CITY COUNCIL

Two petitions for a franchise for the West Side & Suburban Railway Company were presented to the City Council yesterday. One was signed by Archbishop Christie and others, and the other was signed by F. E. Beach, president of the Board of Trade, and 125 firms and individuals. The petitions state that the ordinance introduced some time ago providing for the franchise was opposed by the local lines and the Southern Pacific, because the proposed line would compete in the traffic between Portland, Hillsboro and Forest Grove. The route proposed in the city is from the west end of Lovejoy street, east to Twenty-fifth, north to Northup, east to Twelfth, south to Couch, east to Seventh, south to Pine and east to First.

The petitions were laid on the table. The following ordinances were introduced and passed:

To improve Union avenue from East Oak to East Burnside, probable cost to be \$204.07.

Appropriating \$1000 from the general fund for the employment of counsel to defend the city in the suit of Sarah E. Knight vs. W. B. Chase et al.

To improve Hancock street from Union avenue to a point 40 feet east of the east line of Grand avenue.

To improve East Main street from East Twelfth to East Sixteenth, with planks.

To improve Falling street from Union avenue to East Fourteenth, with upland gravel.

For sewer in Belmont street from east line of blocks 19 and 20, Sunnyside, to a connection with the sewer in East Thirty-fifth street.

For sewer in East Nineteenth street from Oregon to the sewer in the Sandy road.

For sewer in Broadway from East Twenty-fourth to East Twenty-first.

Making an appropriation for the expenses of the city government during June.

For sewer in Union avenue from East Mill to East Clay.

Petitions as follows were referred: For sewer in Main and King streets from Ford to a connection with Stout street; sewer in Stanton street from East Seventh to Union avenue; sewer in Borthwick and Prescott street from Mississippi avenue to a connection with the Shaver-street sewer; for the improvement of East Oak street from East Twelfth to East Third; Falling street from Mississippi to Maryland; East Madison street from East Sixteenth to East Twenty-fourth; asking that the report of the viewers on the East Twenty-sixth-street improvement be set aside. Remonstrances were received against the granting of the East Oak-street petition, and against the proposed sewer in Borthwick street and against the proposed improvement of Water street and South First street.

The reports of the viewers for the opening of East Twenty-sixth street placed the damages and benefits at \$5682.42 and the excess damages and benefits at \$2017.59. B. I. Cohen, W. W. Terry and C. G. Sutherland were appointed viewers for the extension of Hooker street, and B. I. Cohen, H. J. Morrison and C. N. Rankin for the extension of East Seventeenth street from Belmont to East Taylor.

Ordinance appropriating \$75 for the purchase of a tract of land adjoining the hospital for contagious and infectious diseases was referred to the committee on health and police.

The parade will be one of the grandest public celebrations ever held in the city. Twelve bands of music will participate. A number of the lodges will have specially constructed floats. Prizes will be awarded to the best gotten up and most unique float. The parade will be headed by Grand Marshall Ralph Feeney, and will start at 8 p. m. sharp on June 14, and travel over the principal streets, stopping at the Exposition building, where a public reception will be held. At the close of the program the different teams will compete, the best drilled teams winning prizes.

RECOUNT Will Be Demanded by Driscoll.

A recount will be demanded by John Driscoll, candidate for sheriff, and the figures are yet too uncertain for Storey to claim the election. An error was made in the tabulation of figures, and it looks as though Driscoll's chances are yet good.

SALEM BRIEFS

(Journal Special Service.)
SALEM, June 5.—An effort to reduce the night police force here was defeated in the City Council at the last meeting. The Alderman proposing the reduction gave as his reason the fact that the nights are growing shorter. The report of the City Recorder showed \$447.78 cash on hand in the treasury.

BROUGHT SMALL LOAD.

The steamer Columbia arrived from San Francisco yesterday afternoon at 4:25, bringing a cargo of 800 tons of general merchandise, 64 cabin and 50 steerage passengers. The cargo is the smallest that the Columbia has brought this year, due to the fact that she arrived in San Francisco on Memorial Day, and as she sailed on Monday she had only one day, Saturday, in which to load. Much of the freight for this point was left for the George W. Elder, and that vessel will undoubtedly be loaded to her full capacity when she arrives on this trip.
