## Hubble Tells Personnel Of Defense Plan

**VOLUNTEERS NAMED  
IN AREA PROGRAM;

Appointment of key personnel for this area's civil defense program was announced by Director G. R. Hubble at a meeting in Beaverton's Kiwanis hall on Wednesday evening, January 10.

Hubble has named as zone commanders: Ray Clearwater, Ray Mueller, William Hall, G. L. Foege, Roy Briggs, Alden Oleson and D. C. Branstetter.

Other volunteer workers who accepted positions at the meeting were J. Arthur Young, assistant director; Archie Olson, fire department; Dr. Vernon D. Hansen and Dr. H. G. Sorenson, medical department; L. W. Short, communications; Thomas Smithson, water, streets, sewers, lights and power; Guy Carr, transportation; Charles Drew, education and training; and Mrs. G. F. D. Phillips, executive county director, addressed the group and stressed the necessity for preparation against varied forms of warfare as well as atomic bombing.

A large number of volunteers is needed, according to Hubble in his talk to the group, the director called for co-operation and willingness to serve.

On Tuesday evening, area workers attended a meeting in the court house at Hillsboro to study the state's plan for defense, only recently completed. The county plan will be set up according to State recommendations and in conformity with other counties.

Workers from this area were interviewed on radio station KFGF, Forest Grove, Wednesday, Jan. 16. This program, broadcast at 2 p. m. every Wednesday, is directed by Mrs. Denton Burdick and will release County defense information as well as inform listeners of progress in their own areas.

## 1st Security Bank Offers Decade Story

**LOAN AND DEPOSIT  
RECORD OF 10 YRS.  
SHOWS UP GROWTH**

Growth in population and wealth of eastern Washington county is most vividly demonstrated by a look at the gains in loans and deposits of the First Security Bank during the last decade. This bank serves eastern Washington county, Clackamas, Yamhill, Columbia, and Multnomah counties.

On December 31, 1940 this locally owned and managed bank's loans amounted to \$191,505.17—as of December 31, 1950 the amount of loans had increased to \$1,393,781.03 showing a gain of more than 600 per cent. During the same period, deposits increased from \$647,644.12 to \$4,740,478.89, or a gain of more than 700 per cent.

The year 1950 showed no reversal of the trend upward, for the bank gained \$730,925.22 in deposits and \$491,278.55 in loans. All is not profit in making the loans, however, for in addition to the 1-1/2 per cent interest paid on savings deposits, the bank in 1950 paid the Federal Deposit Insurance Corporation \$3,515.22 to insure each savings account and each checking account against possible loss up to \$10,000.

If the bank's phenomenal growth continues, December 31, 1960 should show deposits of 31 million and loans approaching 10 million.

## Red Cross Picks Leonard Adams Vice Chairman

Mr. Frank Brodersen, Forest Grove furniture dealer, chairman for the 1951 Fund Campaign for Washington County Chapter, American Red Cross, has appointed Mr. Leonard Adams as County Vice-Chairman.

Mr. Adams has an insurance business in Beaverton, is a member of Knife and Fork Club and is immediate president of that organization. Mr. Adams is also a prominent member of Kiwanis.

Bill Moore

Off for a four-year hitch in Uncle Sam's Navy, Monday night, was Bill Moore, for 1 1/2 years advertising representative of the BEAVERTON ENTERPRISE and the ALOHA NEWS. His first destination was San Diego, where he will undergo the rigors of "boot camp."

Bill is the son of Mrs. Beatrice Moore, 890 S. W. Hazel avenue, Beaverton. He also has a sister, Pat.

According to Navy recruiters, voluntary enlistment ended on the day of Bill's joining, a situation which is believed to have changed the plans of Earl Martin, Dale Greedvig and Albert Kluser, all of Cedar Mill, who passed their physical examinations and were to have enlisted with Bill, only to run out of gas enroute and arrive too late to make the last quota.

## Group Starts Campaign In Polio Behalf

**BPWC UNDERTAKES  
MARCH OF DIMES  
COLLECTION DRIVE**

Under general chairmanship of Mrs. Hazel Paxson, the Beaverton Business and Professional Women's club has begun the 1951 March of Dimes campaign in behalf of the National Infantile Paralysis Foundation.

A total of 150 miniature iron lungs have been liberally placed throughout the area, including Cedar Mill, McClain Village and Progress.

A meeting was dated for January 17 of the march of Dimes committee and the BPW council, for planning a benefit food sale and a booth in the First Security bank.

All groups of the area are asked to co-operate in the raising of \$60,000 in Washington county, by taking collections at all meetings and social functions. Contributions will be accepted by any in the following committee:

Mrs. Paxson, chairman; Emma Boyd, Mary Dean, Hildah Highbe, Gladys Strickland and Virginia Jenkins.

Mrs. Paxson urges all to adopt the slogan, "Give where you live," to their polio fund contributions. Only the money given in Washington county will be of any benefit to those of the county afflicted with the disease.

## A STATEMENT OF POLICY

Many persons in this community have been curious as to the policies of the new owners of the Pioneer Publishing company. What do they seek to do? What is their creed? What are their ideals?

In the months and years ahead we hope to provide all of those answers, not in written words alone, but in actions.

Meanwhile, it is fitting that we outline to you what we consider the requisites of a valuable, vital and healthy newspaper.

Any newspaper, worthy of the name, is a contradiction. A newspaper is at the same time a community institution and a business investment. Unless it is healthy in both of its halves, the whole being will perish.

A NEWSPAPER MUST be independent. It must be free of political or economic pressure, either from without or within its organization. Too often our daily and weekly newspapers have ceased to work for the common good and represent little more than a "propaganda leaflet" for a given political party or economic interest. When this occurs the readers lose their medium of objective information, lose the community leadership and free discussion to which their subscription entitles them and the paper becomes a business investment only.

This newspaper is, and will remain, free of any economic or political pressures.

A NEWSPAPER MUST meet high standards of editorial excellence, make-up and content. Oftentimes, particularly in the weekly newspaper field, news writers, layout men and editors become careless in the use of the language, in the handling of type and photographs, accept as routine the recording of trivial occurrences, become lazy in the ferreting out of the important, behind-the-scenes activity which will, in the course of time, affect the lives of all its readers.

This newspaper will not be content with recording the mere facts, but will seek to analyze and evaluate them so the reader may see their significance to the situation which they concern.

A NEWSPAPER MUST report the news of its area as it occurs, regardless of the persons involved. While a newspaper should seek to emphasize the wholesome achievements of its community, it is nevertheless the duty of its writers to record that which is news. It is not for the editors of a newspaper to judge in the recording of facts, whether or not one of its prominent citizens is involved in unsavory activities affecting the welfare of the people, but rather to record that which is so.

This newspaper will report the facts.

A NEWSPAPER MUST not be bigoted. As any democratic, christian citizen, worthy of the title, "American," a newspaper does not discriminate against a man because his skin is black, yellow or white, or because he is rich or poor, but considers only whether or not he is of good intent, character and ability.

This newspaper is an enemy of racial discrimination, snobbery, and selfishness.

A NEWSPAPER MUST support, lead and help develop its own community first. As a medium of information, entering the homes of the community, a newspaper must seek to improve the mental, physical and financial lot of those who support it. It must keep them informed that they may vote intelligently, it must seek to assist in the education of its people toward a more just and full life. It must never, meanwhile, become narrow and provincial, denying by ignoring it, the existence of the rest of the world.

This newspaper will support, and seek to improve Eastern Washington County and that portion of Multnomah County which it serves, and to show the co-relationship between its community and the rest of the world.

THE PUBLISHERS OF THIS NEWSPAPER BELIEVE THAT ANY CAUSE, MOVEMENT OR PROJECT WHICH WOULD IMPROVE THE LOT OF OUR FELLOW CITIZENS DESERVES OUR SUPPORT. IN THE SAME LIGHT, ANY RACKET, GRAFT, CHEATING OR EVIL WILL BE ATTACKED WITHOUT FAVOR.

—Ivan Smith

## Thief Breaks Into Doctors' Bldg. Jan. 10

**TUALATIN VALLEY  
CLINIC ALSO HIT  
BY NIGHT ENTRIES**

The offices of Drs. C. E. Herbert and David Mason, on Watson avenue at First, in Beaverton, were broken into between 9 p. m. January 10 and 7:45 a. m., January 11, with a net loss of one smashed glass door pane and about \$8 in fifty cent pieces.

The thief smashed a large hole in the south door pane and scattered glass the full length of the corridors, then he reached through to open the door. All the money taken from Dr. Herbert Mason's desk and apparently no other was ransacked.

No narcotics were believed missing and a suspect is under question.

On January 8, for the third time, an attempt was made to ransack the Tualatin Valley Clinic, 495 Canyon road but apparently the watchfulness of Henry Mayfield, Beaverton chief of police, foiled the night's work.

In this case, too, a glass door pane was broken enough to permit a reach through to open the door. A rock used in the operation was found lying inside.

Mayfield reported that he had checked the clinic half an hour before 1:05 a. m. and everything was in order. But at his next round, he noted the damaged door and tire prints on the parking area.

## Jim Tsugawa Takes Shrine Squad Berth

**FIRST BEAVERTON  
PLAYER COPS KUDO  
FOR AUG. 25 GAME**

By Kent Davidson  
Beaverton's Jim Tsugawa, four-year football letterman and twice TYV All-Star, has been named to the State squad of the fourth annual City vs. State Shrine All-Star high school football game, scheduled for August 25 in Portland's Multnomah stadium.

The diminutive backfield ace is the first Beaverton player ever to receive the honor.

The TYV league is well represented this year by four choices on the 27-man squad. The other three, named along with halfback Tsugawa, are end Dick Van Lom of Hillsboro and guards Ray Straight of Oregon City and Cliff Engel of McMinnville.

The Portland All-Stars now hold a two-to-one edge in the series. The Up-Staters won the inaugural in 1948, 35-13, but the Portland team won the next two games in succession by scores of 8-0 and 19-0, respectively. Both squads look very strong this year and the contest promises to be a real thriller.

Mrs. Charles Drew is in charge of the exhibits and reports that there is still time to arrange for more hobbies. Anyone in the area wishing to display a hobby may call her at Beaverton 3651.

Among the hobbies to be displayed will be textile painting, leather work, stamps, salt and pepper shakers, dog figurines, match cover, ceramics, cub scout handicraft.

Also in keeping with the trend of the program will be several musical numbers by Beaverton's hobby orchestra. This group, composed of 20 Beaverton residents, is directed by "Snap" Gilmore.

Property considered benefited is the entire frontage on a sewer line, to a depth of 100 feet. On corner lots, the first 100 feet back, from the corner, is exempt.

C. Bryan Walker, city recorder, compares the assessment of \$4.05 per front footage on his property in Portland with the Beaverton per front footage assessment of \$1.80.

Total cost of the system is set at \$441,509.82. Of this there remains to be assessed a total of 9,939,399 square feet at .018, or \$178,809.82. Side sewers, individually paid, amount to \$37,700, at \$50 each for stubs.
