FULTON ANNOUNCED AS THE CANDIDATE

Republican Managers Ask Portland to Elect Astorian to the Senate.

The significant feature of the great Republican rally on Saturday night at Burkhardt Hall was the formal announcement that Charles W. Fulton is the candidate for United States Senator.

Senator Fulton followed in one of his best oratorical efforts. Chairman Lewis again, in introducing him, presented the eloquent gentleman from the arid plains of Clatsop County as "our next United States Senator."

It was noticeable that very few of the buttons were displayed. Mr. Fulton was the only one on the stage wearing one, and scattered through the audience a dozen more could be seen on men.

THE FULTON BOOM SPRUNG. In opening the meeting, Chairman Lewis stated there would be three speakers, three men who figured most prominently in the campaign this year.

Judge Williams made a good speech, judged from the standpoint of stalwart Republicanism. As he warmed up, there were flashes of the old fire in the venerable statesman, and despite his 89 years showed that there was a remnant of old-time vigor left in him.

Mr. Fulton closed with a few remarks from J. H. Ackerman, Republican candidate for Superintendent of Public Instruction, and W. D. Fenton, a former Democrat, who with Fulton united with the Republicans a few years ago.

LINING UP THE RATES

A meeting is in session today at General Passenger Agent Craig's office of the O. R. & N. Company that may continue for several days. In explanation of its object and purport, it may be stated that for some time there were differences existing between the Soo Line and the several Chicago-St. Paul lines in the matter of passages.

By adjusting these differences it becomes necessary for the transcontinental lines to readjust their rate sheet to the changed conditions—to "line up the rates," as passenger men express it. It is for this purpose that the present meeting was called.

THE WEATHER. A storm apparently of decided character is approaching the mouth of the Columbia river from the ocean. It will probably cause general rains in this district during the next 36 hours, with high, gusty winds along the coast and over the Sound and straits.

No rain of consequence has occurred during the last 24 hours west of the Rocky mountains, but the cloudiness has increased generally in the Pacific Coast States, and light rain has fallen in New Mexico, Colorado, Wyoming and Nebraska.

It is decidedly cooler in Nevada and Southern Utah, and slightly cooler in Idaho.

The shipping at Northwest coast seaports has been notified regarding the approaching storm.

Oregon, Washington and Northern Idaho: Tonight and Tuesday, occasional rain; brisk to high southerly winds.

Southern Idaho: Tonight, increasing cloudiness, with showers in western portion; Tuesday, showers; southerly winds.

James Williams Kills Cockney George, a Longshoreman.

James Williams, alias McDonnell, alias Lee, an ex-convict, shot and killed a companion, a longshoreman called "Cockney George," at 7:45 o'clock last night. The murderer escaped.

The murder was the result of a drunken carousal, in which five persons participated, viz: Henry Lynch and wife, Robert Nelson and the two principals to the tragedy. The place at which the shooting occurred is supposed to be a boarding-house at 67 Second street, one door north of Davis.

The murderer is well known not only to the police but to all the habitués of the North End. He is also a "fiend."

He then ran into an adjoining room, and, grabbing a .45-70 Marlin carbine, came back, and taking deliberate aim at "Cockney," fired the fatal shot.

SAVAGE TRIAL

True Johnson's Story Bad for Accused.

The trial of Charles and Frankie Savage, accused principals in the Portland Hotel diamond robbery case, was continued before Judge Fraser in the State Circuit Court today.

After the evidence for the state had been submitted, Attorney Hume made a motion that the Court not allow the case to go to the jury for the reason that the testimony of the witnesses did not corroborate that of Kelly Wiley, and that the evidence was insufficient to prove the guilt of the defendant.

The main difference of the testimony was between Miss Glenn and Kelly Wiley. The latter said that Savage had not left his house, where she, Savage, Mrs. Savage and Wiley had been playing cards, until after they had had lunch, about half-past 10 o'clock P. M., and that they then went over to True Johnson's place.

Wiley had testified that he and Savage had gone to the Portland hotel together, at the instance of Savage, who wanted to see the head bellboy about being shifted from answering call bells to a job in the washroom.

Attorney Hume also contended that the testimony of the accomplices was not entitled to belief, and that the testimony of the other reputable witnesses failed utterly to corroborate that of the accomplices in a way that directly connected Savage with the commission of the crime.

True Johnson, one of the principal witnesses for the state, told a straight story and held up well under the severe fire of cross questions.

COURT NOTES.

Byron E. Miller has begun suit against Albert Abraham, the attorney, to recover \$125 for the performance of medical services between January, 1898, and April, 1897. Julia C. Richardson has petitioned the County Court for the removal of Bernard Orth as executor of the will of Eleanor Richardson, on the ground that he has removed to Vancouver, B. C., which is outside the jurisdiction of the court. Orth was bequeathed most of the property by the will, and the petitioner asserts that she has a claim against the estate for \$700 for breach of contract, caused by failure of deceased to fulfill an agreement made in writing to leave her all the property.
