HAVE YOU seen a FORGY plow?

Well, we have them, and when
we first saw them, we thought
the builder was NUTS—we
were the suckers because smart
farmers around here saw the
angle and used them—when they
finish plowing a field with a
FORGY it looks like they'd
also disced it. Look it over, it's
especially good where scouring
is a problem. It's called a 14"
but cuts 17". Masons in Ti-
