More Beautiful to live with...

Come to our house. See how our old rugs and furniture have actually taken on new life. We had them Duracleaned.

For economy and convenience... have your upholstery and floor coverings Duracleaned by experts, right in your home. Watch the unusual care with which these craftsmen beautify your furnishings.

Duraclean means your fabric lasts longer because this modern, safe cleaning process avoids strong soaps and chemicals which so often harm the dyes or fabric. Longer life too, because there is no wear, no breaking of fibers caused by machine scrubbing.

This patent protected service is recommended by America's leading furniture and department stores.

Embedded dirt and grit are first removed by "deep suction." Many cleaning methods leave enough dirt-laden soap in your rug and upholstery to cause "matting" or "rapid resoiling." Duraclean avoids this.

The mild aerated Duraclean foam loosens and absorbs sticky soil and stains, holding this grime in suspension above the surface until removed.

No noxious fumes! Duracleaned fabrics are dry in less than a few hours. Special ingredients re-enrich wool fibers. Rug pile unmat and rises. Colors revive. Your fabrics are left clean, fresh, enlivened... your home is more beautiful to live with.

Duraproof—if you wish, you may at the same time have your floor coverings, upholstery, clothing or furs Duraproofed. You have 4 years protection against damage from moths and carpet beetles. Also protects against mildew. The annual cost is lower than applying less effective moth solutions yourself. Have your fabrics Duraproofed today—before damage develops.
