4-H CLUBS SHOW ACHIEVEMENT ON OCCASION OF GRADUATION

By Mamie O. Hubbell

COOPER MOUNTAIN. — The Cooper Mountain school was overflowing with pupils, parents and friends at the graduation day exercises held Tuesday night, May 23, at eight o'clock. By 8:30, even the standing room was at a premium. A program was presented by the graduating class and the members of the 4-H clubs.

During the graduation program, the salutatory address was presented by Veronica Moore after which a skit was enacted. Darrell

Hendrickson played "Breezing Merrily Along" on the electric guitar. The graduation address was given by Mr. Stewart who conducted the mobilized bible classes on Friday afternoons during the school year. Mr. Maixner, the boy scout leader, presented the diplomas to the graduates. Cues were supplied when needed by Mrs. Grunden, the teacher of the 6th, 7th and 8th grades whose diligent drilling resulted in an exceptional program.

Graduating were Merlene Berg, Veronica Moore, Betty Lou Morris, Barbara Altig, Paul Mohr, Frank Neyes, and Ivan Moon.

Following the graduation exercises, the 4-H clubs presented their achievement program. The sewing club enacted a hilarious play, entitled "Beginning of an Idea."

During the first scene, a group of girls gathered to make doll clothes and met with various complications that resulted in some very strange looking attire.

In the second act, the results of their efforts were displayed to the audience with uproarious results and the girls decided to start a club that would teach sewing—thus began the first 4-H club.

Patty Hart rendered "I've Got a Pain in My Sawdust" with appropriate motions after which the health club made a mock broadcast over station "HYGN" demonstrating the rules for healthful living. Beverly Satterlee gave a satirical version of a rural auction entitled "Country Sale."

The sewing club then presented "A Night Out West," depicting a gathering of cowhands with appropriate props consisting of several bales of hay and an old fashioned lantern. All the girls were dressed in western style and sang western songs.

"Too Many Cooks" enacted by the cooking club, depicted the dilemma of a girl who had won first prize at the county fair for a cake she had baked. Thinking that if she had won first prize at the county fair by her own efforts, surely, with the help of her girl friends, she could win first prize at the state fair. She invited all the girls to help her. Each girl had a part in the preparation of the batter for the cake; one girl read the recipe while other girls performed the other activities in connection with the mixing. Gossip and cooking not mixing very successfully, the cake was a

PUPPET SHOW EPIC

A puppet play "Wagons Westward" was produced by the 8th grade at the final assembly of the Sylvan school year, May 26th, in the auditorium for the entire student body. All the puppets were made by the 8th graders except the two bears.

The class prophecy was read by David Redpath and Paul Kutz, the class will by Ed Kibbee and Phil McEwan.

The answers to everyday insurance problems*

By Leonard Adams

QUESTION: I understand there is a form of automobile fire and theft insurance which specifically states the amount of insurance rather than given as "actual cash value at the time of loss." Why isn't the specific value policy a better one for the average person to buy? At least you'd know exactly what you'd get in case of loss.

ANSWER: No matter what amount is stated in the policy, the insurance company will not settle for more than the actual cash value at the time of loss. No settlement will be made in such a way as to give the insured a profit from an accident or other kind of loss.

* If you will address your own insurance questions to this office, we'll try to give you the correct answers and there will be no charge or obligation of any kind.
