

SEEING THE SIGHTS

Harriman Viewing the Columbia Today.

Announces the Building of the Riparia-Lewiston Road.

At 4 o'clock yesterday afternoon, the engineer of the Harriman special from San Francisco, which has been junketing northward easily by perks, whistled "down brakes" and the glittering procession of palaces on wheels came to a standstill.

It required an extra locomotive to pull in Mr. Harriman's train of six coaches, but one could have done the business. Just a little while before the auspicious advent of the kindly Mr. Harriman, who wishes Portland so well, the three coaches in the special train of President Mellen of the Northern Pacific flashed gloriously into the Grand Central Station.

It was a warm day for glittering spectacles. It isn't every day in the year that Portland can be visited by a real king of finance and railroads, and the grand visitor of another railroad king, but also has survived, and these pleasant gentlemen will be glad to learn of it.

President Mohler of the O. R. & N. Company was the first man to mount the steps of the car containing Mr. Harriman, to whom he extended the "glad hand."

When the time came for the favored ones to stretch their legs under the Arlington Club's mahogany, all were on hand to feast on "hors d'oeuvres Rogion de Coq," spring lamb chop, with the wool cut in a pompadour, gently followed by an aftermath of apricot brandy and benedictine.

BACK FROM SKAGWAY.

L. C. Hartman, a former resident of Albina, but now City Marshal at Skagway, Alaska, is in the city, in attendance at the bedside of his wife, who is reported to be in a very serious condition.

DARKEST AMERICA.

Major A. Harris delivered an illustrated lecture on "Darkest America. With Slide-Lights From Hawaii," to a large audience in the Salvation Army barracks at 128 First street last night.

HEAVY VOTE

Miss Westenfelder now leads in the contest. The votes for the most popular woman in the city are increasing in volume, almost 400 being polled today.

ABOUT PEOPLE.

Mrs. T. Wigman of Junction City is spending a few days here with relatives. Mrs. E. T. Jones of The Dalles is visiting in Portland.

THE WEATHER.

The storm yesterday over Western South Dakota has moved northward and is central this morning over Central Montana.

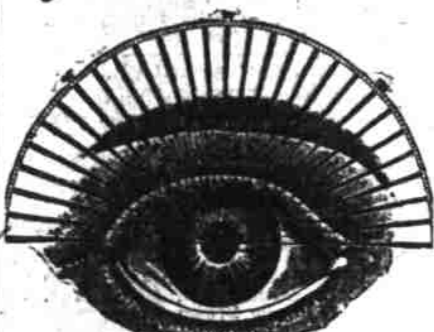

Perfect Laundry Work

Is produced only by laundries equipped with modern machines operated by skillful hands.

EAST SIDE RALLY

A Citizens' ticket rally will be held at Burkhard Hall, East Side, Thursday night. The First Regiment Band of 30 pieces will congregate at Third and Morrison streets and march across the bridge.

The FIELD OF SPORT

Baseball. Championship. Pacific Northwest League. Wednesday, 3:30 P. M. Grounds, 24th and Vaughn. Butte vs. Portland.

The outlook for some good ball playing this series is very bright. In Butte and Portland, two of the crack teams meet and if given the weather some good ball playing will be done.

Both teams are confident but the giants think they will be able to show the Webfooters a thing or two when they meet at 3:30 this afternoon in the first game of the series.

The Portland players are not in the best of condition. Third baseman Fred Weed, while batting, was hit in the eye by a foul ball yesterday afternoon, and was badly bruised.

It is not known who he is or what position he plays, but Vigneux has a new player on his way to Portland. Sammy admits the fact but will give no information.

When Manager Flannery and his Helena aggregation pulled up stakes and left for Spokane yesterday his team was greatly improved over what it was on arrival. He took with him, as regular members of his team, Pitcher Fleming and Shortstop Schmeer.

TACOMA TAKES THREE.

The Butte team dropped its third straight game to Tacoma yesterday. There was plenty of fun and a big score piled up. The summary:

Butte.....0 0 0 5 0 0 1 4 0-10 Tacoma.....0 0 0 0 0 0 6 3 1-11

Struck out by McCarthy, 3; by Gay, 2. Bases on balls, by Gay, 2; by Donnelly, 2; by Johnson, 4; by McCarthy, 4. Hit by pitcher, by Donnelly, 1. Passed ball, by Smith. Wild pitch, by Gay. Stolen bases, by Houtz, 2; Zearfoss, McHale, Murdoch, Johnson. Two-base hits, by Andrews, Murdoch, McIntyre, Gay. Home run, Marshall. Sacrifice hits, Joe McCarthy, 2; Zearfoss. Double plays, Hutchinson to J. McCarthy to Johnson; Marshall to McIntyre to McHale.

NORTHWEST SHOOT.

The programme of the Sportman's Association of the Northwest has just been completed, and in point of size and general make-up, it is the best programme ever gotten out by the association. It is very complete and contains 72 pages. Copies may be had free by writing A. J. Winters, Assistant Secretary, Portland, Oregon.

A synopsis of the events in a condensed form, is as follows: First Day.—Total number of targets to be shot, 200; total entrance money, \$22.75; added money, \$250.00. Second Day.—Total number of targets to be shot, 200; total entrance money, \$23.50; added money, \$400.00.

Third Day.—Total number of targets to be shot, 200; total entrance money, \$23.25; added money, \$400.00. There will also be \$300.00 cash added for general average prizes, making a total of \$1,500.00 cash added.

In addition to the above there are a number of trophies, medals, cups, and various other prizes to be shot for, aggregating in value over \$2,000.00. For the lady shooters there will be a gold championship medal for the best general average, a silver medal for the lady making the second best general average, and an elegant box of candy for the lady making the third best general average.

MISCELLANEOUS MATTERS.

Kid McCoy was saved by the bell in a six-round bout with Kid Carter at Philadelphia last night. He was knocked down five times and was much the weaker at the finish, although Carter was badly punished.

"Rickey" Adams, the left-handed pitcher of Spokane's league team, has been released in order that he may join the league team at Paris, Tex. Adams was with the Spokane team last year, and it had been hoped he would return for this season.

Young Corbett and Kid Parker, who are old-time ring rivals, met in Denver yesterday and agreed on the terms of a fight to be held in June next before the club offering the best purse. The weight is to be 125 pounds at 3 o'clock, and a side bet of \$2,500 was agreed upon.

Tom Sharkey wrote Tim McGrath before he sailed for England that he expected to be away at least three months. He intended to take Bob Armstrong to help him train, but the big colored scrapper did not show up when the ship sailed.

Al Neill, Pacific Coast middle-weight, is in Chicago, from Hot Springs. He announces his willingness to meet a Chicago fighter at an early date, but no negotiations have started. Unless a match is secured soon Neill will return to San Francisco, where he has an offer to meet Young Peter Jackson.

It is likely that Spike Sullivan will make a trip to England in the near future and will appear before the National Sporting Club, London. Dr. Ordway received a cable dispatch from Matchmaker Bettinson of the club to the effect that the foreign organization is desirous of having Sullivan meet Jakey White in a 15-round bout next month.

California defeated Oregon in the baseball game yesterday afternoon at Eugene by a score of 11 to 2. The game was played in a sea of mud and in frequent showers of rain, and was devoid of spectacular features.

Buddy King and Mose La Fontise will box at Salt Lake June 2. Mose writes that the boxing game in Montana is dead, very dead.

Butte has signed Duke Carter, formerly a pitcher for the Tacomas, and Brown of Athens. The latter has not been really signed but will be given a try out. From his past work in the amateur line he is likely to "make good" in professional ranks.

THE DALLES, May 20.—The 15-round mill advertised to be pulled off last night in this city between Jack Downey, of New York, and Jack Daly, of Chicago, failed to materialize on account of no audience, the total sale of tickets being only \$26. What few that were present, were entertained by a six-round glove contest between James Freeman, of Spokane, and Edward Murphy, of Portland. Jack Daly refereed the fight, while Campbell acted as second for Freeman and Hansen for Murphy. The slugging match from start to finish was Freeman's.

A conservative estimate is that the three counties of Baker, Wallowa and Union will reduce the Republican majority in the state by at least 1000 votes; some say by 1500 votes. Republican officials do not deny this.

Baker, Union and Wallowa Counties will send a solid Democratic delegation to the Legislature. While perhaps not exactly a revolution, it is one of those waves of political changes that sometimes sweep over a section, that amounts almost to a landslide, and which wins.

The Chamberlain Meeting.

The big Chamberlain demonstration at Union today indicated this. Although the weather was inclement and although the meeting was held in the afternoon, many citizens could not attend, the opera house where the reception was held was literally packed, and spontaneous enthusiasm marked every minute of the meeting.

The High School band, a most creditable organization, played martial music, and a half hour before the time of meeting the opera house, handsomely decorated, was filled with voters and their wives.

On the stage beside George E. Chamberlain and W. A. Wann, who were the speakers, were Judge Frank Wilson, T. H. Crawford and several other prominent Democrats.

In the audience, besides a representative constituency from the town, were scores of farmers from all parts of the county, who had come in to hear the next Governor speak.

E. E. Bragg was chairman of the meeting and introduced as the first speaker Professor W. A. Wann, candidate for Superintendent of Public Instruction, who in a speech of 30 minutes dealt such sledge-hammer blows on the present school system that he made himself many new friends in the audience.

Enthusiastic For Chamberlain. Chairman Bragg then introduced Mr. Chamberlain in a speech in which he said he had all day been hobnobbing

UNION WILL BE STRONG

For the Democratic Ticket—Baker and Wallowa the Same.

(Journal Special Service.)

UNION, May 20.—Union County, which when not Republican at least breaks even, will this year give to George E. Chamberlain a majority of from 500 to 750. One man who has long been in politics puts this majority as high as 800.

In Three Counties. A conservative estimate is that the three counties of Baker, Wallowa and Union will reduce the Republican majority in the state by at least 1000 votes.

While perhaps not exactly a revolution, it is one of those waves of political changes that sometimes sweep over a section, that amounts almost to a landslide, and which wins.

ABOUT PEOPLE.

Mrs. T. Wigman of Junction City is spending a few days here with relatives. Mrs. E. T. Jones of The Dalles is visiting in Portland.

Mrs. R. A. Booth of Eugene is visiting with friends here.

Mrs. H. P. Isaacs and daughter, Miss Grace Isaacs, of Walla Walla, are the guests of Portland friends.

Mrs. P. Levy and daughter, Miss Ernestine, of Salem, are spending a few days with friends in this city.

Mr. and Mrs. A. E. Murphy and children of Seattle are visiting in this city.

Mrs. Theodosia Downing of Salem is visiting at the home of her brother, Fred Geier, in this city. She will make this her home indefinitely.

PROTEST

Filed Against Wooden Block Pavement.

The proposition of the City Council to improve Washington street, from Sixteenth to the City Park, with wooden blocks treated with aneuric carbonium has met with an urgent remonstrance from the Gambrian Brewing Company, Gambrian Garden Company, Portland Railway Company and Naptially Kohn.

The petition is addressed to the Common Council of the City of Portland, and will be read at tomorrow's meeting, as follows:

"We, the undersigned property owners on Washington street, from the City Park to the east intersection of Twenty-third street, respectfully show to your honorable body that a proposition is on foot to improve Washington street, from Sixteenth street to the City Park, and that the matter has been placed before the City Engineer to make estimates as to the probable cost of improving the street by laying treated wooden blocks upon a concrete foundation, or asphalt pavement."

"That a wooden block pavement is not the proper improvement to be made upon said street from the City Park to the intersection of Twenty-third street, for the reason that nearly every winter and during the wet season that part of the street is submerged and overflowed from the waters of Johnson creek, and also from the watershed formed by the hills of the Barnes road."

"This overflow would cause the wooden blocks to float and be carried away at the very first heavy rain, and would operate similarly with asphalt."

"We therefore suggest that the portion of Washington street, from the east intersection of Twenty-third to the City Park, be not improved with wooden blocks, nor with asphalt, but that a macadam be laid on hard granite with good screenings and well rolled, we deeming that such an improvement will be the only feasible and permanent one to be made upon the parts of the street mentioned."

TIPPING THE GUEST. Walter—Beg pardon, sir, but haven't you forgotten something? Guest—Forgotten something? Ah, yes; a toothpick. Thanks.—Chicago News.

"Absolutely Painless"; That's Our Method

We do not claim to have a copyright on the ONLY painless dentistry, but we DO CLAIM that what we DO we do, by our painless methods, WE DO.
