W. C. T. U. NOTES.

At a meeting of the Sunnyside Alliance Monday night addresses were made by E. Lee Paet and I. E. Amos. Music was furnished by the Prohibition Male Quartet.

Since the oratorical contest held last Monday night for the Demorest silver medal, many others have asked for other contests to be held, and the managers of the former desire all holding silver medals, either Demorest or W. C. T. U., to leave their names at the Noon Rest, and if a sufficient number can be secured, a contest for a gold medal will be held.

Mrs. Unruh, the national purity worker who has just returned from an extended lecture tour of the East, will begin her lecture tour in this city by her address at the Y. W. C. A. rooms on May 25. The Bird Club.

At the last meeting of the John Burrough's Club, not much business was done, the time being devoted to an informal discussion of birds. It was reported that the yellow warbler has arrived in Oregon about 10 days ago; also the tanager. Attention was called to the fact that a large number of humming birds were to be found in the horse chestnut trees.

There was complaint made that young dogs are still being trained on skylarks and other birds in Ladd's Field, East Side. The club requests any one seeing this wanton slaughter to use his utmost endeavors to have it stopped.

A discussion was brought up regarding the advent into Oregon of the grosbeak. The point at issue was whether the grosbeak was to be found in Oregon before 1872. Members will investigate this matter, so as to make a definite report next meeting.

Rev. W. R. Lord was presented with a book of 40 photographs of native Oregon birds. This book was made up by Ross Nicholas and H. T. Bohlmann.

WOOLLEY LECTURES.

The cause of the Prohibition party was advanced by the lecture given by John G. Woolley at the First Baptist Church last night to an audience that crowded the house. He was introduced by Dr. I. H. Amos, the Prohibitionist candidate for Mayor of this city. Mr. Woolley is a forceful speaker and had the earnest attention of his auditors, who appreciated his remarks and his excellent oratory.

He opened his address by speaking of his recent trip through Europe and of his pleasure at being home again; of America being so far in advance of foreign countries in every point—social conditions, inventions, education, finance and government, and of the last named he said that governments derive their just power from the will of God, the consent of the governed being but a secondary matter.

Public sentiment does not do or undo anything, so long as people are dishonest in their actions," he said, and made an appeal to men of the party to stand by their ticket and not at the last minute vote with some other party in order to be with the strongest. He charges the saloon and liquor traffic with the corruption of politics and appealed to the party sympathizers to be faithful to their beliefs. He touched on the question of the attitude of the Secretary of War on the canton measure and concluded by saying that the hope of the future of the Prohibition party rests with the Christian voters of the nation, who can establish an example of civic pride and virtue as a tribute to American citizenship.

SCHAEFER'S FUNERAL.

The funeral of the late Professor Eugene L. Schaefer was held at St. Mark's Church yesterday afternoon. The attendance at the services was very large, composed mainly of delegations of students from Bishop Scott Academy, the Hill Military School and St. Helen's Hall, in all of which the late professor had been mathematical instructor.

Rev. John Simpson conducted the services. Nearly all the Episcopal ministers of the city were present, and the hymns were rendered by the vested choir. The vestrymen of St. Mark's Church acted as pallbearers. Interment was in River-view Cemetery.

IS GOULD BACKING THIS?

A great deal of interest is evinced in the actions of two surveying parties, which are operating between Oregon City and Eugene. They are supposed to be working in the interest of certain Eastern parties who are backing up the scheme. It is believed that the work is preliminary to one and possibly two new railroads.

The fact that the belief is so general that Eastern capitalists are back of the scheme leads some to think that the engineering corps is working under the direction, possibly, of the Gould interests.

A NOVEL SUIT

Judges of the State Circuit Court Sears, George and Frazer sat in joint session this morning to hear arguments on the demurrer to the complaint in the suit of Larch Mountain Investment Company vs. T. A. Garbade, Bridal Veil Lumbering Company, Sheriff Frazier et al., made by C. C. Palmer and George W. Joseph for the defendant.

The suit is a most novel one in that the Circuit Court is asked to set aside and reverse the decision of the State Supreme Court. The former suit was decided in favor of the Larch Mountain Investment Company. The amount involved is \$270. The present action is brought under the statutes which provide that "a decree in equity may be impeached, set aside, avoided, suspended or carried into execution by an original suit."

The dispute in the former suit arose over \$270 paid by the company to the Sheriff in January, 1900, for Garbade to redeem 1120 acres of timber land near Bridal Veil from an execution sale. After paying the amount the Larch Mountain Company negotiated a sale of the land to the Bridal Veil Lumbering Company for \$25,000. The lumber company undertook to persuade Garbade to take the money in the Sheriff's hands as a settlement of certain claims he held against the two companies. Garbade refused to do this. The Bridal Veil Lumbering Company then paid Garbade's claims in full, but he paid over to him, but the Sheriff refused to pay it to either party, the Larch Mountain Company brought suit in the State Circuit Court to determine who was entitled to the amount. Garbade won, and on the appeal to the Supreme Court this decision was reversed.

The case being a most unusual one, at the request of Arrottney C. C. Palmer a joint decision will be granted.

REQUIRED TO REPAY MONEY

Judge Sears this morning denied the motion for a new trial in the case of William Hearn, administrator of the estate of Harriet Mangan, deceased, vs. Rachel Loutitt et al. The suit was brought by Attorney Claude Strahan to compel the payment to the administrator of the sum of \$1500, alleged to have been appropriated out of the funds of Harriet Mangan, after her decease. The trial developed the fact that Rachel Loutitt had been acting as custodian of her money. She denied having spent any money that she did not belong to, and stated that she was able to meet all her expenses without calling upon any one else to help her.

After the decision, Attorney Strahan asked for a judgment on the verdict, which was granted.

BURROUGHS' BIRD CLUB.

The John Burrough's Club has instituted a contest in composition writing among the pupils of the public schools, to close June 1, the articles to be written on the subject of birds. At its meeting last night in the City Hall they appointed a committee to pass upon the papers.

The Saturday outings for field study are becoming most popular, and are always attended by a large number of the members. On the coming Saturday, the club will visit Arbor Lodge, on the road to St. Johns, leaving Third and Yamhill streets at 2 o'clock and spending the afternoon there. This place is accounted an especially interesting locality for bird study, as so many varieties are located there. Those already known, and for which the excursion will be made Saturday, are Parkman's wren, the towhee, chickadee, violet-green swallow, purple finch, evening grosbeak, junco, meadow lark, bushalt, phoebe bird, yellow hammer, golden-crowned kinglet and Audubon's warbler.

PENDLETON BETS WAS NOT OVATION

W. N. Matlock Says Furnish Loses Umatilla. A. D. Stillman Writes of Williamson Meeting.

W. N. Matlock, of Pendleton, son of W. F. Matlock, the latter the Democratic nominee for joint Representative from Umatilla and Morrow Counties, arrived in the city today, en route to Skagway. He has heavy business interests there, and will remain there during the Summer.

Mr. Matlock is well posted upon the political situation in Umatilla County. He said:

"A few days ago a bet was offered by a Furnish supporter of \$100 that Furnish would carry the county by 500. He instantly became a storm center and had so much money thrust at him that he and his people began to offer bets on 500. These were in turn taken with such avidity that again were the margins lowered, until now it is regarded as doubtful even by the Furnish people that he will carry Umatilla County, and the opposition are absolutely confident that he will lose it."

"I can not see how Mr. Furnish can carry the county. He has fighting him nearly all of the regular and life-long Republicans, and they are putting up such a scrap that one is compelled to look for them to wipe him off the political map."

"The local ticket looks good, too, and a large part of it will pull through with handsome majorities."

"One incident of the campaign was interesting, indeed. Judge John J. Balleray the other day offered to bet H. L. Swaggart, of Pendleton, that Furnish would carry the state by 5,000 majority. Mr. Swaggart got the money and hunted up Judge Balleray, who, after consulting with the people at Furnish's bank, decided that he did not care to make his bluff good. The incident caused considerable discussion, as it was taken to indicate that the claims of confidence on the part of the Furnish people were not very firmly grounded."

"First—The whole town did not turn out; neither did any considerable portion of it."

"Second—There was no political ovation whatever. So far from being the greatest political ovation ever seen in Eastern Oregon, it was not even the smallest."

"Third—The Pendleton Republican Club does not number 600 members, nor a majority fraction of that number. Seventy-two men, by actual count, accompanied Mr. Williamson from the hotel to the opera house."

"Fourth—The opera house was not crowded. Fully one-half of the seats in the gallery remained unoccupied during the entire evening."

"It is but fair to say that a very stormy afternoon and evening contributed somewhat to Mr. Williamson's failure at Pendleton."

THREE TO ONE

The Woodburn Voters Have no Use for Furnish.

A. Goldblatt, a Portland man who has just returned from Woodburn, Marion County, says that Furnish is a dead one in that locality. Democrats and Republicans alike are flocking to the Chamberlain standard and Woodburn, he says, will vote for the people's candidate at least in the ratio of three to one.

The straw vote taken there some time ago and of which so much was made by the Furnish people, he says, is no indication of the feeling of the people. Only about 17 voters signed it in all and of these some were Republican candidates and some were Chamberlain men who simply signed as a joke.

Even men who have been staunch Republicans all their lives, so Mr. Goldblatt says, are turning against the Furnish ring by scores and throughout the country for 25 miles around. Jack Matthews' protege will meet a crushing defeat.

NEW COMPANIES.

Articles of Incorporation of the Skamania Mining & Milling Company were filed with the clerk of the County Court today by G. W. Simpson, B. Hagedorn and R. Palitzsch. The capital stock is \$100,000.

John P. Rusk, Z. R. Hayden and Leo Rusk today filed articles incorporating the Pacific Mining & Development Company; capital stock, \$1,000,000.

A GRAVE MENACE.

(Scripps-McRae News Association.) CHICAGO, May 22.—A secret meeting of the executive committee of the Illinois District Union Mine Workers is said to have been held here last night, at which it was decided to join the Michigan and three Pennsylvania districts in a call for a national convention to consider the advisability of calling a strike in the bituminous coal fields. This, if true, assures the calling of a convention.
