An Accident?

A man was filling out an application for life insurance. His father had been hanged, but he did not want to admit the fact. When it came to filling in the "cause of father's death," he wrote the following: "Met death at a public function, during which the platform on which he was standing gave way beneath him."

Haphazard Financing Means Haphazard Schools

Oregon schools MUST have steady, dependable incomes to make long-range planning possible. Local school districts are experiencing a hand-to-mouth existence. Rising costs have forced 86% of the school districts to levy additional local taxes for minimum budget needs. Put Oregon schools on a sound financial basis.

From where I sit... by Joe Marsh

On Playing the Fiddle Badly

A favorite recreation in our town is getting together in one or another's home and making music. There's somebody at the piano; a guitar; a fiddle player; and Molly Birtles even has a harp!

What comes out isn't the best music in the whole world. In fact, a lot of it is downright bad. But nobody even thinks to question or to criticize.

Because the spirit of harmony is there—harmony between folks who like each other's company, who enjoy the simple, homey atmosphere

—with nothing more exciting than old songs, and a glass of moderate beer or cider.

From where I sit, it's a heap more important to be a poor fiddle player, than not to play at all. More important to be a part of the American scene—with its community music, home entertainment, friendly glass of beer—than to hold out for professional perfection. (Besides, I like to play the fiddle—even badly!)

NOTICE!

FARMERS, WAGE AND SALARY EARNERS

You will want to vote **315 X NO** because:

A NEW AND ADDITIONAL INCOME TAX (3%) on all checks totaling more than \$100 monthly, will become effective July 1, 1947, if the Initiative measure (314 Yes, 315 No) sponsored by the Townsend groups is approved by the voters of Oregon at the November 5 general election.

This 3% tax would apply to all gross income of wages and salary earners, farmers and businesses (excepting only non-profit organizations) WITHOUT ANY PERSONAL EXEMPTIONS OR DEDUCTIONS other than \$100 gross income per month. It could apply also on income from insurance benefits and earnings on savings and investments if, with your wage or salary or sales of products your total income was \$100 a month or more. Farmers and business men would have to pay 3% on their gross income even if they operated at a LOSS. It is not a tax on profits alone. It IS a tax on Gross Income!

The measure, if passed, would require YOU TO MAKE OUT A NEW MONTHLY INCOME TAX REPORT AND PAY 3% MONTHLY ON ALL ABOVE \$100 THAT YOU RECEIVE

and this tax would be in addition to all other Federal and state income tax reports and statements you now make. EMPLOYERS COULD BE OBLIGED UNDER THE PROPOSED LAW TO WITHHOLD THE TAX FROM EMPLOYEES' PAY.

This measure is a fantastic SPECIAL PURPOSE TAX SCHEME, promising \$100 a month at 60 years of age to everybody, WHETHER THEY NEED IT OR NOT, if they agree to remain idle and spend the \$100 in 30 days. The money could not be for any other purpose to reduce other state or Federal taxes unless a surplus developed, if ever. NO OTHER STATE HAS SUCH A SPECIAL PURPOSE TAX. It is a tax that would wreck Oregon's economy, driving business out of the state and destroying jobs.

★ If this measure passes **EVERYBODY LOSES** even the old people who are exploited by its backers!
DEFEAT THIS MEASURE WITH THE DECEPTIVE TITLE

"Sure, Sis! NOW THERE'S ALWAYS PLENTY OF HOT WATER!"

Lucky kids! Lucky family! An automatic GAS water heater has just been installed in their home. No more waiting for hot water whether it's for Dad's shave, the children's baths, or Mother's dishes or laundry.

Day or night, they have only to turn a tap to get all the clean hot water they need—and presto! just like magic, the blue gas flame heats more water quickly, ready for the next turn of the tap... all automatically, too.

The whole family's pleased, too, with the economy of GAS water heating—just a few cents a day for a continual and abundant supply of hot water for all of them.
