

RECORD OF THE CANDIDATES

ROBERT D. INMAN. The nominee of the Citizens' mass meeting for Mayor was born in Ohio in 1853. He crossed the plains in 1855 and has lived in Portland ever since. The growth and development of the city has been the same as that of Mr. Inman, for he has all these years been prominent in every movement for the public good. He has been engaged in the lumber business since 1875 and is at present the president of the Inman-Poulson Company, one of the largest lumber concerns on the Coast. Ten years ago Mr. Inman was a member of the State Legislature and his record then was good. Eight years ago he was a candidate for Mayor, but was counted out by a Republican returning board. He was elected a member of the State Senate two years ago on the Citizens' ticket and is now a member of that body.

DR. HARRY LANE. Dr. Harry Lane, candidate on the Citizens' ticket for State Senator, was born in Corvallis, Benton County, in 1855. His father was N. H. Lane, the oldest son of General Joseph Lane. With his parents he moved to Portland in 1855, which place has been his home ever since. In 1876 he graduated from the medical department of the Willamette University. In 1887 he was appointed superintendent of the Oregon State Hospital for the Insane, which position he held for one term. He conducted the affairs of that institution economically and honorably, and in the interests solely of the inmates and the taxpayers of the state. He is a married man, with two children.

RICHARD SCOTT. Richard Scott, the nominee for Joint Senator with Clackamas County, is a prominent farmer and dairyman of Milwaukie. He has lived at that place a great many years and was twice elected a County Commissioner of Clackamas County. There is no man in the State who has done more to advance the interests of the farmers and dairymen. He has always been a Republican.

F. A. HEITKEMPER. Frank A. Heitkemper, nominee for Representative, is the principal owner of the store of G. Heitkemper & Co., and was brought up in this city. He is widely and favorably known as a man of affairs and an influential citizen.

S. J. BARBER. Dr. S. J. Barber is one of the leading dentists in the city. He is a Republican, a Grand Army man and a citizen who enjoys the respect of all who know him. He resides at 505 Yamhill street. He is a nominee for Representative.

N. C. BEUTGEN. N. C. Beutgen, for Representative, is in the employ of the Goddard Shoe Company. At one time he was in business for himself in Albina. He was at one time a member of the City Council and his record for economy and reform was good.

HENRY FLECKENSTEIN. Few business men in the city are better known than Henry Fleckenstein, nominee for Representative. For a long time he was the senior partner of the firm of Fleckenstein & Meyer. Lately he has gone into business by himself. He was elected to the City Council as a Democrat and made an able and efficient member. He has been a leading citizen for a quarter of a century and has always been a Democrat.

FRANK C. CURTIS. Frank C. Curtis, a nominee for representative, is president of the Grain Handlers' Association, an exemplary citizen of the Tenth Ward, a strong union man and a citizen of ability and intelligence. He has never pushed himself forward in political matters.

J. A. BUSHMAN. John A. Bushman, also a candidate for Representative, is president of the Millmen's Union. He is a trusted employee of Jones' mill, is a strong Democrat and a good citizen.

M. C. DAVIS. M. C. Davis lives in his own pretty home in the First Ward. He is a stationary engineer at the North Pacific Planting Mills and has been a resident of Portland for 12 years. He is a large taxpayer and a citizen who has always the public good at heart. He is a nominee for Representative.

CITY BRIEFS. Colonel Harrington of Pillar Rock is in the city purchasing all the necessaries for a banquet, which he intends giving to his partners and employees. Captain Langitt, United States Engineer, left for Astoria last night on Light-house business. The music pupils of St. Mary's Academy and College will give their 13th annual recital this evening at 8 o'clock at their hall, Fifth and Mill streets. Bishop Morris will administer the apostolic rite of confirmation at the Church of the Good Shepherd, corner Vancouver and Bellwood, tomorrow at 8 o'clock. An association for the study of trees and their habits has been started in this city. This society will give suggestions and practical assistance to the Lewis and Clark Civic Improvement Association. Edward A. Beale, the Weather Bureau official, left last night for Seattle and Neah Bay. He will also visit all the telegraph stations from Port Crescent, Wash., to Cape Plattery, to see what repairs are necessary, and to obtain settlements.

ROAD TO THUNDER MOUNTAIN. A meeting of the board of trustees of the Chamber of Commerce with Messrs. C. E. Lockwood and C. S. Fosselman of Weiser, Idaho, is taking place this afternoon at 246 Washington street. Those present are S. M. Mears, W. J. Burns, Frank M. Warren, William S. Sibson, Adolph Wolfe, C. E. Lockwood, C. S. Fosselman and Mr. Holton. President Mears made some preliminary remarks and introduced C. E. Lockwood, who briefly described Weiser, Idaho, explaining its trade conditions and the necessity of outside capital for developing it. In part Mr. Lockwood said: "What we want is aid in constructing a wagon road from Warrenton to Thunder Mountain by way of Weiser. This is recognized to be the best route to the new mining country, and fully 90 per cent of the people bound for the camp have gone through there this winter. Fully 30,000 people will go in that district during the next season. Colorado people are coming and we have it on good authority that at least 10,000 people will come from that state alone; also a party of 100 people is coming from Brooklyn, N. Y. If Portland merchants help us, they will not rue it."

ABOUT PEOPLE. Jack Morgan, one of the cleverest drummers on the road, is in town. He is representing the Santa Rosa Tanning Company of California. Hon. D. W. Sears of Independence, Democratic nominee for Secretary of State, is in the city. Purvine Atwood of Baker City, who has been in the city for the past four weeks, will leave this evening for home. A. G. Hoyes, of Eugene, President of the Lane County Bank, is in the city.

PEDDLERS STRIKE. The vegetable vendors of Portland are on a strike. These affairs seem to be the proper thing at this time. The peddlers claim that after buying their goods in the open market the producers go around to the markets, restaurants and other large consumers and undersell them (the peddlers). The strike is not extended to the whites alone, but to the Chinese gardeners also.

WIFE'S SHAME Leaves Children for a Bartender—Pitiable Case. (Journal Special Service.) THE DALLIES, April 22.—About three weeks ago Mrs. Springer of this city became enamored with the fond affections of a bartender of The Dallis, and deserted her husband and three little children, the oldest a girl of 7, and two boys aged respectively 5 and 2 years. From here they went to Baker City, since which time nothing has been seen or heard of them. Mrs. Springer was a member of the Salvation Army and her husband is said to be a hard-working laborer. However, it seems that the father is incapable of properly caring for the children, and when they were discovered Saturday by Water Commissioner Crossen, they were in a pitiable condition. They were sitting ravenously of some dried apples, and when offered food by the neighbors they snapped it up as if almost starved. The case has been brought to the notice of County Judge Blakeley, who will immediately serve citations upon the father and inquire whether or not he is capable of giving his children proper support. If not, they will be sent to the Boys' and Girls' Aid Society in Portland.

MOROS ARE DEFIANT (Scripps-McRae News Association.) MANILA, April 22.—Fighting with the Moros on the island of Mindanao has begun. A small scouting party was fired upon and reinforcements were dispatched to the rescue. The Moros were repulsed, losing seven men. Moro villages are flying the red flag, which means defiance and a challenge to fight. Pan-American Shows Coming. The Great Pan-American Shows will exhibit in this city Monday, April 23. Rajah, the largest elephant on earth, is with this show. Edna Cooke, the girl wonder, will turn somersaults on a horseback horse. A number of other attractions will be given. CONDITION SERIOUS. The condition of George L. Tooley of Holbrook, who was stabbed in a fight with a half-breed Indian, is more alarming today. It is feared that the wound in the abdomen may cause septic poisoning.

ROAD TO THUNDER MOUNTAIN

A meeting of the board of trustees of the Chamber of Commerce with Messrs. C. E. Lockwood and C. S. Fosselman of Weiser, Idaho, is taking place this afternoon at 246 Washington street. Those present are S. M. Mears, W. J. Burns, Frank M. Warren, William S. Sibson, Adolph Wolfe, C. E. Lockwood, C. S. Fosselman and Mr. Holton. THE WRONG MAN. The School Board came very near being drawn into a mixup with the Bricklayers' Union of this city over the question of awarding the contract for the masonry work of the proposed Sunnyside school building to P. Jepperson. Jepperson was awarded the contract for \$4,855. It was claimed he was not a union man, and the School Board was given to understand that it would likely be impossible for Jepperson to secure a force of men, which might seriously impede the work. An investigation was at once instituted and Jepperson proved this morning that he was all right by submitting good recommendations. It turned out that Jepperson was mistaken for another man of the same name.

ONLY ONE LICENSE. License Collector M. M. McEchern has caused the arrest of one Hall and E. G. Demont for operating express wagons without a proper license. It is shown that while they have one wagon licensed, they are operating two. Each wagon for which a license is taken out is allowed two tin license tags to put on the vehicles in a prominent place. The two men are charged with dividing the tags and operating two wagons on one license.

RIVER PIRATES. Elmer and C. C. Wood are under arrest on a charge of stealing a lot of machinery fittings from Hansen Bros., Linnton Smeiter, and Cook & Kierman. Detectives Kerrigan and Shaw declare the two prisoners are river pirates and that there are more charges to be lodged against them. The value of the goods they are charged with stealing under the present complaints is only about \$50.

REPUBLICANS ACTIVE. Those in charge at Republican headquarters today were kept busy in conferring with the party managers of the campaign in the city and county. Nothing definite was done but general plans were outlined. Reports from different counties in the state continue to come in and without exception they are reported to be favorable.

HE KNEW IT. "Young man," said the solemn-looking gentleman, in the throng, "do you know you are on the path to quick destruction?" "I do," replied the youth, as he detached himself and hastened forward; for he had only 10 minutes to spend in the quick-lunch room. He—How do you do, Mrs. West? I've been intending calling on you for some time; but somehow I've been so busy I haven't been able to. She—I'm delighted to hear it, Mr. Hard-up. I hope you'll continue to be busy.
