GO WEST BAIT IS THE

"Best Weevil Bait - Perfect Results"

says: G. A. WEISENBACK
SUCCESSFUL OREGON STRAWBERRY GROWER

G. A. Weisenback and son in their Go-West Protected Strawberry Field

G. A. Weisenback is a recognized authority on strawberry culture in Washington County, Oregon. Last year the cream of his fields produced a six-ton per acre yield. Weisenback takes no chances on profit-eating strawberry root weevils. That's why he — and other successful growers — depend on GO-WEST, the original apple base bait that really attracts and destroys! Easy to apply, effective rain or shine. Available in 50-lb. 1/2 acre size, at your farm supply dealer. Equally effective for cutworms, vegetable weevils, sow bugs and other pests of like feeding habits.

"I have been raising strawberries for 22 years. At present I have over 75 acres. I have found that 'GO-WEST' Weevil Bait has given me the best results of any bait that I have tried... perfect results."

Jaycees Pawn Off Expectant Mother As Party Impetus

Beaverton junior chamber of commerce members, in a plan to spur the sale of tickets to their big theatre party of April 7 and 8, are passing an expectant mother around. The plan starts with a pregnant rabbit, whose blessed event is reportedly foreseeable.

The first member who was given the "hot spot" care of the animal, sells five tickets and then passes it to another member of the group who must sell another five tickets before he can rid himself of the big responsibility.

A similar campaign is underway in Oregon City, as part of a membership drive of the Jaycees, there.

SPORTS BOG DOWN

Happenings on the sports front were minor last week with the between sports inactivity prevailing. Although the Hill relays is but two weeks away, track practice was reduced to a minimum because of the consistent dropping of rain pellets. Cindersmen are slowly but surely undergoing the transformation from humans to ducks.

Baseballers are beginning to get their tails in knots as they eagerly await a chance to get into shape. They have been stymied for some time and all that can be done is a little throwing. As soon as the lake drains from the ball diamond practice will begin in earnest under Coach Gene Duncan.

One thing sure is the fact that Old Man Weather is making no bones about his apparent dislike for sports and he is doing a good job of clamping down on the pastime. What a stubborn man.

The masters of swish and swat are focusing attention on future matches as they tune up their strings. A call for all potential tennis players was made last week. Lettermen returning from last year who intend to continue "swinging along" are Bob Hunt and Betty Hiekethier.

ORANGE NUMERALS

Coveted basketball numerals were dished out by Coach Gene Duncan last Friday in assembly to 11 cagers. Although the squad struggled through a 23 game schedule with little success, "Dunk" pointed out that practically the entire roster will return for action next year and he expressed hopes of a bright future.

Those receiving letters were: Duane Rasmussen, Jack Cox, Dick Lalli, Gordon Kemmer, Al Davis, Denny O'Donnell, Chuck Hulings, Bud Boyd, Norman Haines, Larry Fischer, Bryan Walker and Manager Al Byrd.

STRICTLY TOUCH

It was strictly a runaway. Marjorie Robinson, sophomores, proved to be the class of all keyboard pounders as she swept to the championship in the accuracy typing contest in Mrs. Ann Elliott's beginning class. Marjorie totaled 728 points while Mary Lou Shannon accumulated 462 for second place. Runner ups were Eileen Fricks, 420; Joe Rigert, 359; and Edith Van Kleek, 299.

Bernice Hamel snatched top rating in the advanced class with Virginia Talbert coming in second. Pins were awarded the winner and runner-up.

ANNUAL WINDS UP

Everyone is happy on the Annual staff front. They met their deadline, the Annual has gone to press, and all that remains is distributing them in May. Many hours of headaches and labor went into the publication, but it's all past but probably not forgotten yet.

LOOK BACKWARD

Birds of a feather flock together. So do Beavers every so often. Last week Joe Gervais and Caroline, Talbert, graduate of last year, came back to the old roost for a look see. The two were visibly impressed by the magnitude of the student body, but to Joe it seemed as if "the football players look like pigmies."

Because of the death of a relative, Barbara Burris is going to Florida for about a month, likewise leaving school for a few weeks is David Porter, who intends to travel to California.

NO BOXTOPS REQUIRED

Sales are falling down, paper is getting stale, and so are the staff members, so a Hummer contest is now in full swing. The contest involves completing limericks that come out each day. Daily as well as a grand prize will be awarded the winners. Winners will appear in the next Hummer, which, coming out next Wednesday, promises to be a foolish paper due to the April fools working on the issue.

Telephone installation men have a popularity rating that's absolutely tops today. Although they have already installed a record number of new telephones, the demand still keeps up at a tremendous pace. They are working at full speed to fill requests for service. Of course, we all hope they'll be popular for other reasons when telephones can again be installed without delay.
