Walnut, Filbert Grower Program

Division of the two-day program into a "Walnut Day" and a "Filbert Day" will feature the annual tour of the Nut Growers Society of Oregon and Washington on August 25 and 26 this year, announces C. O. Rawlings, O.S.C. horticulture specialist and secretary-treasurer of the society.

All persons interested in the nut industry are invited to take part in either or both days of the tour. Starting time will be 9:30 both mornings.

Meeting place on August 25—"Walnut Day"—will be the Phil Blake walnut orchard located one and one-half miles west of the Keiser school on the North River road north of Salem. The second day of the tour—"Filbert Day"—will start from the Harry Pearcy filbert orchard located northwest of Salem.

Rawlings says the two day program includes visits to walnut and filbert orchards where results of fertilizer treatments, irrigation, tree thinning, insect and disease control work will be viewed.

Included among the walnut holdings to be visited will be the Beaver Island Fruit Acres, Salem; and orchards owned by Phil Hawthorth, Newberg, and Virgil Myers, Tigard. Filbert orchards owned by Joe Ryan, Gervais, and R. R. Bibby, Lake Labish, are also included.

Because of the difficulty in filbert moth control, Rawlings says that problem will receive special emphasis. Stops on the tour include orchards where filbert moth has been a serious problem in past years, but where through spraying and dusting the insect is now being controlled. At the Blake orchard, growers will have the opportunity to see the effectiveness of dust control of walnut blight on large trees.

Response to progressive tree thinning over a period of years will also be viewed in both walnuts and filberts.

Frats at U. of O. Set "Rush Week"

Rush week for fraternities on the University of Oregon campus has been announced by the Interfraternity Council for September 5 to 10. Twenty-one national fraternities, members of the council, will co-operate in the event.

Eligibility for participation in rush week is dependent on scholastic standing, according to Vergil S. Fogdall, associate director of student affairs. Freshmen must be in the upper two-thirds of the entering freshman class, and those students who have previously attended a college or university must have a cumulative grade point average of at least 2.00.

Information may be obtained by writing Mr. Fogdall, Emerald Hall, University of Oregon, Eugene, Oregon.
