STAGE LINE REFUTES RUMORS OF SERVICE DISCONTINUANCE

CEDAR MILL—At the community Club meeting, Wednesday evening, April 13, at the school, a report by Mr. Claude Cover on schoolground improvement, stated that the school property had been surveyed and a contour map will be ready for the next meeting. It is the purpose of the committee to lay out a plan for a recreational area on the school ground. The property under scrutiny is still undeveloped as a playground.

According to word received from the Tualatin Valley Stages Inc., the rumor of discontinuance of bus service is false. However, a re-routing program over Leahy Road is being considered. It was promised that those east of Cornell would continue to have service.

Mr. Torbet stated the improvements on Cornell Road are apparently out for this year. It was suggested that pressure be brought to bear on our District Senator and Earl Fisher of Beaverton, concerning stop lights at Sunset Highway and Murray Rd. and Cedar Street in Beaverton. Rev. Spencer officiating.

The club voted to sponsor a 4-H scholarship to summer school at Corvallis for a boy or girl in this vicinity to be chosen by the committee from the Extension Unit.

A wireless recording program proved entertaining. It was composed of interviews at the homes of various club members with V. C. Miner in charge as the roving reporter.
