Odds and Ends of Council Meeting

SIGN OF TIMES

Local signs of the times, which focus pro and con statements as to the national prosperity, were reported to the council in the matter of unpaid water accounts.

One overdue account of \$25.10 bedevilled the city hall office force. The water user so indebted is out of work and could only muster \$5 to pay on account.

Other cases are reported of people moving out, not settling their water bills and leaving no forwarding address. Council took no action on the situation but official suggestions are to raise the water deposit. Unpaid bills of the department, by custom, will result in cutting off the service.

TO TAX OR NOT

To the attention of city fathers came the matter of the Showboat Tavern, newly risen, and its shuffleboard activity.

After much discussion as to how much tax should be put on the device, the council decided that shuffleboards are comparable to pool tables. No tax on pool tables, other than the usual occupation tariff, so no tax, at the present time, of shuffleboard was the decision reached.

BROKEN STREET LIGHTS

The continuing fad of breaking street lights is adding jeopardy

LEGAL NOTICE

Notice of Intention to Improve S. E. Hall Street

NOTICE is hereby given that the City of Beaverton, Washington County, Oregon did on August 8, 1949, adopt a resolution declaring its intention to improve S. E. Hall Street by regrading and applying leveling course of rock and paving with bituminous asphalt hard wearing surface, and establishing curbs on each side of Southeast Hall Street. Said work to be done by contract method or by combination of part contract method and part by the City Street Department; sewer water mains and storm sewer to be installed before said street is improved.

It is further resolved that the cost of said improvement be assessed against the abutting property owners as provided by ordinances and the Charter of the City of Beaverton.

It is further resolved that written objections or remonstrances to the said street improvement may be filed on or before 8:00 p. m. August 26, 1949, at which time there will be a hearing of objections by the City Council.

All interested persons are hereby notified to appear on or before said date and make any and all objections or remonstrances that they may have to said proposed street improvement.

Dated at Beaverton, Oregon, this 11th day of August, 1949.

Publication dates August 12-19, 1949.

J. E. Paddock,
City Recorder.

and discomfort to residents of the city. Case in point is at 13th and Lombard where, for almost a month, it has been pitch black, because of the sharpshooting proclivities of someone.

City superintendent relates that some weeks there are as many as 7 or 8 lights put out of commission. In addition to being an unnecessary drain on the city coffers, lack of light makes it even more difficult to get around the torn up streets and sewer ditches.

ADD NAME OF PRATT

Definitely "hot around the collar" in his pleas for getting the sewer picture immediately sewed up, by installation of stubs from mains to property line was a citizen named Pratt, who wanted to be identified to the meeting.

"I was in that horde of citizens who descended on the council, as reported in last week's paper," he declared. "You can call me Mr. Pratt!"

Although the number of citizens interested enough in the working of city government to be present had dwindled by almost half, vocal outbursts were still in order.

PEG THAT RUMOR!

Rumors will arise.

One supposition, which has gained proportions by reason of its circulation, falsely declares that \$1 permit must be paid by property owner before the "Y" will be installed in the sewer main in front of property.

Truth, to nail the rumor, is that the \$1 permit has nothing to do with the "Y" nor the cost of connecting the house with the sewer main. It is an inspection fee which will pay for inspection of the connections made.

As to installation of house or building sewers—that's the hottest item on the agenda at the present. And it hasn't been settled yet!

POLICE CAR BIDS

The council has moved to advertise for bids on a car to be purchased by the city for police use. Make is unspecified in the bid but it must be a light car, probably of the Ford-Chevrolet-Plymouth category.

On the matter of expense account to Henry Mayfield, chief of police, the slash of last week to \$25 was rescinded and it now appears that \$50 will be restored, pending the purchase of a city car.

LEAVING FOR HOME

Mrs. Louise Thompson, daughter Carol Ann and son Douglas of Fresno Cal. who have been visiting her sister Mrs. Guy Carr and parents Mr. and Mrs. Anderson of Seaside, will soon be leaving for home.

ON SUNDAY VISIT

Mr. Stafford and Dick Miller of Oregon City spent Sunday with their folks.

Daylight Sure

We lay ourselves down to sleep sure that to-morrow will come. And well may we be sure since God pledged it. Said he—While earth remains, seedtime and harvest, cold and heat, winter and summer and day and night shall not fail—Gen 8:22. And just so God pledges Judgement Day, for—It is appointed to man once to die and after that the Judgement—Heb.9:27. What like—I saw the dead small and great stand before God and the books were opened and another book was opened which is the Book of Life and whoever was not written in the Book of Life was cast into the Lake of fire—this is the Second Death—Rev. 20:12-15. And God would have you in the Book of Life with judgement out—For God so loved you that he gave his Only-Born Son that if you should believe on Him, you should not perish but have eternal life—John 3:16.

Said HENRY P. CROWELL, Pres. Quaker Oats—"Did I utterly love God and fellowman? That was the test that brought me to Christ as my Saviour and later to His becoming my Lord. Since then life has been glorious."

If you would newspaper the Gospel into homes where you yourself cannot go, would be pleased to hear from you. Write me—

Filbert Growers Schedule Study Of Market Setup

A reminder to filbert growers in the states of Oregon and Washington that a public hearing is scheduled for August 15 in the new Journal building auditorium, 800 S. W. Front street, Portland, Ore., at 9:30 a. m., to consider a proposed marketing agreement and order, was issued today by Palmer S. Torvend, county agent.

Any filbert grower who failed to receive a copy of the proposed agreement by mail may obtain one at the county ACA office located at Hillsboro, or from the office of the county agent of the agricultural extension service, Torvend said. All growers are urged to attend the public hearing, where any interested person may offer testimony in support of, or opposition to, the proposed program.

At the hearing, consideration will be given among other things, to establishing under the proposed agreement and order, pack specifications relating to grade and size requirements for unshelled filberts. Minimum standards of quality designed to prevent culls and offgrade filberts from being marketed as unshelled nuts, will also be considered.

Under the proposal all filberts marketed in unshelled form would be required to meet pack specifications and minimum standards. Federal-state inspection would be required. Marketable supply of merchantable unshelled filberts would be adjusted to demand each season, by establishing a salable percentage applicable to each handler's transaction. Surplus filberts would be shelled or exported.

The proposed program would be administered by a seven-man board selected by the secretary of agriculture from a list of nomi-

BEAVERTON ENTERPRISE—Friday, August 12, 1949

ees submitted by the industry, and would serve for a one-year term.

To obtain funds for operating the program, handlers would be assessed at the rate of two-tenths of a cent for each pound of unshelled filberts marketed.

LIFE OR DEATH

The traffic and transportation commission points out that traffic courtesy is not just a matter of manners—it may be a matter of life or death.
