Iowa Pays State Bonus To Vets;

Iowa World War II bonus forms are now being distributed, the Oregon Department of Veterans' Affairs was informed this week, but eligible veterans must write direct to Iowa to obtain them because "bulk distribution of forms is not being made beyond the borders of Iowa."

A letter from the Iowa bonus agency advises veterans to write the World War II service compensation board, Des Moines, for the necessary blanks, giving their full name, serial number and branch of service.

Next of kin of deceased Iowa veterans should request Form No. 2, and state their relationship to the deceased.

The Iowa bonus pays \$10 for each month of domestic service and \$12.50 for each month of foreign duty, up to \$500, to veterans who were residents of Iowa for at least six months prior to active duty in World War II, and who served a minimum of 120 days

between Sept. 16, 1940 and Dec. 31, 1946.

The surviving unmarried widow, children or parents of a veteran who died of service connected causes incurred during the war period may receive the \$500 maximum payment. If death was not due to service, the survivor is eligible to receive the amount the veteran would have been paid had he lived.

Active duty under the Iowa bonus law includes all time for which credit was given a veteran in computing his terminal leave, so former enlisted personnel should list in the appropriate space on the application blank the number of months and days for which they received pay under the armed forces leave act of 1946.

For assistance in writing for the application blanks or in completing them after receipt, see your county veterans' service officer, your post or chapter service officer, or contact the Department of Veterans' Affairs at 305 State Library Bldg., Salem, Oregon or 415 S. W. 11th Ave., Portland, Oregon.
