BOSTON, April 29.—The Criterion Athletic Club has arranged a good card for its boxing show tonight. The wind-up will be furnished by "Tommy" Feitz of Brooklyn and "Kid" Goodman of this city. ### THE TYRANTS DREAD THE DAY

Quiver of Fear is Upon Authorities of Russia.

(Journal Special Cable.)  
 ST. PETERSBURG, April 30.—The tyrants of Russia dread the coming of May day tomorrow. A quiver of fear is upon them in anticipation of what may happen. In the factories and workshops the men have been supplied with social democratic literature of all kinds printed in Germany. One document formulates demands, including a 10-hour day, with the same pay as at present; a half holiday Saturdays; the prohibition of the employment of children under 15 years of age, the abolition of overtime and of obligatory insurance, the responsibility of employers for injuries and deaths, the extension of factory and workshop inspection, freedom to strike, organize unions, hold meetings and control their own funds, the establishment of arbitration courts, and trial in open court instead of arbitrary arrests and banishment. The demands also include the re-establishment of the holidays which the workmen were deprived of by the law of June, 1897.

### CHARGED WITH SERIOUS ACTS

(Journal Special Service.)  
 SALEM, April 30.—J. F. T. B. Brentano of this city is facing serious charges of maladministration of an estate of which he had been appointed administrator by the County Court. On Tuesday afternoon County Judge Scott, sitting as the Probate Court, overruled a demurrer to the petition for the removal of Brentano as administrator of the estate of B. DeTorne, deceased. DeTorne died in France some time ago and his estate as valued by the appraisers showed a valuation of \$500. This estimate was not satisfactory to one William Foley, who filed a petition asking for Brentano's dismissal as administrator, alleging that he had wrongfully converted between \$300 and \$400 of the estate of his own use. A demurrer to this petition filed by Brentano's attorneys was the instrument overruled by Judge Scott yesterday, and now Brentano finds himself in a bad box.

**THE COURT.**  
 James Donnigan, a longshoreman, has filed a \$10,872 damage suit in the State Circuit Court against stevedores Brown & McCabe. Donnigan's skull was fractured, three ribs broken and his nose injured while loading a ship.  
 The suit of Marie Pander against Castle

Lodge, No. 13, Knights of Pythias, was dismissed yesterday on motion of plaintiff's attorney, William Reid. The suit was to recover \$450 alleged to be due in sick benefits and funeral expenses of the plaintiff's deceased husband.

The Northwestern Transfer Company has commenced an attachment suit in the State Circuit Court against the Christensen Machinery Company to recover \$537. The claim of the plaintiff amounts to \$354; the balance consists of assigned claims.  
 The amended complaint of Cornelia Burkhart and Elizabeth Caldwell vs. Alfred P. Watson and Isabel Watson, Grace L. Vial, A. J. Vial, Oneta Ruth Peterson and J. H. Peterson, has been filed in the state circuit court. The suit is to quiet title to eighty-seven acres of land in the donation land claim of Thos. W. Gates and Cynthia Gates.  
 Mary L. Church, administratrix of the estate of S. W. Church, deceased, has filed her first semi-annual report, approved by County Judge Calk. The total receipts were \$21,579.08; disbursements were \$3,676.93, leaving a balance of \$17,902.15. There is still due the estate as uncollected accounts of the Abbott & Church Wire Mattress Works \$1,014.72.

### RICH ORE

Showing \$2000 to the Ton in Blue River District.

(Journal Special Service.)  
 EUGENE, April 30.—The news has just been made public that the richest strike ever made in the Blue river mining district was made recently in the Treasure mine, owned by C. H. Park. Assays of several samples of ore taken promiscuously from the mine were made in Eugene the other day, and they ran over \$2000 per ton. Only development has been done on the mine so far. Five tunnels, with an aggregate length of 255 feet, have been run into the mountain, and this rich body of ore, which is from 10 to 25 feet wide, extends from the grass roots down 800 feet, so far as the mountain has been penetrated by tunnels, and it is thought runs many feet further down.  
 Mr. Park has just taken up to his mine a gasoline engine, several thousand feet of air-pipe and a fan for ventilating purposes, and will erect a sawmill right away to cut lumber for permanent mining buildings. While the richness of the ore warrants the erection of a stamp mill, Mr. Park says he will not erect one this year, devoting all his time to development work, but will put in a mill of large capacity next year.

**Lions Entertainment.**  
 The entertainment to be given tonight at the Auditorium, hall by the members of Home Lodge, Order of Lions, for the benefit of the family of a deceased member, promises to be one of the most attractive musical entertainments that has been given in the city this year. The committee which has the matter in charge has been untiring in its efforts for success.

### CARL SCHURZ AT IT AGAIN

At Head of Movement to Antagonize Administration.

(Journal Special Service.)  
 NEW YORK, April 30.—Carl Schurz has appeared as the leader in a movement to antagonize the Administration in matters pertaining to the Philippines. A conference of citizens opposed to the policy at present followed in these islands was held at the Plaza hotel. A committee of seven persons was appointed by Carl Schurz, the presiding officer, "to take all necessary steps to effect the full disclosure of the facts connected with the processes and executions in the military courts in the Philippines, and to appear in person and by counsel before the present Senate investigating committee and take such steps as they may calculate to secure complete publicity and further to initiate such other action as may tend to vindicate the national character."  
 The members are: Charles Francis Adams of Boston, Andrew Carnegie of New York, Wayne McVeagh of Philadelphia, Herbert Welsh of Philadelphia, Edwin Burritt Smith of Chicago, and President J. G. Seligman of Cornell University, to which committee the name of Mr. Schurz was added as a member ex officio. M. F. Terry of Boston will be one of the counsel of the committee.

### LABOR NOTES.

The Printing Pressmen's Union will give a railroad excursion to the Coast on May 25. A fare of \$1 for the round trip has been secured.  
 A committee of union labor men, composed of Messrs. Lawton, Harry and Mickle, went to Oregon City yesterday to give encouragement to the woolen mill employees of that place, who are out on a strike.  
 Captain Jones, the well-known marine man, says that if the union laundry girls will start a laundry of their own that he will use all his influence to throw the entire water front patronage to them, and will aid the venture financially, too.  
 From now on the Sailors' Union will control the shipping of coast seamen on all vessels leaving San Francisco. The Shipowners' Association has turned the matter over to the union, and that in turn has agreed to divide the business between the sailors' home and certain saloon or boarding house keepers who have always been friendly to the union.  
 About 100 delegates to the State Federation of Labor Convention met last evening in the A. O. U. W. hall and discussed plans for the convention which will be held May 6.
