

## Noted In File Of County Sheriff

### GARBAGE DEPOSITS

Someone in a dark pickup, about 1 p. m., October 2, made a large deposit of garbage on Varnes road, much to the displeasure of A. M. Reid, Route 1, Box 145, Tigard, who made a valiant effort to snag the license number of the miscreant.

The effort of identification failed miserably. But a deputy sheriff, sniffing on the cold trail, checked over the garbage which was mostly light fixtures and wiring supplies and discovered a memo on a bill, "Ship to Service Construction Co., 92nd Halsey". The Sherlock sleuthing, however, was to no avail. No complaint was signed.

### WANDERING YEARLINGS

Po' ill ole yearlings. Got no home nor nothin'. So might say S. Bloedon, on Salzman road, Cedar Mill, who reports that two black and white heifers and one brown wandered onto his place and have resisted gentle hints to move along for a week previous to October 3, time of report.

Not only that, the animals succeeded in eating a good part of his garden (frost or no frost) and in walking all over his lawn. Bloedon attempted to find the owner with no success. He has been advised to keep the critters penned up until someone with a claim on them makes an appearance.

### CHECK GREW AND GREW

When Dick C. Grant, Route 1, Box 77, Aloha, cashed a check at the Golden West Market, on October 3, he didn't think that someone had slipped a pinch of Vigoro into his inkwell.

Yet imagine his surprise when the \$5 negotiable paper was circuitously returned to him, via his Forest Grove bank account, bearing the enlarged total of \$55.

The check which came home to him for roasting bore the signature of Dick Cornelius and the Baldwin Candy and Tobacco company, Portland, as endorsee.

It, since developed that the check had been given by the market to the candy and tobacco salesman, Mrs. Roy Cox, manager of the cold storage and grocery emporium said that when she paid for a consignment of goods with it the check was still made out for \$5—not having yet been subject to glandular enlargement.

The candy company, however, swears it had received the check on payment from the salesman at the \$55 level.

### INTERSECTION CRACKUP

The 1934 Plymouth sedan of Albert O. Burrise, Route 2, Sherwood, driven by John Tegarden Smith, same address, suffered left side, front and rear damage when it was smashed by a 1939 Plymouth coupe operated by Robert G. Montgomery, 3135 N. W. Luzon, Portland, in an intersection crack-up.

The coming together occurred at Lower Boone's Ferry road and the New Salem Highway.

Smith says he was traveling east of Lower Boone's Ferry road at about a 30 mph clip and had just entered the crossing when the other car failed to abide by the stop sign.

Montgomery alleged he was battling along at some 50 mph and was unable to stop upon noticing the signpost. The law cited him for his oversight.

### EMBRYO MICHAELANGELO

Bernard Ostroski, 531 N. E. Murray, Beaverton, remarks complete lack of enthusiasm over discovering the work of an embryo Michaelangelo on his premises, sometime on October 1.

Between 10 p. m. and 10 a. m. of this day, Ostroski relates, some one entered his barn at Route 2, Box 135, Beaverton, on Walker road across from Barnes school and broke into a locked room.

Whoever the paint-slinger was, he went about the mischief of throwing paint all over the room, as well as scattering tacks and nails and destroying a 50-foot measuring line.

Perhaps because he is still riled over the incident, he has not determined if or not anything was stolen.

### ON MISSING LIST

Reported as missing, on October 1, is Mabel Haverluck, age 27 years, 5' 4", 130 pounds, reddish-brown hair and blue eyes, who was last seen at home of her guardian, William Kohoot, Route 1, Box 64, Aloha, about a month ago, according to her mother, Mrs. Rose Haverluck, of Beaverton.

At time of the disappearance, the girl stated she was going to a show with a boy named Fred. But the guardian admits no knowledge of her whereabouts, although his granddaughter reports that Mabel gathered together some clothes and indicated she would probably go to either Eugene or San Francisco. She is believed to have had \$26 or \$28 on her person at the time.

### ATTACKS ON DOGS AGAIN

Whoever it is in Cedar Hills has an insane hatred of dogs, he seems to be working overtime at his fancy, reports Quentin B. Griffin, 285 Cedar Hills Block, Beaverton. A week previously, someone had

thrown acid on the pet dog of H. J. Huddenhagen, 750 Cedar Hills Block, Griffin reported on September 30. Although the dog was badly and painfully burned, he was not killed.

Less fortunate was the pet cocker of William Bond, 370 Douglas avenue, which was killed by poison of September 29. Neither dog had been considered bothersome by near neighbors and, as a rule, stayed at home.

A large, juicy, delicious bone was found in Griffin's yard and it is being analyzed on the suspicion of containing poison.

### RAIL SET AT \$3,000

Donald Albert, 20, P. O. Box 146, Aloha, was released September 28 on \$3,000 bail by Henry

Kurall, Hillsboro justice of the peace, following an auto accident which claimed the life of Fred Alpers at the intersection of 5th and Washington, Hillsboro, September 17.

Alpers was driving a 1946 Olds coach with an Arizona license.

## OEA Exec. Sect'y Tells Value of School Aid Bill

Cecil W. Posey, Executive Secretary of the Oregon Education Association, will speak on the "Importance of the Basic School Support Fund Increase" at the next Raleigh School PTA

meeting at the school Monday evening, October 16th at 8 o'clock.

The Oregon Education Association which Mr. Posey represents is a body set up for the financial betterment of all those employed in the field of education.

The Basic School Support Fund, 306 on the ballot, commonly referred to as the Children's Bill, is a measure referred to the people by the last legislature in an effort to meet the increased costs of school operation due to the increased enrollment. It will aid especially those districts needing relief from excessive enrollment out of proportion to their tax structure by providing a per capita increase of state support.

Mr. Posey, just recently returned from Lakeview and the Klam-

ath Falls area, has been traveling all over the state talking about the measure and clarifying it. Since this measure comes before the voters in November elections, we are privileged to hear a discussion of 306 and its influence on school operation before deciding upon it at the polls.

Mr. Tom Potter, Chairman of the legislative committee for the PTA, will introduce Mr. Posey.
