From where I sit... by Joe Marsh

Yes Sir, Insomnia's Contagious!

When Bud Swanson had trouble sleeping nights, and tried to get over it by turning up the radio full blast, he started an epidemic of insomnia all down the block!

Folks finally dropped a hint to Bud that he close the windows or turn the radio a little lower. Bud did—and that was the quickest cure for other folks' insomnia I've ever heard of!

Not that any of us object to the radio, or swing bands, or anything else that helps another person relax of an evening. (Myself, I like

a glass of beer with a bit of cheese before I go to bed. I can't speak for you.)

From where I sit, good neighborliness means nothing more than simply respecting the other person's tastes and rights—without forcing your own tastes or opinions down his throat. And that goes for Bud's radio, my glass of beer, or whatever temperate pleasure you happen to enjoy.

Joe Marsh
