PAINLESS PROCESSES IN DENTISTRY

DR. W. A. WISE

OUR METHODS of crown and bridge work, of devitalizing nerves, of extracting teeth, are positively painless. Formerly to have a tooth extracted meant to a sensitive person, a day's illness in bed from shock after the tooth was out. To "Kill" and remove a nerve was days of torture, while the devitalizing agent was acting. We avoid all that. Dental science has advanced, and we extract teeth entirely without pain or bad after effects. Our process of devitalizing exposed nerves is ABSOLUTELY PAINLESS.

FROST HURTS FRUIT CROP

Reports have been received relative to the frosts occurring along the Snake river during the past week. These show that the peach and cherry crops have suffered considerably. The fruit has been killed out in spots. It is estimated that the damage to the peach crop in certain localities is fully 50 per cent. Cherries have suffered a loss of at least 25 per cent.

In more favored places, where the trees have been partly protected, the damage runs from 15 per cent upward. The general condition, however, of fruits is good. Along the Columbia river orchards are in full bloom. The fruit is quite advanced in the Grand Ronde and Walla Walla districts.

GOOD FOR SIX BITS.

Each Moyer Clothing Coupon is Worth the Money.

The coupon sale of clothing at the Moyer Clothing Company, Third and Oak streets, is proving a great success. It did not take many days for mothers to see that here is a way to save definite money on purchases of clothing for their sons. They clip out the coupons from the Moyer clothing ad. in The Journal, and each one is worth 75 cents when used at the store mentioned in paying for a suit of clothes.

It is just the same as money in paying for a man's suit or a boy's suit. The sale will continue today and tomorrow. The ad. appears in The Journal today. Everybody intending to get a spring or summer suit had better take advantage of this chance to save money. The Journal takes special interest in such sales, for it is a new departure in the selling line, and not only brings immediate returns for the advertiser in this paper, but gives all readers of The Journal a chance to save the price of about two months' subscription. This is true enterprise, and the shrewd shoppers of the city are proving themselves alive to plain snaps of this kind. It is like finding money. The readers of this paper may expect many similar surprises in the future. Keep your eye on The Journal's columns and you will profit and save money. Just now, cut out the Moyer coupons and take your trade there.

OREGON CITY.

(Journal Special Service.) OREGON CITY, April 18.—The candidates on the Citizens' ticket will start the campaign at Oswego tomorrow night, when county affairs and taxation will be presented. Chairman J. J. Campbell and Secretary Tom P. Randall, of the Republican County Central Committee, have called a meeting for next Wednesday, to arrange the preliminaries for the campaign. Each set of candidates will likely visit each precinct in the county as distinct bodies, and as the Citizens have already begun their campaign, it is not believed any challenges will be made for joint discussions, on their part. A good crowd greeted the First Monument Fund entertainment given by Mendel Post, G. A. R., last night at the Williams hall. The principal speaker of the evening was Daniel Drew, an ex-negro slave, who was followed with short addresses by State Senator George C. Brownell and Hon. Charles B. Moores. Mrs. E. H. Cooper sang a solo. This is the first move made by Mendel Post toward erecting a monument on the cemetery lot presented it by the city. Dr. William A. Hulras of New Era has received returns from a choice lot of Burbank potatoes shipped to San Francisco. The shipment brought him \$1.75 per hundred pounds, the freight and commission footing up 28 cents per hundred. The net price for the potatoes was \$1.47. The commission house advised Mr. Hulras that, unless larger shipments began to arrive, choice potatoes would advance to \$2 per hundred. Mrs. Ethel Hamlin of Roseburg, who has been visiting her sister, Mrs. Charles Pope, returned home this morning. Peter Engle, a well-known old resident of New Era precinct, is very low with sickness. He is a Grand Army veteran and one of the oldest members of the post here.

State Senator J. N. Williamson, the Republican candidate for Congress in the Second district, has returned to Prineville, and this was his first home visit since he donned the toga of Malcolm A. Moody. To reach Prineville it is necessary to ride many miles in a stage, and last evening the vehicle bearing the favorite son was met several miles out of town by a special carriage, into which the candidate was lifted. The entire population was at Faldexter's hotel and listened to speeches from the Mayor of the town, Mr. Williamson and Alfred Holman of Portland. There was a supper for the reception committee. A petition is being circulated at Salem asking for a meeting to be called in the interest of the enactment of a proposed law for direct nomination of candidates at party primaries. The signers will form a Direct Nomination League. Among the citizens of all parties whose signatures are appended to the call are Governor Geer, Mayor Bishop, W. M. Kaiser, Tilman Ford, H. B. Thielson, N. J. Judah and W. T. State. The certificates of acceptance of nomination of C. E. B. Wood for United States Senate, and of B. F. Johnson, nominee for Supreme Judge, of the Democratic State Convention, were filed yesterday with the Secretary of State at Salem. The Democratic committee of Clackamas County will hold a meeting Thursday, April 23, for the purpose of nominating a candidate for Joint Representative for Multnomah and Clackamas Counties.
