## RESORT IN THE MAKING

An extensive resort is in the making at Cottage Grove.

The SENTINEL supposes, on the strength of a bare statement made at presstime, that award of a \$45,340 contract for constructing public use facilities at three locations on the Cottage Grove dam on the Coast Fork Willamette river will mean rest room facilities, comfort stations and camping facilities at the beach, across the road from the resident engineer's residence.

The dam construction has made a vast lake toward which many have looked longingly as the site of a future recreational area.
