

Safeway Awards Belt Buckles

Walter Beas of 448 N. E. Ellis is one of the Safeway drivers who won a new belt buckle as an award for 11 years of accident-free driving. He was one of 14 Safeway drivers with a total of 100 good driving years to receive recognition.

The awards were made last Saturday morning at a breakfast held at Berg's Chalet in Portland. L. A. Blanton, Safeway warehouse operations manager, presented the belt buckles and Frank Lansburg, district director of the Interstate Commerce Commission, spoke to the gathering, following the breakfast.

Budget Checking Account Starts At W. Slope Bank

"The foot-weary man or woman who trudges around from one store to another paying the monthly bills in cash can now meet his financial obligations by going no further from home than the corner mail box," officers of The Commercial Bank of Oregon said today in announcing the bank's Budget Checking Plan account.

The plan, established in the interests of local residents who have never before been in a position to maintain checking accounts because of monthly service charges and the necessity of keeping fixed amounts of money in their accounts, eliminates both these factors and is available at extremely low cost, officers of the bank stated.

Accounts can be opened with a deposit of as little as one dollar and will continue in effect so long as they are actively used, regardless of the amount of money on deposit.

In announcing the plan, officers of the bank said that it brings the advantages of a checking-account service and a banking connection within easy reach of everyone, irrespective of the size of his income.

Emphasis was placed on the fact that depositors will not be required to maintain minimum balances in their accounts or pay monthly service charges. The program, bank officers stated, will now make it possible for thousands of local and near-by residents to pay their bills by check, budget their expenditures more closely by the use of check stubs, mail their deposits to the bank, preserve their cancelled checks as legal proof of payment, and facilitate the preparation of income-tax returns. The checks are printed on special safety paper incorporating a patented self-cancelling feature and are insured against specified types of fraudulent alteration.

The plan, functioning through a separate department of the bank, is expected to be one of its most popular services, officers declared.

IN MEMORIAM TO VICTOR T. LINDBERG

A gracious gentleman has preceded us. Beaverton knew him for only a few years but in that time, to those who had the privilege of knowing him, his actions were a lesson in kindness.

Never loud voiced yet he would vigorously defend the principles in which he believed. When a job needed to be done he was always willing to carry a bit more than his share of the load.

He had faults but they were the minimum requisite to leaving a real character. His name may not shine with the great in history but to his friends he was a man.

Since what we feel is, of itself, mute, words are the weak substitute we employ to convey our meaning. To his family we would say—You are indeed fortunate. You had him for many years.
