## A TRIBUTE.

Today we pay tribute to the noble sons of a grand commonwealth—heroes of two wars, who proudly gave their lives in the cause of freedom, right and justice. All honor then to our heroic dead—to the husbands, sons, sweethearts, brothers, who have given to the uplifting of "Old Glory," not only patriotism, but life itself. May their rest be peaceful, their sleep sweet, and may the memory of heroic deeds act as a balm to the hearts that mourn today.

## RIISING AND SETTING SUN

### Athletes From East and West Will Battle.

(Journal Special Service.)  
NEW YORK, May 30.—At Berkeley Oval today and tomorrow New Yorkers have an opportunity of seeing all of the crack athletes in competition. The occasion is the annual meeting of the intercollegiate association, which this year is the most representative in the history of the organization. In the various events no fewer than 700 athletes are entered and they represent not only all of the large colleges and universities of the East, but several institutions of the Middle West, while the Pacific Slope is represented by the team sent by the University of California and recognized as the best that ever crossed the Rocky Mountains. Since coming East the Californians have performed remarkably well and it is conceded by critics that they will give the best athletes the East can put up a hard tussle for the decisions in several events. A. D. Play, the California weight champion, is expected to carry off the honors in the hammer-throwing event, and Abadie, Redewell and Cheek, three other members of the California team, are expected to give good accounts of themselves in the sprinting, mile run and hurdling events, respectively.

## KRATZ ON THE WING

GUADALAJARA, Mexico, May 30.—Charles Kratz, fugitive St. Louisan, has given the slip to the detectives and is no longer in this city. His present whereabouts is unknown to the officers who were sent here to watch him.

Kratz and the members of his family left town in a carriage while the detectives were at breakfast. It is supposed that he was driven to a station out on the railroad line and there boarded a train.

## HE USED TWO GUNS

(Journal Special Service.)  
BUTTE, Mont., May 30.—I. P. Barrows sent two bullets crashing through his body in a front room in the Rogers block, No. 53 East Park street, yesterday at noon.

This morning at 9 o'clock, when the door of the room was forced open, Barrows' body was found lying on the floor, face down. Two revolvers, one a 22-caliber American bulldog and the other a 38-caliber, were on the dresser beside which the dead man had fallen.

From the position in which he was found, he evidently stood by the bureau, placed the muzzles of the revolvers—one in each hand—to his sides, fired them simultaneously, placed the weapons back on the bureau and then fell to the floor on his face and expired. Brooding over a love affair is supposed to have prompted the rash deed.

## BIG SHOOT

(Journal Special Service.)  
ANACONDA, Mont., May 30.—The state shooting tournament which opened here today under the auspices of the local club is a record-breaker as regards the number of prominent participants. The tournament will continue three days and the last day will be distinguished by a live-bird shoot.

## BURNED TO DEATH

(Journal Special Service.)  
ST. CLOUD, Minn., May 30.—Rose Kinder, aged 16 years, was perhaps fatally burned last night. She had left a lighted lamp at the head of her bed and in her sleep knocked it over into bed. It exploded and the girl was frightfully burned from the waist downward.

## W. R. MACKENZIE

If the new charter is approved and enacted, the Council to be elected this year will hold office for three years. It will have important business to transact for the city at a time when the city is growing at a rapid pace. The Councilmen should, therefore, be men of business experience and approved standing. The People of the Fourth Ward have an opportunity to elect such a man in W. R. MACKENZIE, candidate on the CITIZENS' TICKET. He has resided in the city for 15 years, is a property-owner and in no sense a politician. Do not confound him with a man of the same name running on the Prohibition ticket, but see that your ballot is cast for W. R. MACKENZIE, No. 162.

## SHOOTS HUSBAND IN CROWD

(Journal Special Service.)  
NEW YORK, May 30.—Surrounded by an enormous crowd watching a fire in West Forty-third street, a woman drew a revolver and shot a young man who was passing on a bicycle. The wounded man was carried to a hospital. The woman, who was hatless, after firing the first shot, attempted to pull the trigger again, but her nerve failed and she swept the revolver around in front of the crowd. Everybody fell back in fright, opening a way for her to escape, which she did.

## BATTLE OF SAG HARBOR

(Journal Special Service.)  
NEW YORK, May 30.—The historical society of Sag Harbor, L. I., celebrated the 125th anniversary of the Battle of Sag Harbor today, when a handsome granite monument commemorative of the capture of the British fort by Lieutenant-Colonel Meigs and his famous whaleboat expedition, was unveiled with interesting ceremonies. There was a parade of veterans, the Fire Department and various patriotic organizations, and at the close of the exercises the soldiers' graves in Oakland Cemetery were decorated.

## UNIVERSITY CREWS COMPETE.

(Journal Special Service.)  
PHILADELPHIA, May 30.—Lovers of aquatic sports began to congregate along the banks of the Schuylkill as early as 10 o'clock this morning in anticipation of the boat race between the junior eights of Cornell, Columbia and the University of Pennsylvania. Interest in the event was heightened by the general belief that the three crews were more evenly matched than ever before, though the opinion of close followers of the sport slightly incline in favor of a victory for Pennsylvania.

## RIFLE MEET

(Journal Special Service.)  
SPRINGFIELD, Mass., May 30.—Great interest is manifested by marksmen in the fifth annual shoot of the New England Rifle Association which began at the Lake Lookout Range this morning under the auspices of the Springfield Rod and Gun Club. The competitions continue through tomorrow. The styles of shooting are bullseye, muzzle rest and german ring, and cash prizes will be given for the best work in each event.

## REILEY NOT THE MAN.

(Journal Special Service.)  
SEATTLE, May 30.—A story has just leaked out concerning the theatrical company now playing at the Seattle Theatre to the effect that it was never in actual possession of C. J. Reiley, the brother of Daniel Frawley, but is and has been the property of Harrington Reynolds, one of the actors in the company. The facts of transfer, which took place in Portland several days ago, came to light yesterday. It is generally understood that the transfer will not in any way affect the personnel of the company.

## Food Standards.

WASHINGTON, D. C., May 30.—The committee on food standards of the Association of Official Agricultural Chemists of the United States is endeavoring to define animal products, with reference to their uses as representing existing conditions of legitimate trade and in the interpretation of American food laws.

The committee's plan of action in arriving at final decisions with reference to definitions and standards is, first, to form a tentative set; those of each class are then submitted to the various producing commercial and central interests affected, and to health authorities in cases involving questions of health, for criticism and suggestion.
