly column of questions most frequently asked contact men of the Veterans Administration in this area. For more detailed information, veterans should contact or write to the nearest VA contact unit at 1019 S. W. 10th Ave., Portland.

Q. I signed a statement before my discharge that my disability existed prior to enlistment. Does this bar me from receiving compensation?

A. No. Under Title I, Sec. 105, Public Law 346, 78th Congress, any statement of this nature which you may have made at discharge is considered null and void.

Q. I have been collecting readjustment allowance since my discharge two months ago. I plan now to move to another state as I believe I will have more opportunity in my line of work. Will I be able to collect compensation there until I find employment?

A. Your claim for readjustment allowance may be transferred to the Unemployment Compensation Agency of the state to which you are moving or cleared through the agency in the state where you now reside. You are allowed your full entitlement subject to the regulations governing readjustment allowances, regardless of your place of residence.

Q. I am a widow of a World War II veteran. Am I eligible to obtain a loan guaranty under the G. I. Bill?

A. No, the privilege is limited to veterans. A guaranty on a loan may continue, however, after the veteran's death.

Q. Is a veteran who has been granted compensation entitled to an increase if he suffers an increase in the severity of the disability?

A. Yes. The rate of increase in compensation depends upon the increase of disability.

Marion county still leads in the number of seasonal firms with 18, compared with 22 last year, while Clatsop is a close second with 15, a gain of two over 1945.

POWER for Food-Processing

COSTS LESS IN "PGE" AREA

Inside view of the revolving cylindrical screen for grading filberts, at packing plant of the Dundee Nut Growers. Small, medium and large size nuts pass through graduated holes, while the jumbo filberts roll out over end of cylinder.

Where Rates are Lowest of the "Big 4" Coast Business Centers

Packing the fine quality food products grown in the rich Willamette Valley is a profitable business for food processors located in the PGE area. Here, where the cost of electricity is extremely low, its part in production has served as a competitive stimulus to new processing methods, time-saving devices, cost-cutting developments. The advantage of low-cost electricity has helped to offset this area's distance from major markets by making possible Oregon processing of Oregon products.

It is an advantage that leads to more enterprises and expanded enterprises... an attraction for new business and better business. Power for processing helps to create more jobs... and in general to produce more prosperity for the people of the PGE area.

PGE now delivers to the industries and businesses of this area power which generally costs less than power in any other "Big Four" coast business center. Check the chart below.

Comparative Electric Bills for Commercial Service in Major Pacific Coast Port Cities

Demand, KW	2	5	10	25	50	100
