Gifts Exchanged At Fir Grove Meet

The gifts exchanged at the Fir Grove Garden Club meeting, Tuesday evening, December 10, were very fitting, being choice cuttings, bulbs, and the like from the garden of each member.

Mrs. Alva W. Graham, at whose home the meeting was held, was assisted in decorating by Mrs. Don Denison, who arranged a miniature winter scene within a shadow box for the mantel; and figurines skating on a pond of blue glass on one of the living room tables.

Following a brief business meeting, movies were shown which had been taken throughout the year by the various members of everything from hikes to Mt. Hood, birthday parties of their children, wild flower hunts, exhibits at the club's garden show. All attending found the films extremely interesting.

Table decorations carried out the Christmas feeling. A shiny paper Christmas tree covered the table cloth, with Chenille candy canes, vesper lights and miniature Santa and sleigh decorating the tree. At each place at the table was a star shaped salad, which also decorated the branches of the "tree", but which didn't remain there too long, as it was a perfect accompaniment to the rolled tuna fish toasted sandwiches, and the Christmas cake and coffee.

Gifts For New Guinea Mission

The members of the Missionary Guild of the St. Matthews Lutheran Church observed the Christmas season at their December meeting, held Wednesday evening, December 11, at the church, with their husbands as special guests.

Instead of bringing gifts for each other, each brought a gift for the New Guinea mission. Mrs. L. Webster and Mrs. G. Bittner were responsible for the interesting decorations. Mrs. R. Paul, Mrs. F. Pustan and Mrs. H. Rasmussen served the tasty refreshments. Mrs. F. Krieske, Mrs. A. Haaland and Mrs. W. Fritz planned the program, in which the special significance of Christmas customs and traditions was brought out.

All took part in the singing of Christmas carols and hymns.

THE BOSS MAKES AN ANNOUNCEMENT

THE GENTLEMAN IS RIGHT

and we're meeting his demands with Dacro Protected Milk . . . the safest package of milk you can buy. The bottle is not merely covered. It's SEALED with a sturdy metal cap . . . air-tight, dust-proof, tamper-proof. There's complete, scientific protection for our milk after it leaves the dairy. Let one of our roustabouts show you what this protection means to you and your family.

Because the Dacro Cap is a genuine seal, it must be removed the first time with an opener. After that it may be snapped back on the bottle as a re-seal and removed again and again, even without an opener.
