

FAIR SITE DISCUSSED

Leading Places Are Ladd's Tract, Sellwood and the Peninsula.

At a meeting of the citizens of Mount Taber, at which D. A. Grout was chairman and F. S. Fields secretary, the various proposed sites for the Exposition were discussed, and it was the unanimous opinion that the Ladd tract and Hawthorne Park site is the best. They offer as proof the large number of votes received by the Ladd tract in the Journal contest.

The James E. Stephens Board of Trade members are of the same opinion. They say that the Ladd and Hawthorne tracts comprise the only site that should be considered.

The Clinton Kelly Board of Trade has also adopted resolutions stating that the Ladd and Hawthorne tracts are the only place for the fair.

The reasons for these opinions are given in each case in a set of resolutions stating that the Ladd Field and Hawthorne Park will be offered on favorable terms as a site for the 1905 fair; that this site offers more advantages than any other location, both in less cost of preparing the grounds and for larger gate receipts; that these grounds have an advantage in sewerage, transportation, water and soil for landscape gardening not possessed by any other location; that the railroad and street-car facilities to that point are of the best, and that it is more centrally located than any other proposed sites.

The Brookline Board of Trade is yet to be heard from. It will hold a meeting this evening at 688 Milwaukee street, near Carl, to discuss the question of a site.

The advocates of the other sites are not idle. One of the prominent landowners of the Peninsula said that the fair would surely be located on the University tract. Another said that Sellwood alone would carry off the prize.

But it all rests with the committee, and the proposals must all be sent in by Saturday night.

Everybody believes that no time should be lost in making the selection.

RAILROAD TO BOHEMIA MINES

Governor Geer Given a Big Reception at Cottage Grove.

COTTAGE GROVE, May 1.—A public celebration took place here yesterday in honor of the beginning of construction work on the Cottage Grove and Bohemia mines railroad. Mayor Job presided and introduced Governor T. G. Geer, who, after a short address, turned the first shovel of earth. A force of laborers was camped on the edge of the town ready to push the work.

The Pacific Construction Company has the contract for 22 miles of the road, and it will pierce some heavy bodies of timber. Eastern capitalists have backed the enterprise that means so much to Lane County.

Several thousand people, many of them from other parts of Lane County, were present, and gave the Governor a grand reception on his arrival on the train at 3 o'clock, at the end of the line, and again at night. They shouted, "See the Governor dig!" and "He's all right for Senator!" when he grabbed the shovel and broke the earth for the first railroad into the mines of Western Oregon.

At the evening reception to Governor and Mrs. Geer, the largest hall in the city was packed to suffocation, and the utmost enthusiasm prevailed when he spoke.

A MINISTER IN TROUBLE

His New Doctrine Not in Accordance With His Church.

CARBONDALE, Ill., May 1.—Southern Illinois Methodists are all interested in the approaching trial at Freeburg of the Rev. Columbus Bradford, until recently pastor of the Okaville Methodist Episcopal church, on the charge of heresy, set for trial May 12.

The doctrines which the Rev. Mr. Bradford has taught in a book recently published, entitled "Birth of a New Chance," and for which he is to stand trial, involve Buddhist tenets with regard to reincarnation, but he rejects entirely the idea of the soul's transmission in the bodies of lower animals. The minister takes as a doctrine a literal acceptance of the scriptural phrase, "Ye must be born again," and believes that the souls of persons who die are born again in the natural process of generation into new bodies, and in this birth a new opportunity opens for the soul. Hence the title of the book.

The action of the presiding elder in summarily deposing Rev. Mr. Bradford is resented by his former congregation. Rev. Mr. Bradford still remains at Okaville, and is paid his salary and furnished a hall in which to continue his labors. He is a man of unusual ability and came to the conference from Minnesota.

JOY IN OHIO.

(Scripps-McRae News Association.) COLUMBUS, O., May 1.—President James Mahon, of the Blast Furnace Workers of America, has sent out an official notice that on and after today eight hours shall constitute a day's work at the same rate of pay that the men are now receiving for twelve hours' work.

The notice affects all the blast furnace workers in America, and serious disturbances are expected if the unions insist on its enforcement.

THE LETTER WENT WRONG

A fellow at Brownsville wanted some Democratic campaign supplies, and forgetting that such a thing existed as the Republican campaign committee, directed a letter to this address: Chairman of the State Committee, Portland, Oregon.

Of course the postmaster sent it with Chairman Matthews' mail. Imagine the consternation of Mr. Matthews when he read this in the letter: "Please send me

POMP AND SPLENDOR AT CONSECRATIONS

Diamonds for a Catholic—Great Show Among Protestant Episcopal—Reformed Church.

(Journal Special Service.) PLYMOUTH, Ind., May 1.—Many delegates and visitors are here for the thirtieth annual session of the St. Joseph classis of the Reformed Church, comprising Northern Indiana and Southern and Western Michigan.

The gathering will be opened formally this evening in St. Paul's church. During the week the Sunday School Association and the Woman's Missionary Society will be in session also.

The Bishop Coadjutor of Pennsylvania. (Journal Special Service.) PHILADELPHIA, May 1.—In the Church of the Holy Trinity this morning the Rev. Dr. Mackay-Smith was consecrated, with imposing ceremonies, bishop coadjutor of the Eastern Pennsylvania diocese of the Protestant Episcopal church.

The church, which was elaborately decorated, was filled to its utmost capacity, notwithstanding the fact that admission was by ticket only.

Those present included prominent Episcopal churchmen from all parts of the East.

A special feature of the ceremonies was the elaborate musical program furnished by the choir of the Church of the Holy Trinity.

Rev. William Crowell Doane, Bishop of Albany, was the consecrator, and was assisted by Bishop Potter of New York, and Bishop Scarborough, of New Jersey.

The presenters were Bishop Satterlee, of Washington, and Bishop McKivick, of Rhode Island. The sermon was preached by Bishop Potter.

Silver Jubilee of a Bishop. (Journal Special Service.) PEORIA, Ill., May 1.—In the presence of the largest and most notable congregation that ever crowded St. Mary's cathedral and the greatest gathering of dignitaries of the Roman Catholic church that ever assembled in this part of the country, the celebration of the twenty-fifth anniversary of the consecration of Bishop J. L. Spalding began today with a pontifical high mass of thanksgiving celebrated by Bishop Spalding himself.

Immediately after the gospel Cardinal Gibbons delivered a eulogy on Bishop Spalding, and in behalf of the clergy presented him with a beautiful chalice of gold, studded with precious stones.

An eloquent sermon was delivered and the reading of a congratulatory message from the Pope was a part of the ceremony.

Probably no churchman in the United States is more universally esteemed than the Rt. Rev. John J. Spalding. He is regarded as one of the finest scholars in the Catholic church, and is a creative literary artist of rare ability. He is a favorite with Catholics and non-Catholics alike, and his brilliant essays and philosophical works have given him an enviable distinction among American churchmen.

The ceremony was in St. John's cathedral, one of the finest church edifices in the West.

Unusual pomp and splendor surrounded the ceremony for the reason that it was the first of the kind to take place in the Rocky Mountain region.

It was a little after 10 o'clock when the bishops, led by Bishop Tuttle, of Missouri, left the parish house and proceeded to the cathedral.

The bishop-elect was escorted by his presbytery, and behind him came the visiting clergy, and then the surpliced choir of the church, singing a professional.

By the time the head of the procession entered St. John's church the pews had been filled by the members of the parish and visitors.

The ceremony began with the reading of the prayer of the morning.

Then came a sermon by Rt. Rev. Leighton Coleman, Bishop of Delaware.

The ceremony of consecration followed, according to the ritual of the church.

Bishop Tuttle acted as consecrator, and among the other participants were Bishops Millsap, of Kansas; Hare, of South Dakota; White, of Michigan City; Graves, of Laramie; Leonard, of Utah; Gallor, of Tennessee, and Brown, of Arkansas.

At the conclusion of the ceremonies there was an informal reception in honor of the visiting clergy.

BIG HOP CROP IS PREDICTED

M. H. Gilbertson, a well-known hop man of Aurora, was in the city yesterday, and in speaking of the hop prospects on the Coast said:

"Hopgrowers are beginning to tie their hops to the wire, and there is an excellent outlook for a big crop. If nothing happens between now and hop-picking time, Oregon will produce about 10,000 bales this season.

"Nearly one-third of the 1902 crop has been contracted for, but growers generally are refusing to tie up their crop, and hope for higher quotations, the present contract price is, as The Journal is quoting, 12 cents and 12 1/2 cents.

"The hop outlook," continued Mr. Gilbertson, "is much better in this state than it has been for a number of years."

According to Mr. Gilbertson, who has been traveling over the Coast for the past few months, there is also excellent indications for the crops in California and Washington.

NEW BISHOP OF COLORADO.

(Journal Special Service.) DENVER, May 1.—Surrounded by the bishops of the Protestant Episcopal church, accompanied by a host of clergy, and amid the most elaborate ceremonial, Rev. Lucius S. Omstead was today consecrated as Bishop of the Episcopal Diocese of Colorado in succession to the late Bishop Spalding.

The ceremony was in St. John's cathedral, one of the finest church edifices in the West.

Unusual pomp and splendor surrounded the ceremony for the reason that it was the first of the kind to take place in the Rocky Mountain region.

It was a little after 10 o'clock when the bishops, led by Bishop Tuttle, of Missouri, left the parish house and proceeded to the cathedral.

RALEY JUBILANT

Colonel James H. Railey, of Pendleton, the Democratic candidate for attorney general, says that Eastern Oregon is Democratic beyond a shadow of a doubt.

Colonel Railey is known to be a conservative man, and one whose knowledge of the conditions in that part of the state makes his opinion a safe one. For several days he has been in conference with the leaders from the various Eastern Oregon counties, and is thoroughly posted on the situation.

He said today: "Positively the Democrats will come down to Wasco county with a majority for the whole ticket of from 1,200 to 1,500. I believe these figures to be absolutely correct, and I found that the conditions were getting better every day. This estimate includes the whole of Eastern Oregon, and takes in the counties of Walla Walla, Union, Baker, Malheur, Grant, Harney, Umatilla, Wheeler, Crook and Gilliam."

WESTERN UNION MAKES A CHANGE

(Journal Special Service.) NEW YORK, May 1.—B. M. Brooks today succeeded Charles A. Tinker as general superintendent of the Eastern division of the Western Union Telegraph Company.

Mr. Tinker, the retiring official, has been with the company twenty-one years. He was an operator during the civil war for the war department in Washington, and a warm friend of President Lincoln.

Mr. Brooks comes from Denver, where he has served as manager for the past twelve years.

(Journal Special Service.) LOWELL, Mass., May 1.—William T. Martin, for thirty-seven years superintendent of the Lawrence Hosiery Mills, retired today.

SLAVERY IN AFRICA

Frightful Atrocities In Congo State.

(Journal Special Service.) LONDON, May 1.—It is reliably reported in London that notes are being exchanged between the great powers respecting a European congress to inquire into the condition of the Congo Free State. Whatever the outcome, no one would be surprised if the frivolous Leopold is called to account before long for tolerating shocking wickedness in the African dominion entrusted to his sway.

Europe organized the Congo Free State principally to resist the slave trade in Central Africa, and the convention which accepted the organic law for the territory expressly reserved to the constituting powers the right to interfere on certain conditions.

If recent reports from the Congo are reliable, the ivory and rubber concessionists have been committing or tolerating frightful atrocities. It is feared that behind the curtain which hides Central Africa from the view of the civilized world a terrible tragedy is in progress.

Alarming rumors of punitive expeditions by Belgian and French colonels have reached Berlin and London. Religious journals here publish advices from missionaries in the region concerned that indicate a re-establishment of the slave trade by white traders under peculiarly cruel conditions.

The evidence is cumulative and strong and the British religious community is amazed at details of outrages perpetuated by those whose duty it is to repress outrages.

King Leopold is directly responsible for the administration of the Congo Free State, and a congress to call him to book may be an event of the early future. The welfare of 30,000 blacks is involved.

CONVENTION OF NURSES

(Journal Special Service.) CHICAGO, May 1.—The Trained Nurses Associated Alumnae of the United States, having a membership extending throughout the country, began its fifth annual convention today at the Lexington hotel.

At the formal opening the visitors were welcomed by Miss Julia C. Lathrop, and the response was by the president, Miss Annie M. Damer, of Buffalo. Committee appointments and other routine business occupied the remainder of the session.

This evening a reception to delegates and visitors is to be given at St. Luke's Nurses' Home.

FREIGHT TARIFF SUPPLEMENT

Supplement No. 46 of East-bound tariff No. 3-C, which took effect January 18, 1900, has appeared here. It names class and commodity rates from Pacific Coast points and terminals. It applies to points located on or east of the western boundary of Missouri common points territory and points east thereof, on lines with which an agreed basis of divisions is in force, within the following territories:

New York, Boston and common points; Pittsburgh, Buffalo and common points; Cincinnati, Detroit and common points; Chicago and common points; Mississippi river common points; Missouri river common points. By this tariff, in guaranteeing the rates it names, "the absolute and unqualified right of routing beyond its own terminal is reserved to initial carrier giving the guarantee."

An exception is noted providing that the rates will not apply in connection with the Southern Pacific Company (the Pacific system) from points in California south of Stockton, Lathrop, Tracy or San Jose on shipments routed via Portland or East Portland.

NO MORE CHEAP FARES

(Journal Special Service.) NEW YORK, May 1.—Second-class passenger fares between New York and Chicago were abolished today by action of the trunk line passenger committee.

The reform is one for which efforts have been making for a long time. Hereafter the minimum rate is to be \$18 via the Erie, Lehigh Valley, Lackawanna, Ontario & Western and the West Shore in connection with their connections at the Western terminal.

The standard lines are to charge \$20.

MORE PAY FOR RAILWAY MEN

(Journal Special Service.) WILMINGTON, Del., May 1.—The advance in wages of conductors and motormen employed by the People's Street Railway became effective today. The increase amounts to 2 cents an hour, and is greatly appreciated by the men, as it was voluntary on the part of the company.

FIRES SERIOUS IN RUSSIA.

No Electric Alarms There and Fireman Watches in Tower to See Blaze.

When a fire occurs in St. Petersburg the nearest citizen doesn't step to a red box and ring in an alarm for the engines by electricity. They haven't advanced so far yet. The Russian system of spreading news of a fire is the most primitive in Europe.

They don't send out any fire alarm at all in St. Petersburg until the fire has blazed out fierce and strong. In fact, the fire department doesn't know it. One fireman comprises in himself the St. Petersburg alarm system.

At all times a fireman is on duty in the tower of the city hall. He watches the city, and when the fire burns up he notices it, or is expected to do so.

If it is in the daytime he runs up a number of black balls on the outside of the tower. If it is in the night he uses red lanterns instead of balls. The number of the balls or lanterns indicates the district in which is the fire.

On seeing the signal the firemen turn out. Naturally this method is not productive of great speed in reaching the fire. From 20 minutes to half an hour is good time, unless the fire occurs quite near an engine company's quarters.

MISCELLANEOUS. Robert Leighton, one of the best-known racing men on the North Pacific Coast, is a guest at the Grand Hotel, says the San Francisco Bulletin, and is bent on business of much importance to racing men in California. In addition to being secretary of the Vancouver Jockey Club of Vancouver, B. C., Mr. Leighton is secretary of the North Pacific Racing Circuit, and it is in connection with the latter's affairs that he is now working. He is trying to induce a number of prominent California horse owners to race their horses in the north, and he offers big inducements for them to do so.

"We offer over \$100,000 in prizes on the North Pacific circuit," Mr. Leighton said this morning, "and there is no reason why California owners should not take away a large share of this amount. In Vancouver we race on May 23 and 24, July 1 and 2, August 30 and September 1. In Seattle the dates are from August 15 to 25; then we have four days in Whatcombsville, 4, 5 and 6—and September 5 to 13 in Everett, and visit Salem, Portland, North Yakima, New Westminster, B. C.; Victoria, B. C.; Spokane, Lewiston and Boise in October. The circuit closes at Boise on October 25. In the past the California Jockey Club members have given us all possible support, and I think they have been well satisfied. At all events, we are hoping to have them with us again this year."
