DANGER FLIES A KITE

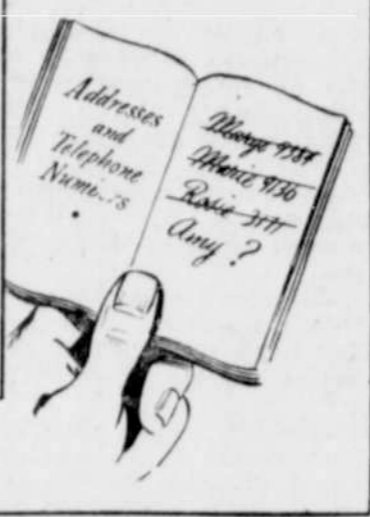

In St. Helens, Danger flew a kite recently and it was only great luck that some youngster wasn't electrocuted.

The SENTINEL MIST showed a picture of a metal-framed kite remains which caught in power lines. They were twisted and scorched.

The kite was not a home-made affair but of a commercial make. Its tangle with the power line cut off service and could well have spelt sorrow to the lad at the end of the string.

BE SURE—check the Telephone Directory before making a call

Telephone numbers, especially those recently learned or seldom used, have a way of getting mixed up in our minds. So why take chances on wrong numbers—you need only a second or so to check the telephone directory to make sure you are calling the right number. It always leads to better telephone service.

PTA BUYS EXTRA-CURRICULAR ITEMS FOR SCHOOL PROGRAM

SYLVAN—Mrs. Stuart Kerr, PTA president, listed the purchases for Sylvan School made in the last year: 4th grade rhythm band instruments, furnishings for the Teachers' Room, tape recorder, referee fund, two classroom radios, three storage cabinets for Youth groups, a microscope for 8th grade science class, framed prints of famous paintings for each classroom and finally a new piano.

After that imposing list no wonder the parents feel justly rewarded for all the effort put into the "Family Round-up" held at the school last fall.

YOUTH DEMONSTRATION
The April 11th meeting of the Sylvan PTA honored all the Youth groups, Cub and Boy Scouts, Brownies, Bluebirds, and Campfire Girls.

The Brownies sang their "Smile" song and were so proud of the results from the recent cookie sale. There were only twelve 2nd graders and their sales totaled \$75.00.

The Cub Scouts, from the 3rd to 5th grades, paid tribute to the Boy Scouts, who celebrate 40 years of club work in America this year.

The Bluebirds sang and gayly danced followed by a "Fashion show" of the Campfire Girls' uniform from Bluebird's flowing red scarfs to the tiny red bow tie of

the senior girls. Their camping outfit was displayed from tooth brush to flashlight and ceremonial robes resplendent in beads of all hues.

Boy Scouts demonstrated their wigwag flag system of conversation "beyond range of yelling".

Hand work of all the groups representing their skill in arts and crafts were laid out for the parents inspection.

Mrs. Arthur Green, a favorite 5th grade teacher is ill and will not return this year. Mr. Ralph Nelson, principal, introduced Mrs. Rae D. Richardson to take her place.

Mrs. Richardson is leaving her post of 4½ years as placement director in the Oregon Educational Association. She was principal of the Lake Grove School 11 years and altogether 26 years in the teaching field.

She has her B.A. and M.E. degrees from the University of Oregon.

NAME PLANS GO ASTRAY

With a girl's name ready, Mr. and Mrs. James Bozich of 1115 S. W. 57th Ave., had to change it to Daniel Lewis when he arrived at the Wilcox Memorial Hospital April 12th. Reason?

James Jr. and Jeffery wanted a baby sister, too.

Bike Accident's Kill 3; Injure Many Last Year

Bicycle-motor vehicle collisions killed three riders and injured 307 others in Oregon last year, most of them children, the state traffic safety division has reported.

Records show that the majority of such accidents stem from the bicycle rider's carelessness or disregard for fundamental traffic rules, the division said. Oregon law requires bicyclists to observe the same traffic laws as motor vehicle drivers, except those regulations which by their very nature cannot apply.

Despite the law, the division emphasized that motorists must not expect children riding bicycles to display the same degree of judgment and responsibility as adult automobile drivers. "Expecting the unexpected", it was pointed out, will help to offset a child bike rider's unpredictability in traffic.

Parents were urged to make sure their children know and follow these rules:

1. Keep bicycle to the far right of the street and ride with traffic.
2. Ride in a straight line without weaving or stunting.
3. Ride single file.
4. Do not carry passengers on bicycles.
5. Unless essential, do not ride at night. If you must, have a good light and reflector.
