Delegations from Meade Post, G. A. R., and the Relief Corps have held interesting memorial exercises in the city and suburban schools during the week. The exercises at St. John's parochial school were of special interest. An excellent program was presented by the pupils, and the principal addresses by the visitors were from Commander L. W. Ingram and Mrs. Jennie E. Harding, department president of the Relief Corps of Oregon. A delegation will hold exercises in the Milwaukee schools this afternoon.

ASHLAND.

(Journal Special Service.) ASHLAND, May 28.—Report comes from Polkama, a few miles south of Ashland, that the extensive interests of the Sugar Pine Lumbering Company have been sold to an Eastern syndicate, which has already assumed management of the affairs. The consideration is not made public, but it is many thousands of dollars.

C. Y. Harry, of Portland, President of the Oregon Federation of Labor, has completed an organization in Ashland. The charter membership is 26. George S. Calhoun has been compelled to leave here for San Francisco for medical treatment. He was severely injured while traveling in Southern California a few days since, in attempting to catch a moving train. Ed Brautrecht, of Yreka, Cal., who is working for Contractor Cooper in building a box factory at Weed, just over the line in California, fell from the upper floor yesterday, breaking an arm, terribly mashing his head, bruising his body and otherwise injuring him. Medical assistance was secured promptly but it is thought the injuries will prove fatal. Brakeman Schrader lost his right foot in a wreck on the McCloud road Monday.

of the New York & Western Mining Company, which concern they represent in Oregon. The Democrats feel confident of carrying Baker County both on the state and county ticket. A careful canvass of the county by the various candidates shows that most of the names on the Democratic ticket will receive a majority of the votes. This canvass is not only a partisan canvass but it is backed up by the opinions and evidence of Republicans throughout the county. Leading business men, stockmen and ranchers who are in a position to know of what they speak nearly all agree that there will be a Democratic landslide in Eastern Oregon next Monday.

ROSEBURG.

(Journal Special Service.) ROSEBURG, May 28.—Two campaign speeches were delivered here Tuesday evening by Hon. Wm. Covig, of Jacksonville, and T. C. Halley, of Pendleton. The Democratic managers endeavored to arrange for a joint meeting with the Republicans, but for some cause they failed to materialize. The large flag pole recently ordered by the County Court arrived here today from Peet, a distance of 30 miles, and will soon be in place on the court house lawn. The pole which is 128 feet in length, and 4 inches in diameter at the top and 2 inches at the base, was brought in by Blakely Bros. without a mishap of any kind. The Women's Relief Corps has kindly donated a large silk flag. B. W. Strong and F. W. Dillard, candidates on the Democratic ticket for County Judge and Sheriff, have returned from the north end of the county and report everything in that section favorable for the ticket and that Hon. Geo. E. Chamberlain will run far ahead of his ticket.

EAST SIDE BRIEFS.

A monument will be erected over the grave of James Powell, an old pioneer, at Oresham Cemetery today. He came to Oregon in the early '50s. A telephone call to the Highland Chemical Company Tuesday brought the department to a fire in the cottage of Edward Stansbury at Woodlawn. No one was home at the time of the fire. The house and contents were destroyed. The Troutdale school will close its term this afternoon. No public exercises will be held. The graduating class consists of Miss Jennie Wilson, Miss Eva Morrison and Fred Fielding. The school had a very successful term this year, about 80 pupils being enrolled. Mount Scott is coming to the front in the way of improvements. A number of new cottages are under construction, and a number of others are contemplated. A new pumping-station has also been put in to supply the district with water. Memorial exercises are being held in Firemen's Hall, Sellwood, this afternoon by the pupils of the public school in connection with Pickett Post, G. A. R. The new gas main on East Burnside from Grand avenue to East Twenty-third street is nearly completed. The graveling of the street is being pushed rapidly forward. The Portland General Electric Company is placing a 90-foot pole over the gulch on Grand avenue near East Stark street. The pole has been spliced, two smaller ones, one 60 feet and the other 25 feet being put together and bound with heavy wire. No hole will be dug as it is estimated that the pole will sink 9 feet into the mud below by its own weight.

Hawthorne Site.

The committee of 25 appointed at a mass meeting of the citizens of the East Side last week to raise \$10,000 for the purchase of a block of land as the site of a permanent art and historical building should the Fair directors accept the offer of the Hawthornes of some 22 acres of land for the Fair site, report that it is making good progress. The strike has hampered the committee some but there is no lack of encouragement to the scheme.

EILERS PIANO HOUSE

WERLEIN A WINNER.

If the attitude of J. E. Werlein's personal friends toward his re-election as City Treasurer is any criterion, then there is no doubt that the Citizens' candidate will be a winner. If Mr. Werlein is defeated, the fact would certainly go to prove the truthfulness of the old adage, "A prophet is never without honor or save in his own country." Among the latest manifestations of this nature the one contained in the following telegram is particularly encouraging: "Idaho Falls, May 27.—J. E. Werlein, Portland, Or.: Your work seems to be effective, as evidenced by Scott's overflow of bile. Stick little longer; you will win. E. H. THOMPSON.

Yesterday as Mr. Werlein was on his way to his office a lady friend presented him with the finest bouquet of red roses she could find in her garden, in honor, as she said, of the gallant fight for the right he was making in the present campaign.

TRAFFIC DELAYED.

The work of putting in the new bents under the Morrison-street bridge is being rushed as rapidly as possible by Foreman Richmond and his men. The men now have to work in water, and there is a consequent slowness in completing the job. While they were propping up the approach yesterday morning there was a delay in street-car communication, the cars running to the east end of the bridge and then transferring their passengers. The work will be completed in a few days and then the roadway will be replanked.

Not only will buildings be made attractive to the eyes of visitors by decorations, but they convey a good impression. The delegates are all wide-awake rustlers of trade and a body of intelligent men. ST. JOHNS.

The St. Johns public school has prepared a fine literary and musical program for its memorial exercises, which is being rendered this afternoon. The program is as follows: Song, "Red, White and Blue," school; remarks, W. H. Hamilton; recitation, "Paul Revere's Ride," Hazel Ogden; song, "The Moon is Beaming O'er the Lake," school; address, C. St. Johns has had a taste of the labor trouble that has been stirring Portland the past month. The managers of the veneering factory decided that their men would have to work 12½ hours instead of 10 hours, and eight of the men did not return to work Tuesday evening. Further trouble is liable to ensue. Supervisor Hart has a number of men employed on the county road from Walker's to St. Johns. The road has been laid out a number of years, but has never been worked. It will connect with the boulevard.

George Pettit is in a very serious condition at his home in St. Johns as the result of running a rusty nail into his foot about a week ago. He is now suffering from lockjaw as a result. Dr. Hubbard is in attendance. Conductor Thomas Monahan has received a letter from Mrs. Monahan at Hood River. She reports the family in good health. J. M. Gerlach has moved his family from Portland into the John Carlson residence.

The condition of Mrs. Whitsett, who has been quite ill for several months, does not seem to be improved. A meeting of the executive committee of the St. Johns Progressive Commercial Club will be held in Chipman's real estate office tomorrow. It is expected that the incorporation matter will be brought

ON THE PENINSULA.

A night crew was put to work Tuesday at Cone's sawmill. The mill is now being run to its full capacity night and day. Mr. Beard is about to begin the erection of a fine new residence on Flisk street. Lumber is already on the ground. E. G. Tate's new residence south of the University Station is well under way. Harry, the little son of W. W. Windler, the University Park butcher, is still in a very serious condition. He has been bedfast for about four months. University Park Assembly, United Christians, initiated five new candidates at their meeting last week. A number of new applications were received. E. F. Hutchinson's family have arrived from Gardner, Or., and moved in Uni-

versity Park. Mr. Hutchinson is employed at Cone Bros' sawmill. The musicale given last Friday for the benefit of the organ fund of the Methodist Church at University Park was the most successful entertainment of the season. The church was crowded to the doors. A memorial service was held at the University Park M. E. Church last Sunday. The sermon was delivered by Rev. C. T. McPherson, pastor of the church. A number of veterans of the Civil War were in attendance. At the third quarterly meeting of the University Park Methodist Church this week, Rev. L. E. Rockwell will conduct the meeting. The Holy Sacrament will be administered. Monday evening the third quarterly conference will be held at the church.

Mrs. Bagley, wife of the University Park real estate dealer, is slowly recovering from a lingering illness. An eight-pound boy was born to Mrs. J. D. Honeyman, wife of the Sunnyside grocer, Friday evening.

Mrs. Barnes, residing at 1001 East Morrison street, is slowly recovering from a week's illness. Mrs. J. B. Harris is now able to be around, the first time in two weeks, after severe illness. H. E. Parker, the Sunnyside butcher, has returned from a business trip to San Francisco.

SUNNYSIDE.

He was visiting his brother Conrad in Sunnyside the other day. Mrs. J. C. Fry, wife of a well known banker of Grants Pass, was a visitor at the residence of Mrs. L. A. McGregor this week. Mrs. Dan Brunner is reported ill at her residence, East Thirty-fourth and East Main streets. J. C. Meikle of Damascus, Clackamas County, was a visitor at the residence of his son John in Sunnyside.

Charles Whitmer was in North Yamhill yesterday in the interests of the Portland Coal & Developing Company. He reports that the company has already dug a tunnel 500 feet deep and other tunneling amounting to 900 feet. The coal encountered has been proven by numerous tests to be of fair quality. There is 41 inches of coal already in sight and the deeper down the better coal is found. The company is composed mostly of Sunnyside business men.

MOUNT TABOR.

George Cathey, of Corvallis, was visiting friends at Mount Tabor Sunday. H. E. Fears, of Newport, Idaho, was a Mount Tabor visitor Sunday. The condition of little Clyde Middleton, who was very severely injured by being struck by a horse at Tabor about
