Baséball.

When the professional ball season opmed Sammy Vigneux and his champions fumped right to the front and there seem-

ed "nothing to it." The Portlands were anxious to repeat year's victory, and they worked hard and took many chances they would not have ordinarily accepted." When the team reached Spokane it was in bad conn, having five cripples on the pay roll, two of them being pitchers.

As a resuit Spokane took four of the games, and Portland is now in secplace instead of first.

The Journal was informed this morning of the location of \$100 which a "fan" wants to bet that Portland will take the nt series from Spokane. That is, that Portland will win three out of the five games. This should be a good bet as Portland has strengthened up considerably, and should make better than an even break.

The two coast games were postponed yesterday on account of rain.

At Butte the home team lost to Helena

The latter's victory was largely due to big, good-natured Wiggs' superb pitch-ing. The summary:

Relena 1 2 1 0 0 2 0 %-6 Earned runs-Butte, 2; Helens, 4. Twobase hits-Zearfoss, Ward, Houts, Flan-nery, Rebsamen. Sacrifice hits-Marshall, Flannery, Peoples, Schmeer, Partridge Three-base hits-Houts, Ward, McDonough. Stolen bases-Marshall 2, McGillighan, Left on bases-Butte 4, Helena 6 First on balls-Off Wigg 3, Gay 1. Hit pitched ball-By Gay, 1. Struck out-By Wiggs, 8; by Gay, 3. Time of game-1 hour and 50 minutes. Umpire-Colgan.

When Reina won the Brooklyn Handicap she upset all tradition, as no filly ever won this classic contest before. Advance Guard suffered a most pecullar interference in the last 50 yards, which may have prevented him from winning. O'Conner, on Reina, in using his struck Advance Guard on the nose, which caused him to throw up his head. Reins only won by a nose or so, and with Advance Guard's head down instead of up in those last few strides all might have been different.

Strange to say, Mr. Featherstone could not recall where he had purchased Reina, except that it was at a sale of yearlings.

between Dave Sullivan and Young Corbett to take place June 20. The men Dr. Ordway said that he did not think, kille are to weigh in at 127 pounds at 3 o'clock that Erne's fight with the colored boxer ers.

in the afternoon. Five hundred dollars have been deposited by each as a forfeit for weight, and the Coliseum Club has deposited a like amount as a guarantee that the fight will come off.

Bob Armstrong will be unable to spar with either Jeffries or Fitzsimmons, as he will sail for England on June 11 to box "Denver Ed" Martin for the colored heavyweight championship of the world. Martin went across with Gus Ruhlin and has been in training some time. The winner of this match would be a good opponent for the winner of the big contest which will be pulled off here in July.

Francis Trevelyan, the newspaper writer, who has just returned from England, says the mare Sceptre is a wonderfulpiece of racing machinery and practically has the English Derby at her mercy. "It looks as though there is nothing in

England to compare with her and that she has the Derby already won," said ARD PATRICK Mr. Trevelyan. "Still, I would rather take 6 to 4 on her on Derby day than 3 to 1 now. What makes her so much greater than anything else in England is the fact that the horses this year are far below the usual class. There are no Diamond Jubilees, Flying Foxes, Persimmons or Volodyovskis. She is in a class by herself."

Kid McCoy has announced that he would never fight again. - He went back to New York from Philadelphia, where he met "Kid" Carter, with his right arm in a sling. He does not know whether it is broken, but it is severely injured just below the elbow. He will submit to an examination under an X-ray, arrangements having been made for the operation at Bellevue Hospital.

"I am going to fet others do the fighting for me in the future," said Mc-Coy. "I have had enough of it. I have not gone back except in condition, I can train and fight as well as ever before, but the effort of training is too irksome. I don't like it and I have fought my last battle."

A New York dispatch says that with only five hours' notice Frank Erne, the exchampion lightweight sailed for England last Tuesday on the Hamburg steamer Graf Waldersee, to meet Pat Daly, the English lightweight champion, at the National Sporting Club's corona-

tion carnival next month. Erne arrived in New York late Monday announced that both the income and corn night and after a brief conference with tax would be retained. A message from Dr. Ordway, the American representathe King expressed a hope that the tive of the National Sporting Club, he House would vote £50,000 to Lord Kitchwas told that his match with Daly, ened as a reward for his great services which was arranged before he was de- to the Empire in South Africa. feated by Gans, held good.

This was just what Erne wanted, and he immediately set about to see how quickly he could get to England and begin to prepare for his battle with the English champion. Erne, although feeling his defeat keenly, is not at all discouraged, and he believes that he will Articles have been sighed for a fight yet have an opportunity to prove that his defeat was an accident.

Dr. Ordway said that he did not think killed eight people and injured many oth-

was a fair test and for that reason he believed the Buffalo boxer to be the best attraction to go abroad. The National Sporting Club gave a purse of \$2500 for the Erne-Daly bout and the boxers have agreed to weigh in at 133 pounds at the ringside.

Frank Carrillo, who came up from Bak-

ersfield to attend the Lavigne-Britt fight,

received a telegram yesterday to the

effect that the Los Angeles Club was wil-

ling to match his colored protege, Jack

Johnson, with Hank Griffin. Carrillo sent

back word that he would consent to the

match, and will leave for the South di-

rectly to sign articles. By beating Jack

Jeffries there Johnson made himself a

great favorite, and the sports want to see

him go once more. In case he whips Grif-

fin the club has promised to put him on

with Joe Choynski in July. It will be re-

called that he fought Joe in Texas some

years ago, and both were arrested. Man-

ager Carrillo said last night that if John-

son defeated Choynski he would take him

on a tour of the Eastern cities.-San

The Oregon Express Smashed Badly-Two Dead.

(Journal Special Service.) REDDING, Cal., June 4.-Terrible scenes are being enacted at Clay Creek, 4 miles from this city, where the southbound Oregon Express was piled in a huge mass of wreckage at 10:45 last night. Every effort is being made to alleviate the sufferings of the injured,

and a large force of men are working to

remove the debris of the train.

The accident was caused by a halfopen swith, which had evidently been left in that condition by some unknown person. The train is what is known as a double header, having two engines, and was running at a good rate of speed, as it was on a down grade. Both engines were thrown into the ditch and complete-

ly wrecked. Engineer J. M. White and Fireman Fred Laffel, of the forward engine, were thrown under the wreckage and crushed to death, their bodies being fearfully mangled. A force is working to recover their remains, which are still under the engine with which they went down to

The mail car was thrown across the track, where it now stands. All of the passenger coaches were

(Scripps-McRae News Association.) RANGOON, India, June 4.-The wreck of the missing, British steamer Camorta has been found, proving beyond doubt that the 650 passengers and 90 of the crew are all lost. It is believed the Camorta went down during a cyclone on May 6.

Goes to Potters' Field.

The body of John N. Cubberly will be sent to the poor farm, where it will be interred at the county's expense. The dead man's home was at Keesauqua, Ia., but he left no friends or relations here who would see to his funeral.

The Coroner held an inquest last evening and found that Cubberly came to his death through an affection of the heart, superinduced by an overindulgence in al-

Anthracite Miners and Pump Men Are All Out.

(Scripps-McRae News Association.) WILKESBARRE, Pa., June 4.- "Today think I can say our strike is practically complete," said President Mitchell this morning. 'Additional firemen, engineers and pumpmen have joined our forces." The local operators, however, said their pumps were working, and they have no fear of floods. They claim to have competent men to take the strikers' places. Non-union men continue to arrive at various places throughout the anthracite regions. Thus far today, no violence has

PLENTY OF MONEY.

Several more offers of loans of money to the Port of Portland Commission are being received now. They will be laid before the meeting of the Commissioners late this afternoon. Bills of the last month will also be audited at this meet-

Promises to Be a Go-Capital Is Interested.

The Portland-Alaska Transportation Company will surely be a success, as the Board of Trade has interested a person representing about \$15,000,000 in timber lands on the Coast, in the company, and the O. R. & N. Co. has offered to furnish what freight they can secure from Eastern points going to Alaska via Portland. Just as quickly as the necessary papers can be made out, the merchants will be invited to guarantee a reasonable amount of business for the first year.

F. V. Austin, a veteran steamship man, is working industriously to hammer /the company into shape. He has secured about 500 names in Alaska, who will be written to regarding the prospects of doing business with them.

MARINE NOTES.

Captain Thomas Doig, the former bar pilot, who has been ranching for the past few years, is again in Astoria, and it

A good sized fleet of Portland grain ships has arrived at European ports. Among the number was the Silene, the first ship to leave here in February, making the outward run in 123 days. The Japanese steamer Shinano Maru,

of the Nippon Yusen Kaisha line, at Victoria, B. C., yesterday ran into the steamer Empress of Japan, which was lying at the dock, and damaged her below the water line. The Shinano was atso damaged. The latter was libeled for \$5000 but afterward released on bonds and allowed to proceed on her trip.

The Tweedsdale has arrived at Port Angeles, but about two months late to save her charter. She came from Hongay, haveing left there in January. The ordinary passage in good weather is from 50 to 60 days, but the vessel was becalmed in the China seas and drifted around aimlessly for weeks.

The British steamship Oceano has been chartered by Kerr, Gifford & Co. of this city to carry a cargo of oats from Portland to South Africa. The Oceano has a capacity of 7000 tons, and she will take 450,000 bushels of oats on this trip. She is en route here from the Orient.

The Columbia arrived in from San Francisco at 9 a. m., and will reach Portland on schedule time this after-

The Balley Gatzert will go to The Dalles Sunday to bring the Bastern delegates to the A. O. U. W. convention to Portland. They are coming that far by rail, and the balance of the distance on

UCUDEN I

UNION LABOR MILL

The Building Trades Council did not meet last night, as contemplated, to receive reports as to how plans are progressing for the establishment of a cooperative planing mill, but will meet tonight in Eagles' Hall for the same purpose. It is understood that stock in the proposed enterprise is going rapidly. In order to raise the necessary capital, \$50,-000, committees are at work circulating application blanks.

LABOR MEN BEAT.

Some of the labor leaders are not pleased with the results of the election. Among the 10 union men who were run ning for the Legislature on the several tickets, only three of them were elected, and these were Republicans. It goes to show, so a number of the leaders claim, that members of the various unions are so wrapped up in their old parties that they will not vote for their own men. The fact that a man running for office belongs to a union did not seem to appeal to them in the least.

FIRST AND MADISON STS. We cash all kinds of checks, "good" the day and night, including Sunday
