Campfire Girls Note Democracy As It Operates

To the Editor:

One of the exercises in Democracy which the Camp Fire Girls have had to do is in connection with our theme, "Make Mine Democracy" is to write an editorial. It has thus become my job to write, after first discussing with the girls the subject of the editorial.

How wonderful it is to live in a country where we can say what we please and even send our thoughts to a newspaper to be printed! We hope all the girls learn to appreciate these little things which make our country great.

It was suggested that we discuss some need of Camp Fire. Our great need is for a building for all the activities of Camp Fire Girls. The need must be just as great for Boy Scouts, Girl Scouts and 4-H Clubs. Since the school is crowded we find it hard to have guardians meetings parties and other activities.

Perhaps if the other clubs such as Boy Scouts, Girl Scouts and 4-H clubs would join together, with the Camp Fire Girls to get one building for all children of Beaverton we might be able to

get a building worthy of Beaverton.

Another need of the Tandra Camp Fire Girls is to say "Thank you" to many people who have been our friends. We thank Mr. Hassell who is never too busy to hear our plans and advise us and help us.

We are thankful to Mrs. Holmes who although she isn't the assistant guardian has helped in every way she has been able.

Then there is the wonderful lady of Camp Fire, Mrs. Wilhelms and her daughter Pat. They are the ones who help us out when we are really stuck. We thank them for their help. We can always count on Mrs. George Martin, too.

We owe a big debt of thanks to the Beaverton Enterprise for printing our news stories. Children like to read about their activities and have their names in the paper.

I am reminded of a girl I knew who was brought up in a children's Home. She told me that the school paper carried the news of any wrong doing of any child and a description of the punishment. She said the children tried to get their names in this paper and did anything wrong to get it there. They were proud of severe punishment.

I believe this small town paper is doing a great job in helping form good character in the children by printing the stories of their activities. More power to you and our thanks.
