Trains laugh at winter!

You can forget about cold weather, rain and snow when you travel in a warm, steam-heated train.

Steel rails are the smoothest, safest highway ever invented—safe when wet.

Next time you travel, let the engineer do the driving for a change. Our lowest fares for chair car and coach accommodations are good on most of our very fastest trains.

CEDAR MILL

The Cedar Mill P. T. A. met Thursday evening of last week at the school. Preceding the meeting a projector for classroom use was demonstrated by Mr. Peterson of the J. K. Gil Company.

The business meeting was opened by those present joining in the flag salute and singing of "America." Mr. Greene offered the prayer. An announcement was made concerning the Rummage Sale on February 21 at the Rummage Sale Center in Portland. Everyone is urged to send suitable articles to the school, Mrs. Ediger or Mrs. Henson's home before February 18. Room prize for the largest representative attendance was won by the third and fourth grades.

Mrs. Cover wishes dish towels for the cafeteria. It was suggested that each mother send her one. Mrs. Gertrude Pearson was appointed to serve as chairman for the Founders' Day meeting in February. Mrs. Greene's third and fourth graders will entertain with songs and a program of Oregon History.

A tentative date for the pre-school clinic has been designated as March 4. This is much earlier than heretofore. Tualatin View, Union, Barnes and McKinley schools are to receive invitations to attend. A new state law has been enforced stating that each child must have a physical examination before entering school and the pre-school clinic offers this service for all.

More adequate school signs received much consideration. Mr. French, Mr. Greene and Mrs. Stroeve were appointed to serve on a committee to investigate the possibilities of improved safety conditions.

The P. T. A. voted to purchase the projector for school use. Refreshments were served in the cafeteria by the men.
