

THE JOURNAL JR.

W. A. DILL, C. P. SARGENT, High School Editors in Chief.

Conducted by Students of Portland's High School, and contributed to by all city schools.

No. 6. A WEEKLY CHRONICLE OF SCHOOL NEWS OF PORTLAND.

High School.

PHILOLEXIAN SOCIETY. Following the usual program, Hazel Phillips opened the Philolexian literary meeting with an impromptu, "The Transfer of Government in Cuba."

prohibition does not prohibit, but that the decision of the judges was read, the question was opened to the house, and many, among whom was Prof. R. R. Steele, participated in a spirited discussion of the liquor question.

MEDAL CONTEST. The participants in the Alumni medal contest have been working earnestly all this week. The contest will be held Friday evening, June 6.

NEWS NOTES. Leo Shapner has taken the stump for the Citizens' ticket, playing the piano for Judge Hennessey.

Williams Avenue School.

After the five minutes' trip made to the stars this week, the pupils of the Seventh "B" returned to the earth for a season.

George Treber of the Sixth "B" was absent Monday and Tuesday on account of illness.

Opal Booth and Inez Matteson of the Sixth "B" were absent on account of illness.

Herry and Jesse Courtney will not return to school this term.

George and Charles Betts are absent on account of the death of their grandfather.

Ethel Larson of the Fifth "A" is absent on account of illness.

The Fifth "A" class went to the stereopticon room yesterday.

The Williams Avenue School has been holding assemblies to practice for Decoration day.

Willie and Charles Cruse of the Sixth "B" are absent on account of illness.

Agnes Loughan and Frances Moxer of the Eighth "B" were absent Monday on account of illness.

Ellie Ferguson and Victor Dagleigh of the Seventh "A" were absent Monday on account of illness.

Edna Thompson of the Seventh "A" was absent Tuesday on account of illness.

Margaret Wahley and Dorcas Hedlin of the Ninth "A" were absent during the week on account of illness.

Irving Plettenburg and Sam Sacs of the Sixth "A" were absent Tuesday on account of illness.

Thompson School.

Tena Ogden made the pupils and teacher of the Ninth grade a pleasant call on Tuesday of this week.

Mrs. Donnell called on Thursday of last week to pay her respects to the school. She is always a welcome visitor.

A surprise party was held at 728 Union avenue. It was arranged by Lena Bauer and Minnie Graff for Pearl Bauer on Friday evening, May 10. Those present were Mary Bernard, Louise Schlegel, Minnie Graff, Mary Schriber, Lena Bauer, John Hahn, Peter Bernhard, John Repp, Conrad Repp, Henry Miller.

Henry Donis and Minnie Slag. Refreshments were served and games were played and the evening was enjoyed by all.

The February '02 class of the Thompson School gave another of its delightful parties Saturday evening, May 17, at the home of Mr. and Mrs. Collins. Many pleasant games were played until a late hour, when light refreshments were served.

Those present were Mr. and Mrs. Collins, Miss Myers, May Thayer, Eva Olmsted, Valie Vollins, Ethel Durham, Verna Morrison, Wilma Munger, Esther Collins, Dulcia Segur, Mabel Lovelock, Lucille Madden, George Williams, Will Straham Ben Segur, Noah Frederick, Colonel McKenna, George Grayson and Arthur Tomlinson.

Harrison School Notes.

Grace Barbou of the Eighth "A" class, who has been absent from school for some time, is not expected to return.

Judith Joy of the Fifth grade recited "The Wind and the Moon" in Tuesday's assembly.

Teacher—Now, children, where does Philadelphia get the wool to make so many woolen carpets? Children—From the sheep.

Grace Cauthon was absent from school this week.

Much hard studying has been going on during the last week, preparatory to the coming final examinations. Warmer weather is now here, too, and school is not as agreeable as it might be.

Memorial day is near at hand, and those who are to take part in the program are busy practicing. The program will be very interesting.

The children met in special assembly on Thursday and listened to an interesting lecture by Mrs. Ada Wallace Unruh. It was greatly enjoyed by all. She has spoken in the schools of many states and will speak before the mothers' meeting next Friday.

Park School.

Yesterday an accident happened near the school. A horse slipped and fell. He was bruised in many places. A small boy in one of the lower grades, was so moved by pity at this occurrence that he asked his teacher if he could not go out with clothes and bind up the horse's wounds.

Another boy of the same room, kindly contributed a handkerchief. The other scholars asked permission to go out with wet sponges and wash the blood from the bruises. The owner of the horse heartily thanked the children for their kind assistance. It is to be hoped that the horse will soon recover.

One of the rooms of the school gave a party Friday afternoon. A musical and literary program was rendered by some of the pupils of this and other rooms, after which games were played and refreshments served.

The Decoration Day exercises will be held in the Assembly Hall next Thursday. Some of the G. A. R. veterans will be present.

Couch School News.

A pleasant surprise party was given Miss Orth Friday, May 15, by her class. Raymond Jones of the Sixth grade is going to Eastern Oregon.

Miss Emma Griebel and Mrs. Brush-William, former teachers of the Couch School, visited the various rooms in the school this week.

Minna Hatfield is welcomed back by all her friends after an illness of several weeks.

Eleanor Scott of the Seventh grade has been absent this week on account of a severe cold.

Mabel Harriase, a former pupil of the Couch School, was married last week.

Fire Drills Needed.

The chimney fire at Falling school this week emphasized the need of better preparation for fire in our schools. A teacher seeing the smoke from her window, became excited and nearly caused a panic.

A big fire in one of our schools would be a serious thing. The buildings are of wood and would burn quickly. It would be well for the school board to make a careful examination of our schools, both as to the condition of the building and as to methods of fire drill. The janitor of Falling is quoted as saying that he has been expecting that fire for a week—Expected the fire and yet did nothing to prevent it.

Some schools have fire brigades to remove books and wraps from the building and to assist in keeping the students in line.

Gentry Bros.' Shows United.

The consolidating of Gentry Bros.' Famous Trained Animal Shows, which have long been the most popular tented exhibitions in the world, makes an important union of excellent performances by combining what have heretofore traveled separately. The exhibition is fully twice its former size; in addition to the augmented professional displays, the performance this season requires double the space and time that it formerly did.

The famous shows united will exhibit here at Multnomah Field, Friday and Saturday, May 20 and 21.

RAN AMUCK.

(Journal Special Service.) NEW YORK, May 24.—Peter Lineman, 30 years old, a farm hand employed by Charles Winner, near Green Village, has wrecked three houses and nearly killed Mrs. Winner, Lineman, who had just quit work, is said to have been intoxicated.

Returning to the Winner house he found the door locked. Securing an axe he broke in and demolished everything in sight. When Winner and his wife appeared Lineman hurled his axe at the woman and she fell, severely wounded. Lineman took up the weapon and visited the homes of two other families, breaking in the doors, and destroying the furniture.

Meantime Winner ran to the nearest telephone half a mile away, and telephoned Sheriff Baker, who swore in a posse of eight men. Before they reached the place, however, Lineman had fallen before a load of shot from a gun in the hands of a house owner and he was carried to jail. Mrs. Winner probably will die.

SUICIDE HALL.

(Journal Special Service.) NEW YORK, May 24.—"To Let" signs appeared in the windows of McGurk's suicide hall, famous for the fact that so many young women swallowed liquor with poison at its doors. The police refused concert hall licenses to it, Volk's garden and the Tivoli on the Bowery.

CAME HIGH.

(Journal Special Service.) NEW YORK, May 24.—George A. Kessler has brought suit to restrain Emanuel S. Chappelle from leaving his firm to enter the employ of a rival organization.

Kessler says it has cost him \$40,000 a year to keep Chappelle buying wine and occupying the best hotels. In addition, he paid him \$5,000 a year salary.

IN HONOR OF HER HEROES Nova Scotia Unveils a Monument to Her Dead.

(Journal Special Service.)

HALIFAX, N. S., May 24.—A handsome tribute to the Nova Scotians who have fallen in South Africa in the war against the Boers was unveiled today with military ceremonies. The memorial is in the form of a bronze statue of a soldier modeled by Hamilton McCarthy. The statue represents a British soldier in action giving the signal, "The Enemy in Sight."

Strapped about his body are all the accoutrements carried by a soldier. Below the statue on the granite base are engraved the names of the Canadians who fell in South Africa, and in addition are four bronze medallions, representing the departure of the soldiers from Halifax, the battles of Paardeberg and Whitpoort and the siege of Mafeking. An interesting feature of the memorial is that the first name on the roll of honor under the giant figure is that of Lieutenant Charles Carroll Wood, son of Captain J. Taylor Wood, commander of the Tallahassee, a Confederate war vessel, who was the nephew of Jefferson Davis and grandson of President Zachary Taylor.

CAPT. FRANK U. SMITH.

EXCURSION PROMOTER. Though young in years, Captain Frank J. Smith has had an experience of 23 years on the Willamette and Columbia rivers. He is now engaged in the excursion business, and will devote his time to pleasure trips on the rivers, many

to new points of interest not known to the average citizen. His first spin will be by steamer to Castle Rock, in the heart of the Columbia gorge, by steamer Albany, on Sun-day, June 1, at 50 cents for the round trip. Kodak feeds, remember this. Captain Smith's office is foot of Washington street. Both phones, 501.

GREAT BOHEMIA MINING DISTRICT

(Continued from Page 3 of Supplement.)

Kimball by the Tacoma Smelting Company and local assessors gave gross values per ton as follows: \$7.12, \$8.57, \$23.94, \$10.25, \$12.35, \$10.26, \$10.15, \$32.32 and \$10.24. The poorer showing made by the government report is due to the fact that only free-milling ores were considered.

STAMP CAPACITY. The present stamp capacity of the Bohemia district is 63 stamps, which are distributed as follows: Noonday, 20; Helena, 10; Musick, 10; Champion, 10; Star, 5; Stocks & Harlow, 5; Tom Johnson, 3.

THE STAR GROUP. The Star Consolidated Mining & Milling Company, owners of another of the prominent Bohemia properties, has had \$20,000 spent in its development, and unless all signs fail this will soon be one of the healthy dividend-payers of the Calapooia mountains. Its claims are directed by R. J. Jennings, P. J. Jennings and M. G. McNicholas, men of superb standing in both the mining and financial world. The property of this company consists of the following claims: Mexican, Black Traveler, Excelsior, Golden

will be prepared to smelt.

of timber the road to Bohemia passes, and over or in close proximity to this road a railroad is now being constructed to intersect the Southern Pacific at Cottage Grove.

CONSTANT DIVIDENDS. The Helena Consolidated Mining & Milling Company, owners of the Helena group of mines, is distributing in dividends each month to stockholders one-half cent per share on its capitalization of \$1,500,000, or \$750 per month credit.

BENEFIT TO ALL. The railroad, now so rapidly nearing the mineral belt of the Calapooias, will benefit nearly all of the 8000 locations already made, but the best properties which will quickly feel its benefits are these:

- Musick, 13 claims, 5000 feet of work, and 7000 feet just contracted for. Helena, 11 claims, 5000 feet. Champion, 17 claims, 2500 feet. Star, 14 claims, 2500 feet. Vesuvius, 5 claims, 3500 feet. Stocks & Harlow, Fairview Mining Company, 6 claims, 1000 feet. White Bear, 2 claims, 200 feet. Churchill property, known as Three Monte Group, 3 claims, 300 feet. Hiawatha, 4 claims, 1000 feet. Peterson, 4 claims, 350 feet. Anaconda, 4 claims, 300 feet. Sweepstake, 4 claims, 100 feet. Elephant, 2 claims, 250 feet. Sarah, 1 claim, 200 feet. Peckaboo, 2 claims, 100 feet. Confidence, 4 claims, 100 feet. Riverside, 7 claims, 600 feet. Wall Street, 7 claims, 600 feet. Newmarket, 8 claims, 700 feet. Big Maud and Saddle B, 2 claims, 60 feet. Adams, 3 claims, 200 feet. Le Roy, 7 claims, 700 feet. Grizzly, 5 claims, 600 feet. Nemo, 2 claims, 150 feet. Sunrise, 4 claims, 600 feet. Happy Jack, 1 claim, 100 feet. Crystal Consolidated, 7 claims, 600 feet. Mollen, 1 claim, 150 feet. Gold Cross, Bohemia Gold Mining Company, 2 claims, 200 feet. Hardknocker, 9 claims, 300 feet. Drum Lummon, 2 claims, 500 feet. Glenwood, 5 claims, 250 feet. Lost Mine, 2 claims, 200 feet. Hubbard, 5 claims, 75 feet. Bohemia Girl, 3 claims, 250 feet. Boston, 6 claims, 350 feet. Oregon-Colorado, 9 claims, 1000 feet. Winchester, 3 claims, 100 feet. B. Lurch, 4 claims, 200 hundred feet. White Cat, 1 claim, 100 feet.

THE DISTRICT'S FRIENDS. To P. J. R. J. and J. J. Jennings is almost entirely due the credit of accomplishing the opening up of this fine mineral section. The INDEFATIGABLE ENERGY AND PUSH of these men have done all things of benefit to the district mine owners.

Within 40 days of the time Mr. P. J. Jennings said: "We ought to have a telephone line connecting Cottage Grove with the mines 40 miles away," the line was in operation.

Within six months of the time he said: "We are now ready to build a railroad," he had floated his bonds, contracts were let and grading had commenced. His brothers have always been his alert lieutenants, and their "go" and "hustle" have accomplished for Bohemia in a few years what the region would doubtless have lacked for 40 years to come had they not come there.

Mr. P. J. Jennings is at this time in New York on business connected with the properties. A well defined rumor has it that his mission has something to do with a smelter to be built in Portland.

FINE TIMBER. Adjacent to and intervening between Cottage Grove and the Bohemia Mining district is an almost unlimited body of the finest quality of timber on the Pacific Coast, consisting of red and yellow fir, cedar, spruce and sugar pine. Through this almost inexhaustible body

MUBICK LOBE.

NO SHAFTS TO SINK. It is of the utmost importance to know that the Bohemia mines are purely tunnel propositions. Mining men will quickly understand the importance of this, no hoisting apparatus, which is not only costly at the beginning, but exceedingly expensive to operate, is not required to hoist the rocks, nor are pumps necessary to keep the water out.

Enormous quantities of ore are already blocked out at the various mines, the Helena, alone having something like \$600,000 worth in sight. Among the others similarly conditioned are the Musick, Star, Le Roy, Vesuvius, Oregon-Colorado, Champion, Crystal Consolidated, etc.

A two-foot tunnel contract, connecting the Champion East, on one side of the mountain, with the Musick mine, on the other side, has just been let. This great tunnel will cost a fortune in itself, but will be worth hundreds of thousands of dollars in sight. Among the others similarly conditioned are the Musick, Star, Le Roy, Vesuvius, Oregon-Colorado, Champion, Crystal Consolidated, etc.
