YOUR OLD MATTRESS IS WORTH \$10.00

Dear Folks:

I have had so many inquiries about remaking mattresses, I have decided to state briefly what happens.

After we pick up your old felt mattress that you perhaps are thinking of throwing away, we run it through a very complicated machine. This machine removes dust, dirt, all foreign particles, and changes it from a hard, lumpy mattress into soft, billowy bats of cotton that I defy you to tell from new.

If you desire an inner-spring mattress, we will mold these fat, clean bats around a spring of your choice, giving you also a choice of ticking for a mattress that is comparable to mattresses selling from \$39 to \$50.

There is one important difference. Most new mattresses have from 20 to 28 pounds of padding, while yours would have 30 to 35 pounds. This makes for a longer life product and better sleep for you. And such a mattress will cost but \$29.50.

Thank you.
