Short In Europe Seed Purchase

Curtailed demands for U. S. seed in Europe because of increased supplies and a shortage of dollars are reported in a special study made by George C. Edler, statistician of the department of agriculture. The report is based upon a first-hand study of field and vegetable seed production and demand, conducted last year under the Research and Marketing Act.

The European Recovery Program has stimulated European purchases of U. S. seed, the report says, but certain countries are spending scarce dollars on other U. S. exports they feel are more urgently needed. The quantity of seed exported to Europe, however, could be greatly increased, Mr. Edler states.

European countries have provided a market for significant amounts of field and vegetable seeds produced in this country, and seed shipments during and immediately after the war contributed heavily to European food production. Europe also has been an important source of certain U. S. seed imports.

A good attendance and well planned program after which delicious refreshments were served.

CARD OF THANKS

We wish we could personally thank each friend and neighbor who so kindly offered hospitality and contributed to our many and varied needs, when our home burned July 4th. As this is obviously impossible we take this means of expressing our deep appreciation for all your many kindnesses.

Mr. and Mrs. Merle Stedman and family.
Mr. and Mrs. Edwin Hjelseth and family.
Mr. and Mrs. Eugene Stedman.
Clyde and Mary Hargrave.

TRADE LANES

Ed Hill, general manager of the Mt. Hood Supply Co., which has taken over the Vincent Lumber Co. in Aloha, will be assisted in running the business, by Bernard McQuinn of Aloha. Hill is from Portland and was formerly with the firm's other location at S. E. Division and 83rd street.

On his way back from a two-week trip to Nebraska is Carl Nelson, manager of the Beaverton Safeway store. Carl and his wife and their three children are originally from Omaha. Like the proverbial postman on his vacation, Carl said before leaving Beaverton, that he would get to see what the Safeway stores in Omaha were doing.

Another vacation returnee (guess we've coined a new word) is Marble Cook of Beaverton Hardware who shuffled in last Friday night from a jaunt tour of the southwest. Terry's Furniture are now giving profit sharing stamps with all purchases, redeemable at the store.

Apologies to the many shoppers who responded to the MODE'S Beaverton Day advertisement offering slippers, brunch coats, skirts and shorts and halter sets for \$1 when the correct price should have been \$2 (most items were reduced from \$3.95). It was our mistake and our advertising department has a mighty red face as a result.
