

BARNES School Notes

TWO FISHING TRIPS

Gene Walters and his father, H. C. Walters, went fishing at the headwaters of the Salmonberry river Saturday. They caught seven fish of eight-inch length.

Harry Hendrickson and his father D. S. Hendrickson also went fishing on the Salmonberry river. Although both parties were in the same general territory neither saw the other. Six deer and two beaver were sighted by the Hendrickson party.

BASEBALL GAME

Barnes school baseball team will play that of McKinley next Friday, May 7, on McKinley field.

BASEBALL OPENING

Jeri Hanson and Marlene Christenson were Rita Stone's guests at an opening practice baseball game of which her father was umpire.

BUILDING

The flooring in our new building is laid. The baseboards and ceiling moldings are being put in. Suzanne Templeton, 8th gr.

BEACH TRIP

H. C. Walters and family went to the beach recently, and they saw a dead sea lion that had washed up on the beach during a storm in the night.

RUN-AWAY NAG

Several Loomis children and friends caught a run-away horse Sunday. It is sorrel in color. They cornered it on a dead end road and one of the boys took it home until they find the owner.

NEW STUDENTS

There are two new students in Mrs. Champas' room. Their names are Colleen Steele, fifth grade, and Kent Steele, third grade. They are living in Cedar Hills and have recently moved from North Hollywood, Calif. They enrolled Monday, April 26.

NEW BUILDING

All the windows of our new addition are installed and the plastering is finished. The ceiling crew is about half finished putting on the "audiotone", a material similar to Firtek. It is white, one inch thick and is slotted to absorb sound. The flooring is now being laid.

MOTION PICTURE

On Friday, April 23, our school had a film called Alaska's Silver Millions. The film told about Alaska's wealth in fishing and other industries. The film also showed how icebergs were formed, both above and below water.

TRIP TO ALASKA

Mrs. Champas, the intermediate room teacher, told about her experiences in Alaska and in the Aleutian Islands. She said to get to the northern part of Alaska from Seward to Wiseman took eight weeks and on her way back it only took five hours to travel from Wiseman to Anchorage by airplane. She went over Mt. McKinley and described it as a series of ice and snow ridges.

The Eskimos speak better English than many Americans because they have been taught by missionaries or teachers and never learned slang. The Eskimos are good in arithmetic, art and handicrafts but usually poor in science. One time Mrs. Champas broke two fingers when trying to control an excited dog team.

Snowshoes are standard equipment. Each child has an assigned place for his snowshoes during school hours.

May 28 is the tentative date set for the graduation of Suzanne Templeton and Gene Walters. Mesdames B. S. Templeton, H. C. Walters and M. M. Brown will be an advisory committee to help the principal, James Becker to plan an appropriate program for the occasion.

George H. Berg, Albert Dal-

mann, and M. M. Brown were nominated for the auditing committee.

Mr. and Mrs. George Thompson were named co-chairmen for the annual school picnic for closing day of school June 11.

The softball game which was played between the Cooper Mountain and Hazeldale schools didn't turn out so good for Cooper Mountain. However, with more instruction and practice, the boys will be able to make a better showing in their next game.
