

## MAYOR OF SAN FRANCISCO REMEMBERS HIS FRIENDS

### Will Not Permit Policemen to Ride on Railway Company's Cars,

### Nor Will He Allow Private Detectives to Carry Arms.

(Scripps-McRae News Association.)  
SAN FRANCISCO, April 22.—Last night the United Railways announced that an attempt would be made today to operate the Fillmore-street line.  
At the company's request 50 policemen were sent to its barn, but with orders not to ride on its cars.  
Early this morning a covered wagon deposited seven men and provisions for a continued stay at the Turk-street barn. Induced by an offer of \$25 to take out a car, five of the seven started out with a car, which was also boarded by a committee from the strikers, to entreat the men to join the union.  
After a trip of three blocks the car was returned, the five men having joined the strikers.  
At 9 o'clock another car left on the Ellis-street line, manned by four men. This was also boarded by the strikers who succeeded in using peaceable means to induce the men to quit.  
Suspension of street-car traffic remains practically complete on all lines owned by the United Railways.  
Mail cars pursue their solitary way over the otherwise deserted tracks.  
The refusal of the Mayor to permit non-union men, or special detectives, to carry arms is generally approved, as it is thought it will bring about a speedy termination of the difficulty.  
All employees of the California-street

line are now enrolled as members of the union, with the consent of the management of the road.  
The gross earnings of the United Company amounts to an average of \$12,000 per day. With no receipts the company loses not less than \$4,000 in interest and fixed charges per day during the continuance of the strike.  
A MOB QUIETED.  
SAN FRANCISCO, April 22 (S. P. M.).—All attempts to operate the car system this morning were confined to sporadic attempts to run a car over the Turk and Ellis-street lines. The car made three trips, the conductors and crew deserting at the end of each trip.  
At Ellis and Market streets a mob of 50 attacked the car with the intention of wrecking it, but were dissuaded by members of the strikers' peace committee, who accompanied the car.  
The general situation is unchanged. There are no disturbances.  
The Mayor has refused another request from the United Railways Company for a detail of policemen on each car.  
The Mayor will issue a formal communication this afternoon, stating that the strike is being orderly conducted, and police interference is not necessitated.  
With cheers from the street crowds drivers on the stub California-street horse car line laid down their reins at 11 o'clock and joined the ranks of the strikers.

## GENERAL SMITH IN SERIOUS PREDICAMENT

(Scripps-McRae News Association.)  
WASHINGTON, April 22.—It is announced at the War Department that the chief military officer of General Smith, in the Philippines, being under direct orders of President Roosevelt, will not be subject to review by General Chaffee.  
War Department officials consider this action particularly significant, inasmuch as it allows General Chaffee to prefer charges against General Smith, and, if necessary, to appear as a witness for or against that officer.  
No attempt is made in the War Department to hide the fact that General

Smith is in a serious predicament, and that the result of the trial may mean the end of his career as an officer of the army.  
General Smith is the officer accused of commanding Major Waller to shoot Filipino soldiers of the United States in the Philippines. In obedience to these instructions Waller had many Filipinos shot without trial or hearing. For this he was court-martialed, disclosing the testimony upon which charges will be formulated against General Smith.  
Waller was acquitted.

## BEEF TRUST'S GREED

### Only June Cattle Can Break Its Hold Upon the Market.

(Scripps-McRae News Association.)  
CHICAGO, April 22.—Beef has advanced a quarter to a half cent today, and retailers now fear there can be no relief until grass cattle come into the market during June.  
A daily arrival of a large number of this class of cattle will glut the market and force prices down.

## BARRIS GETS A JOB

WASHINGTON, April 22.—President Roosevelt today appointed Benjamin Barris of New Jersey to succeed O. L. Fruden as Assistant Secretary to the President.

## PLEADS NOT GUILTY.

In the United States Court this morning, Charles W. Hartman was arraigned for breaking into and robbing the post-office at Marion. He entered a plea of not guilty and his bail was fixed at \$500. He has thus far been unable to secure bondsmen. William Woods, of The Dalles, under indictment for forging the signature to a money order, entered a plea of not guilty. He has not asked for bail.

## APPEAL TO KING

### His Tart Rejoinder to Chamber of Commerce.

(Scripps-McRae News Association.)  
BRUSSELS, April 22.—The Chamber of Commerce today addressed a communication to the King asking for royal intervention in the suffrage dispute in the interest of trade.  
The King replied that it is the duty of the government of the King, with its eyes fixed on the present and future, with loyalty and observance of constitutional rules, to follow the policy which it deems most useful for the well-being and tranquility of the country.

## MUST SERVE TIME.

James Demitt, a young hoodlum, was recently convicted in the police court of disorderly conduct in a North End saloon, and sentenced to 15 days in jail. Owing to his youth and the fact that he had a mother dependent upon him, sentence was suspended during his good behavior. He could not pass a Saturday's payday, however, without making a disturbance, so he was brought in yesterday afternoon on a bench warrant and will now have to serve out his time.  
Demitt is a blacksmith's helper and will do well on the city rockpile.

## ALL OUT

### Woolen Mill Closed by the Strikers.

(Journal Special Service.)  
OREGON CITY, April 22.—The big woolen mill, which has run almost uninterruptedly since 1885, is closed down and over 400 men, women, girls and children are out of employment. The spoolers were the last to walk out late yesterday afternoon. About 40 cassimere weavers followed the plain weavers yesterday forenoon and the number was increased to 100 from other departments. The force was so crippled in numbers that the management closed down the mill yesterday afternoon. The employees held two meetings during the afternoon and adjourned until evening.  
The management made a proposition to raise the weavers 1 cent per yard on certain kinds of cloth and to make a few other concessions, but the offer was declined.  
At the meeting last night a committee was appointed to wait upon the management with a proposal to return to work, provided a general advance of 1 cent per yard was granted to the weavers and an average 15 per cent raise for the other employees. The managers refused to consider the proposal.  
Over 200 of the employees were organized into a local federated labor union last night and the following officers were elected: President, C. W. Walney; vice president, M. Brown; secretary, M. Gleason; treasurer, E. E. Howell; sergeant-at-arms, George Marley. The opinion is general that a settlement will be effected between the management and employees soon. The mill is said to have orders on hand to keep them running day and night until next December.

## POPE LOVES AMERICA

ROME, April 22.—In answer to the felicitations of the whole American episcopate, the Pope has written the following to Cardinal Gibbons and other Catholic bishops:  
"I strongly love America, and rejoice in her development and the progress of Catholicism and religious freedom within her borders."

## LEATHER WORKERS

### Still Out in Numbers, Though Few Return to Work.

The situation among the leather houses and their employees remains strained. The committees now endeavoring to arrange matters satisfactory to all directly interested are meeting with considerable success. Two separate scales have been prepared, and one of these has been signed by both the Geo. Lawrence Company and Breyman's Leather Company, and the saddle workers in each of these establishments have returned to work. The harness workers are still out, but it is thought that they will soon return to work.  
The Union met last night, but further than appointing an arbitration committee and discussing the situation generally, nothing was done.  
It is understood that the Union will meet again tomorrow night, and if the difficulty is not settled by that time, the employees in the houses refusing to sign up will take their tools, go out on a strike and institute a boycott. It is variously estimated that from 50 to 75 men are out at present.

## SENATOR HANNA WILL NOT DESERT HIS FRIEND

### Will Demonstrate That Governor Wood Conspired With Court to Convict Him.

(Scripps-McRae News Association.)  
WASHINGTON, April 22.—Senator Hanna says he will now take steps to show to the world that his friend, E. G. Rathbone, is an innocent man, deliberately persecuted by Governor-General Wood. He says he has documentary evidence to prove that Wood swayed the court that convicted Rathbone.  
Rathbone, with several others, was convicted at Havana, Cuba, a few weeks ago, of defrauding the United States by stealing from the postal revenues. Rathbone admitted that he had used certain public monies in furnishing his residence, but claimed that he had been authorized to do so by his superior officer. This sum, however, was but a trifle of the amounts alleged to have been stolen from the government, and at the trial at Havana, Governor-General Wood was very zealous in prosecuting the case against Rathbone. Upon his conviction he was sentenced to a term of imprisonment which he has been earnestly endeavoring to use the machinery of the courts to liberate himself.

## INMAN SAYS HE WILL BE MAYOR

In answer to a direct question, "What do you think of your chances for success?" R. D. Inman, nominee on the Citizens' ticket for Mayor, said this morning: "I am the nominee on the Citizens' ticket and of the Democratic party. After receiving assurances of hearty support from so many sources, I feel justified in saying that the prospects for the election of the entire Citizens' ticket are exceedingly bright. We propose to wage a vigorous campaign. If I am elected Mayor, which I will be, I propose to give a businesslike administration."  
"I am glad that the Citizens' mass meeting unanimously endorsed the Lewis and Clark Centennial, as I am heart and soul in favor of making it as large an exhibition as possible."

## WHEELS AND HOT AIR.

A unique procession wended its way through the streets this afternoon. It consisted of the Third Regiment brass band, four automobiles and 15 teams drawing as many drayloads of bicycles. The wheels are a consignment which just arrived from the East for the Fred T. Merrill Cycle Company.

## REVENUES ARE MUCH REDUCED

Internal Revenue Collector Dunne is in receipt of a communication from J. W. Yorkes, the United States Commissioner at Washington, D. C., relative to certain changes recently made in the department under the new law, effective July 1, 1902. The following changes are made in the law now in force, repealing special taxes on and after July 1:

Special taxes of bankers, brokers, dealers in grain, securities, etc., under paragraph 3, section 8, act of March 2, 1901 (Brokers' Class 2): pawnbrokers, custom-house brokers, proprietors of theaters, etc., proprietors of circuses, proprietors of public exhibitions or shows for money, proprietors of bowling alleys or billiard rooms, dealers in leaf tobacco, dealers in tobacco, manufacturers of tobacco, manufacturers of cigars.  
Stamp taxes on instruments, papers or documents, deliveries or transfers of stock and sales and agreements of sale or agreements to sell stocks, products or merchandise (Schedule A), wines (Schedule B), seats in parlor or palace cars and berths in sleeping cars.  
Taxes and legacies and distributive shares of personal property: excise taxes on persons, firms, companies and corporations engaged in refining petroleum and sugar.  
Taxes reduced: Fermented liquors, the tax reduced to \$1 per barrel; snuff and tobacco, the tax is reduced to 6 cents per pound; cigarettes, the tax on cigarettes weighing more than three pounds per thousand is reduced to \$3 per thousand.  
A drawback or rebate is allowed on all original and unbroken factory packages of snuff held by manufacturers or dealers on July 1, 1902, to the amount of difference between the higher rate paid and the tax imposed by this act.  
No discount is allowed on sale of stamps for fermented liquors, or for tobacco or snuff.  
The provisions of the present law, relative to mixed flour, remain unchanged except a slight change is made in the definition of mixed flour.  
Rights accrued or liabilities incurred prior to the repeal are not affected.  
The estates of all persons dying prior to July 1, 1902, will be subject to the legacy tax, even if the distribution is not made until after that date.

## BREACH WIDENS

### Blow at the Kid Glove Faction of the Army.

(Scripps-McRae News Association.)  
WASHINGTON, April 22.—The breach between the War Department and the Senate Military Committee was widened today when Chairman Hawley introduced a bill to increase the efficiency of the army.  
The measure is essentially different from that prepared by Secretary Root. It eliminates the general staff system and makes the lieutenant-general commander of the entire United States army in fact, as well as in name.

## CONDITION OF WILHELMINA

HET LOO, Holland, April 22.—The Queen's condition continues satisfactory.  
FEVER DIMINISHING.  
HET LOO, April 22.—A bulletin issued this afternoon says that a slight improvement is noticeable in the Queen's condition owing to a diminution of the fever.

## THREE MORE BODIES

CAIRO, Ill., April 22.—As time passes and no more bodies from the burned steamer City of Pittsburgh are recovered, belief is strengthened in the theory that a majority of those who perished were burned to death rather than drowned.  
Men who have been at the scene of the wreck say that bones can be seen buried beneath a network of iron rods, boilers and smokestacks, and it may be several days before an attempt will be made to remove the corpses.  
Only three bodies were recovered today. Almost all the survivors of the disaster have left the city.

## BAILEY'S SPITE.

### Causes Him to Seize Butter of La Grande Creamery.

"Grandstand" Bailey, State Food and Dairy Commissioner, has sworn out a warrant for the arrest of W. N. Daniels, of the La Grande Creamery, for selling alleged short-weight butter. Bailey seized eight boxes of a certain brand of butter, claiming that each roll was 2 1/2 to 3 ounces short; or that each box instead of containing 60 pounds of butter contained 55 pounds.  
Mr. Daniels says that Bailey must have a grudge against him as he prosecuted him for selling process butter some time ago.  
"Bailey was around here about four weeks ago and weighed this brand of butter and found it to be full-weight. It may happen that this shipment is short-weight, but I do not know, as this is second-grade butter and we sell it by the box anyway, so I do not get to handle the rolls. I've been selling 25 to 30 boxes of this butter every week for the past three weeks and have received no complaints. Perhaps this shipment lacks 2 1/2 pounds to the box, but this may happen from the butter shrinking in transportation, as every butter-maker knows. I've sent butter to San Francisco and it shrank one to three pounds per box on the road. Bailey was here some time ago and wanted me to put a sign on some country butter, stating 'country store butter,' in big letters, and I told him to go to hell, as it was my business, and it seems he has a grudge against me for that."  
It seems from the information given by The Journal that Bailey is persecuting Mr. Daniels.

Lou Wagner, Deputy Constable under Thomas McNamee, has been in Seattle for two or three days. He was an aspirant for the nomination on the Citizens' ticket for Constable. While he was absent the convention was held and he was nominated.
