Tourists Slow; State Motorists Speed Roads Use

Oregon motor vehicle registrations have climbed to a total of 549,671 cars, trucks, busses and motorcycles for a new all-time high at the mid-year point, Secretary of State Earl T. Newbry, has announced.

Registrations for the first six months of the year are 10 percent higher than the total for the same period in 1947. More than 12,000 additional vehicles were registered in June. Passenger cars, now listed at 418,198, accounted for the greatest share of the increase Newbry said.

The gain in Oregon-owned vehicles is believed to be offsetting the reported slump in tourist travel to produce the heaviest summer traffic volume in the state's history. Total car mileage figures, based on gasoline consumption are running approximately six percent above the total for last year at this time. June travel claimed 42 lives, over three-fourths of them lost in rural area smash-ups in which the highway speed was the major death-dealing factor.

DINNER GUESTS

Mr. and Mrs. Lewis Owens, N. Portland, were dinner guests at the E. L. Miller home July 18. Mrs. Owens is a sister of Mr. Miller.

TRUCKS FRESH FISH

Henry Jakobson, Route 1, Beaverton, left last Monday, July 26, for Astoria to take on the job of trucking fresh salmon and tuna to the canneries from the fishing boats along the coast.

TO OREGON BEACHES

Mrs. Floyd Price, Huber Ave., and Mr. and Mrs. Ray Cavanaugh, Portland, made an extensive tour of the Oregon beaches last Thursday, July 22. Coast resorts included in their travels were Astoria, Seaside and Manzanita.

Prior to Mrs. Price's trip, Mr. and Mrs. James Crockwell, Mr. and Mrs. Ceril Lowmery and Mrs. George Sharp and Sandra all of Portland made a surprise visit to her home on July 18. Little Sandra is the girl that Mrs. Price took care of for a year some time ago and expects to have her again for a short time this year.

Regular Army Enlistments Yet Await Recruits

The rush of 18-year olds to Army and Air Force recruiting stations to apply for 12-month enlistment and reports of limited quotas for that short term being filled so speedily, are believed to be the basis for false rumors that all Army and Air Force quotas are now filled. T-Sgt. William A. Bond of the Washington County Recruiting Office, at Hillsboro, declares.

Many young men calling at the recruiting office have been surprised to learn that regular enlistments for three-year periods are still open.

It is reported that a number of teen-age youths prefer the regular enlistment, where they have a choice of technical schools and branches of service providing they volunteer before the actual induction gets under way.
