Resolution Hits PUC Approval of Rate Increases RESOLUTION

Whereas:

The prices of farm products have shown a steady decline for a number of months and net income is at a point where many farmers are confronted with the necessity of leaving their farms or seeking supplemental employment.

Whereas:

The Public Utilities Commissioner of Oregon has recently granted substantial increases in rates to many power communications and transportation companies without regard to general trend of lowering prices.

Therefore:

Be it resolved that we, the Washington County Farmers Union go on record as opposing this action of the Public Utilities Commissioner in increasing rates. And be it further resolved:

That we press our efforts for the direct election of the Public Utilities Commissioner by the people instead of appointment by the Governor, and that copies of this resolution be sent to the Governor, to the Public Utilities Commissioner and to the press. Passed and Adopted June 25, 1949.

CALLING ALL MOTHERS

SALEM, ORE.—My folks could have headed this off, said the prisoner. It was back in the early days when men were hung for murder and now as they brought the rope, the man added—As a small boy I began by stealing little things until today I hang for murder.

Your kiddies can also go on down from the little sins to the big. For they also are sinners by birth. Their sin nature has come on down to them from Father Adam, our first parent, for—IN ADAM ALL DIE—BIBLE. Yes, all of us sin and earn Bible death—eternal separation from God.

MIRACLE—When your kiddies hear and believe God's word, that the blood of Christ has blotted out all their sins, then the miracle. God then gives them new birth into eternal life. They are then born again, born from above, born of God. See John 3rd.

Many a tot senses its own sin nature and is comforted by the love of Christ who said—Let the little ones come to Me for of such is the kingdom of heaven. See Mt. 19:14. The Japanese nurse, hearing of God's love and the salvation by his Son, said—"I thought there ought to be a God like that but I didn't know." And do your kiddies know?
