

CITY BRIEFS

L. F. W. Quimby, State Fish and Game Warden, denies the report in a morning paper that the Salem Bird Society notified him of the ruthless slaughter of song birds in the City of Salem.

The Woodmen of the World will hold a district convention at Woodburn, Or., in July. The delegates from the various camps of this city have been elected and met in caucus Sunday afternoon at 2 o'clock to arrange for transportation of the delegates and to discuss other matters which will likely come up at the convention.

Preston W. Search, of the State Normal school at Monmouth, lectured this afternoon to the teachers of the public schools on "An Ideal School." The meeting was at the high school building and the attendance quite large.

Commencement exercises at Bishop Scott academy will be held on Thursday at 10 o'clock in the academy chapel. The address will be delivered by Rev. Hammond, of Oregon City, and a baccalaureate sermon will be given by Rev. Morrison Sunday night.

Mr. W. F. Werschel, who has been for some time director of the chorus choir of the First Presbyterian church in this city, is already prominent as a musician and many are greatly interested in hearing the anthem arranged by him, which is to be given Sunday evening at the Christian church. It is entitled "Sing Ye Jehovah's Praise," and by those who have heard it it is said to be a composition of merit.

SOCIAL PORTLAND.

J. Sanderson Reed, a prominent young attorney of this city, left for California Thursday and expects to return a happy benedict. His bride-elect is a Los Angeles girl, Miss Lubella Felt, formerly one of Portland's fairest daughters.

H. T. Prince and Maggie M. Parrott of Yamhill County were married by Dr. Blackburn on Wednesday, June 4th.

Miss Mary Case, the young contralto, who will sing at Parsons next Tuesday evening, is the possessor of a fine voice. Not only are her tones beautifully sweet and clear, they are deep and full of that sympathetic quality which goes to the heart of the listener.

MOTORCYCLE RACE

Those who tend the Railroad Conductors' excursion to Salem tomorrow will have the privilege of witnessing the first big motor cycle race of the season. There will likely be as many as a dozen competitors for the fine gold and silver medals.

The Portland riders who have entered are: C. J. Hiron, R. G. Fowler, Andy Fritz, Billy Lee, Bob Lee, Al Kurta, Bill Lee, and Bob Blodgett. Others from the country outside of Portland will run, making it altogether the most interesting wheel race of the season.

TOOK UP TIMBER.

Fred Hurst and F. O. Seaton, well known Aurora residents, were in the city last evening. Mr. Hurst left this morning for his home. He had just returned from a timber cruising trip in Western Douglas County with a party of eight surveyors. They took up about 20 timber claims for residents of Aurora.

Hunt Club Events.

The annual meet of the Portland Hunt Club is in progress at Irvington track this afternoon. The event was to have taken place last Saturday, but owing to the inclemency of the weather it was postponed. During the extra time thus unexpectedly provided, the several participants in the various events put in a great deal of practice.

University Club Banquet.

The University Club held its regular monthly banquet last evening at which 40 members attended. Captain Sam White, of Baker City, made a speech, and the Boyer Quartet supplied the music.

Patching Up Avenue.

The Portland Railway Company is patching up a number of holes in the North Union avenue pavement in Holiday addition with the crushed rock and vitrified brick taken from Burnside street when the company put in their additional track. The patching was very neatly made.

A New Feature of the Hill Military Academy.

The Hill Military Academy, at Marshall and Twenty-fourth streets, has decided to have a summer school for day and boarding students through the months of July and August. This new move is to be inaugurated the present year, and will begin the first of the coming month, a short time after the closing exercises of the regular term of the Hill Military Academy.

School sessions will be held during the forenoon only, the afternoon being devoted to recreation, many lines of sports being open to the boys. There will be special work in all the departments of the Hill Military Academy while the summer school is in session.

MRS. F. T. DICK RENTS THE NEWTON

Mrs. Franklin J. Dick has leased the delightfully situated Newton, the fine private summer hotel at Long Beach, and will open the house to visitors on or about June 15th. The Newton commands an unobstructed view of the sea, from a considerable elevation, but a few rods from the breakers, and is one of the most charmingly located seaside homes on the Coast.

DOGS POISONED.

The discovery of two large pieces of poisoned meat in a vacant lot at Fifth and Caruthers streets, and a number of dead dogs in the vicinity, by Sidewalk Inspector Lillis, shows that the dog killer is at work again. A number of fine animals have mysteriously turned up dead in that locality within the past few days, among them the cocker spaniel belonging to James Kelly; and J. Tice's bulldog; Mr. Lillis owns two valuable Irish setters, and he has been compelled to keep a close watch on them since the apparent raid on the canines was commenced.

POLICE RECORD.

George Newcome, colored, is under arrest on a charge of larceny by bailer, on complaint of his mother. Newcome died recently and the charge grows out of a division of the family property. AT SEASIDE

T. P. A. Visitors Enjoying Bivalve Luncheon Today.

After the adjournment of the T. P. A. yesterday a luncheon was served in the convention hall to the delegates. The women visitors, accompanied a number of the women of Portland, availed themselves of the excursion to Oregon City by trolley car. On the way back from Oregon City a stop was made at the Brooklyn school. Here the pupils, 200 in number, performed the flower drill, and bestowed their floral favors on the visitors, much to their delight.

An informal reception took place at the Hotel Portland last evening. About 50 of the visitors left for California last night. At 7:30 this morning those remaining left on the special excursion train tendered by the Astoria & Columbia Railroad Company for Astoria. The hospitable citizens of that place regaled the visitors today with salmon, crabs, clams and oysters at a dinner served in their honor.

JUST A MISUNDERSTANDING

The various members of the river transportation companies are having considerable fun at the expense of one of the local agents whose name they will not reveal. As a certain boat was coming up the river yesterday her transom, which is a beam extending across the aft part of a vessel, became broken, and the captain telegraphed to the local agent about the mishap. He informed the latter to have some one at the dock to make the repair when the boat arrived. The local agent believed the broken piece to be something like the transom over a door and engaged a glazier to meet the boat and make the necessary repairs.

YOUNG LAWYER IS GIVEN A CHANCE

C. F. Harns was arraigned before Judge Sears in the State Circuit Court by Deputy District Attorney John Manning, on a charge of undertaking to pass a \$7 forged check on Ladd & Titton's Bank. J. M. Le Calle, just graduated from the law department of the University of Oregon, was appointed by Judge Sears to defend the accused. Judge Sears asked of the attorneys in the court room about how many of the students had passed the examination, and was informed that all had passed. He then assigned the defense of Harns to one of them.

ABBOTT-PLIMPTON.

The wedding of James D. M. Abbott and Miss Ethel Plimpton took place at the Episcopal church at Sellwood Thursday evening. A large number of friends were in attendance. After the ceremony at the church the wedding party repaired to the residence of the bride's parents where an elegant supper was served. The happy couple left for a short wedding trip to Victoria, B. C., and on their return will make Sellwood their future home.

Horrible Condition of Street.

The plank roadway on North Union avenue from Russell street for several blocks south, is in a very bad condition and as yet no definite steps have been taken to make an improvement. The street was planked several years ago with heavy timbers, but they soon rotted out on account of the moist condition of the ground in that vicinity. At the present time there is not one of the planks that is nailed down, and it certainly would be a wonder if serious accidents do not happen when teams drive over the avenue.

WANT SEWER CONNECTIONS

Since the rents in the residence portions of the city have advanced to such a high figure, all the upper floors of the store buildings on Union avenue have been rented. Complaint has been made by a number of those that most of the buildings in the elevated roadway district have no sewer connection, and that the district during the summer months is nearly unbearable on account of the stench arising from the sloughs underneath. They say that this would be a good job for the board of health to look after.

LUMBER IS STEADY.

The heavy demand for lumber in the East, which affected the Seattle market last week, has had no effect on the price of lumber in this city. There has been no falling off in the Eastern orders, but the supply here has not been diminished. In the northern cities common lumber has advanced 25 cents per 1000 in wholesale lots, and in small lots an advance of \$1. The market here is apparently firm, and millmen say there is no prospect of fluctuation. The last change here in the prices was two months ago.

SOLD INDIANS WHISKY.

Houseboats Increasing.

Many houseboats have been built and are being occupied by persons on the east side of the river. This has been due because of the raising of rent of the houses close in on the East Side. Some of the houses or scows are very well furnished. One scow in particular having a piano and about \$700 worth of furniture.

OREGON CITY.

(Journal Special Service.) OREGON CITY, June 7.—Now that Chamberlain's election as Governor is assured it is amusing to hear Democrats who rode in the Furnish-Brownell bandwagon and were indirect beneficiaries of the liberally used campaign funds, to blame the citizen speakers because Chamberlain did not run still further ahead of his ticket in this county. The Governor will no doubt forgive those who voted with the opposition, and will extend the same executive clemency to them in times of need as to the others.

The Republican state committeeman made some bets yesterday that will probably result in him losing some of the money that he won on the fourth election. He was advised yesterday forenoon that the report that Furnish was far in the lead was only a hedge for betting, but he risked the chance.

The Water Commission has doubled the rates of water for sprinkling, and many persons who have heretofore been consumers assert that they will hereafter let the grass and flowers wither in their yards. Just what is the object in raising the rates on water for the purpose is not known, unless it is to guard against a too abundant use of water at times when a shortage might occur.

State Senator B. F. Mulkey, of the State Normal School at Monmouth, delivered the class address at the graduation exercises held in the Chautauqua auditorium last evening. The four graduates were: Victorine Wilson, Agnes Relling, Charles Childs and Alvah Witzig.

CASH TILL ROBBED.

An organized gang of robbers seem to be at work on the East Side. Last week the postoffice store at St. Thomas was broken into and about \$10 worth of goods stolen, and the next day two unsuccessful attempts were made to rob the station store at Fiedmont.

Wednesday evening the saloon of John Redaick at Sellwood was entered by robbers and the cash till containing several dollars in small change was stolen. It is not known if there are any goods of the store missing. The work in the three places seems to have been done by the same gang and all attempts to capture them have failed. The police were notified.

FREE BATHS READY.

The Portland Free Bath houses were put together today and are open to inspection tomorrow. They are located at Supple's shipyard across the river, and are already an object of interest. They will be completed and ready for use in about one week.

"As far as I can learn," said Edward Holman, who was the principal promoter of the scheme, and a large contributor, "they are the finest floating baths in the United States. The building cost \$4000, and is complete in every way. The room is 54 by 27 feet, and there are 90 dressing rooms.

One of the most laughable phases of the late election occurred at Eight-mile precinct, near this city, where smallpox is prevalent. Several of the voters of that precinct, who were afraid to attend on polls on account of the contagion, telephoned Mayor Farley asking his advice if it would be legal if they telephoned in their votes.
