

ROLLS IN AGONY

Peculiar Case of a Bean in the Ear.

(Scripps-McRae News Association.) HAMBURG, Pa., May 22.—George, the 10-year-old son of Merchant J. R. Kelm, Honesdale, Pa., is suffering untold agonies as the result of a bean in his ear. The lad, while attending public school, playfully placed the bean in his ear and failed to remove it. It since became moist and swelled and is resting against the eardrum. Several local physicians attempted to remove the foreign substance but failed. The lad is kept continually under the influence of opiates to counteract the pain.

GIRL BITTEN BY RATTLER

(Journal Special Service.) LA CROIXE, Wis., May 22.—Grace Dickson, the 6-year-old daughter of Mr. and Mrs. C. Dickson, farmers living across the river near Freshburg, was bitten and killed by a large rattlesnake while trying to save her 3-year-old brother from the serpent. She had left her little brother in his baby carriage on the porch for a moment. Upon her return she saw the snake in the buggy with the baby. She endeavored to poke the reptile out with a broom, when it slid down the handle, wound its body around the little girl's neck and sunk its poisonous fangs into her neck. She died soon after in extreme agony. The baby was uninjured.

KNOCKED OUT

(Journal Special Service.) PARIS, May 22.—Further experiments by various French physicians confirm the success of the discovery which so neutralizes the nicotine in tobacco so that cigars and cigarettes, while retaining their perfect aroma, are absolutely injurious to the health. Dr. Gautier smoked 30 large black cigars in 12 hours without any bad effect, and usually three smoked successively make him ill. Dr. Bouillon made a boy of 15, a non-smoker, smoke four cigars during an afternoon, and the pulse of the boy did not rise and he was not nauseated. Fastidious amateurs have failed to distinguish the neutralized cigars from the ordinary ones. The process is secret and consists in steeping the tobacco leaves for several hours in some liquid compound.

FAMOUS SCHOOL

(Journal Special Service.) WINSTON-SALEM, N. C., May 22.—The centennial celebration of Salem Female College, for which preparations have been making for more than a year, was ushered in today under the most favorable auspices. Alumni and friends of the institution are here from many parts of the country and everything points to a celebration in keeping with the importance of the occasion. The program covers a full week, concluding next Thursday with the graduation exercises and the laying of the corner stones of the Alumnae Centennial Memorial Chapel. Governor Aycock, Edward Bok and other persons of prominence are included among the participants.

WHAT'S IN A NAME?

(Journal Special Service.) METERSBURG, Ind., May 22.—In the Pike Circuit Court case of Shaw against Shaw, for divorce, Mrs. Shaw, the plaintiff was asked her name. She electrified the court and spectators by answering: "My name is Mrs. Amanda Luke Leora Bell Leonard Ezra Isaac Dell Patton Shaw. An older sister of mine was engaged to a Mr. Abbott when I was born and she had the honor of naming me, and, not knowing what would suit him best she gave me the first name of each Abbott!"

TINY TWINS

(Journal Special Service.) CHICAGO, May 22.—Twin babies, girls, 40 days old, asserted by physicians to be the smallest twins in the world, are living in an incubator at the Lying-In Hospital. One weighs two pounds two ounces and the other one pound 11 ounces. They lie in the incubator at a temperature of 89 degrees, swathed in wool flannels, and divide their time between drinking milk and sleeping.

NORTON TO WH?

(Journal Special Service.) SANDUSKY, O., May 22.—Indications point to the re-nomination of Congressman James A. Norton at the Democratic Congressional convention of the 13th district in session here today. There is an organized opposition, but the Norton forces appear to have the better of the contest and express confidence in their ability to win the fight.

SCRIBES MEET IN MOBILE

(Journal Special Service.) MOBILE, Ala., May 22.—Today has marked the apotheosis of the Alabama newspaper man. From the time he entered the city gates to attend the annual meeting of the Alabama Press Association he was picked up on a velvet cushion and that sort of aristocratic mode of locomotion has been his throughout the week and will continue at his disposal until he takes his departure tomorrow. There are about 50 members in attendance and many have their wives with them. It has been a busy day for them all. The session opened in the Y. M. C. A. auditorium at 10 o'clock this morning, at which time the association listened to addresses of welcome by Hon. Walter F. Walsh and others. The feature of the session was the annual address of the president, W. E. W. Yerby of Greensboro. Reports of other officers followed and the convention then took up the reading and discussion of papers on subjects of direct interest to those engaged in newspaper making. The sessions will be continued and concluded tomorrow.

LOCAL RAILROAD NOTES.

The reduction of passenger fares on the Southern Pacific lines in Oregon has already been authorized. The order reached General Freight and Passenger Agent Coman late yesterday direct from Traffic Director Stubbs and Passenger Traffic Manager McCormick. The order following so closely upon the promise of President Harriman is not a surprise, because Mr. Coman informed The Journal he was expecting it, and that when it came the compilation of new tariff sheets would be gotten under way at once. The work of amending the passenger rate sheets is no light one, and involves a great deal of clerical labor. It is not likely that the new rates will be ready to be quoted until June 1. Fares between Portland and San Francisco will not be affected. All local rates in Oregon, excepting certain suburban rates, already below 2 cents a mile, are the ones affected. To expend \$700,000 in one year in track betterments is quite a neat little sum to put out, yet that is just what the Northern Pacific will spend this year on its Pacific division, between Portland and Bilsnburg, Wash. New sidings will be put in, much ballasting done and about 12 miles of track relaid with 75 and 80-pound steel rails. Ballasting is already in progress between Portland and Goble. By the end of the year the extension north from Lequiam will be entirely completed. There is already in motion the plan. This will be turned over to the operating department soon. There are still 17 miles of track to be laid.

LOWER RATES Will Be Asked on Freight by Chamber of Commerce.

A private conference of the trustees of the Chamber of Commerce was held yesterday afternoon at 248 Washington street. Those present were President Mears, W. B. Ayer, W. J. Burns, L. A. Lewis, W. S. Sibson and A. Wolfe. The meeting was called for the purpose of discussing the question of lower rail-road freight rates, the hint being given by Mr. Harriman, while he was in Portland, that if the Chamber of Commerce would take the proper steps, he would consider a reduction in freight rates. The matter was finally referred to the transportation committee consisting of Henry Hahn, T. D. Honeyman, A. H. Devers, John P. O'Shea, W. H. Beharell, A. F. Biles, W. A. Mears, O. M. Scott, E. Ehrman, George Lawrence, I. N. Fleischer, H. Wittenberg, F. A. Nitchy, E. M. Brannick, F. H. Mansour, C. Lombardi, A. H. Kerr, S. B. Bearn, Sol. Blumauer, R. F. Pral, D. J. Zan, W. C. Noon, P. Loewengart and L. A. Lewis. The committee will ask as a first a reduction in present freight rates as possible. In case they could accomplish nothing the matter is to be referred back to the Chamber trustees who would then take the same course of action as they did in the recent bar pilot controversy with the O. R. & N. Company. General Charles F. Beebe was appointed to represent the Chamber on the reception committee of the A. O. U. W., to welcome their delegates to their annual convention on June 9.

AFTER THE BEEF BARONS.

Oregon is beginning to reel the effect of the measures set on foot by the Department of Justice at Washington, in relation to the beef trust. Attorney General Knox has sent out instructions to United States District Attorney John H. Hall, in common with other government attorneys, in relation to the matter. A general investigation is probably in progress in every state at this time. The matter is based upon the complaint filed by the government against Swift & Co. and other of the great packers. District Attorney Hall contends that many of the allegations in the complaint will not apply in Oregon, for obvious reasons. Meanwhile, he is making a careful investigation.

THE WEATHER.

The conditions in the North Pacific states continue very unsettled. The storm yesterday north of the Dakotas has remained nearly stationary and it has been joined by another disturbance, which passed eastward over British Columbia yesterday afternoon. Light to moderately heavy rains have occurred in Eastern Washington, Eastern Oregon, Idaho and Montana. Rain has also fallen in Minnesota, Iowa and Illinois. It is unseasonably cool in the southwestern states, and sharp frosts are reported this morning in Nevada and Utah. The indications are for snows in the western portion of this district Friday, and clearing weather east of the Cascade Mountains.

CONVULSION.

He—I really believe I'd get married if it wasn't for the fact that a man takes such a awful risk in going up against the matrimonial lottery. She—You shouldn't let a little thing like that worry you. I'm sure you couldn't possibly do worse than your wife anyway.—New York Sun.

THE MARKETS.

The steamer George W. Elder brought the usual cargo of California greens last night, and the street received its supply this morning. The grain market is rather quiet on sales, but there is a decided firmness on quotations. The grain houses report nothing moving. Nearly the entire season's output of mohair has been sold, and a great many deliveries are being made. Quotations are the same. In the Eastern markets there was noticeable a better tone on wool. Local conditions remain as formerly. The butter market is looking better every day. The great surplus stocks have about been got out of the way, and a better feeling is noticed on new production. A great deal of the overstock was shipped to the Sound and through the Valley. Creamery still sells at 16 1/2¢.

POLITICAL NOTES.

Henry St. Rayner will speak at Aurora Saturday night. V. B. Dolliver, of Iowa, will deliver an address at Ashland tonight. Tomorrow night he will speak at Roseburg and at Eugene Saturday night. The people of Multnomah County will hear him before the campaign closes. The several nominees on the Republican County ticket returned yesterday from a two-days' canvass of the eastern part of Multnomah County. They spoke at Bridal Veil, LaPorte and Troutdale. They will address meetings at Fairview tonight and at Montavilla Friday evening. Residents of the Fourth ward interested in the formation of a Citizens' Club met at Edward Holman's undertaking parlors last evening. The organization was perfected and preparations made for active campaign work. P. A. MacPherson was elected president and G. A. Smith secretary. Another meeting will be held next Monday evening at the same place. Pendleton is preparing the erection of the mail boxes before establishing the delivery system in that city.

BIG CHECK

(Journal Special Service.) VANCOUVER, B. C., May 22.—A check for \$250,000 was paid to the British Columbia Packers' Association, in the deal just completed of the amalgamation of 50 canneries of the Fraser River. The check was signed by Aemilius Jarvis & Co. of Toronto, brokers, who engineered the consolidation. The payment represents one-third of the value of the plant, two-thirds of the value of the canneries being paid for in stock.
