Visiting the Copperopolis. W. W. Gibbs and the Marks Bros., the latter from Omaha, returned to Portland yesterday from Grant County, Or., where they had been inspecting the Copperopolis mining property, situated nine miles from Prairie City. While there an electric plant and mill were installed, and the gentlemen, who are associated with other operators in the ownership of the property, spoke very encouragingly of the outlook. The ledge is 200 feet wide, and has been crossed by a 200-foot tunnel. The ore is low grade, carrying gold, silver and copper, but some of the samples of ore assayed ran from 75 to 100 in all values. An open cut revealed another well-defined vein of ore, and this can be reached by extending the tunnel an additional 100 feet. Two shifts are at work, and the tunnel will be extended with all possible haste. It is believed that the exposed vein can be reached within 30 days. The Marks Bros. are well pleased with the showing of the property. This is their second trip to Portland, having come out here from Omaha several years ago. They say that they can notice big improvements in the city since their last visit here.

WANTS PENSION MONEY. Poor old "Mac" is on the warpath again. In 1863 he fought the Indians, and now he wishes to fight the President of the United States and the Congressmen who passed the bankruptcy act. Old "Mac" best known as James McDonald, Indian war veteran, claims to have lost \$15,000 by this act, and expects to lose \$15,000 more if it is not repealed. He promises to bring suit against the United States and the State of Oregon as co-defendant for \$25,000 and interest on same for 45 years for back pensions to which he says he is entitled. Old "Mac" has promised to "divvy" with his friends when he gets the money. He also promises to subscribe for The Journal with part of his fortune.

THE THEATRES. A musical treat is in store for the theatre-goers of Portland. Manager Baker has completed arrangements for the appearance of Follard's Juvenile Opera Company for a season of two weeks commencing with a matinee on Sunday. Gilbert & Sullivan's greatest comic opera, entitled "H. M. S. Pinafore," has been selected for the opening which will also be given on Sunday, Monday, Tuesday and Wednesday evenings. "A Gaiety Girl" will fill out the balance of the week. Popular prices will prevail. Seats are now selling.

THE MARQUAM. Tonight Kathryn Kidder will appear at the Marquam Grand theater in David Garrick's comedy, "The Country Girl." Her supporting company consists of Norman Hackett, Robert Ferguson, T. C. Hamilton, Marion Ainsworth, Olga Filinck, Munro Salisbury, Seymour Stratton and H. L. Davidson. "The Country Girl" did big business in San Francisco and should do well at the Marquam. At tomorrow's matinee "The Country Girl" will be repeated. Tomorrow night the bill will be the emotional play, "Francillon."

TO EXTEND ROAD. J. W. Studenbaker of Castle Rock, chairman of the Board of County Commissioners of Clatsop County, will be in Portland in a few days on business relative to the matter of extending the Castle Rock wagonroad around Spirit Lake to Sweden Camp, a distance of six miles. The 30 miles of road which Mr. Studenbaker built last fall is being improved and put in splendid condition.

FROM SPIRIT LAKE. P. C. Lange of Chehalis, Wash., is in the city on his return from Spirit Lake, where he located a number of friends on timber claims in that vicinity and the Middle Tootle River. Mr. Lange owns the Northern Lights mining group, near Spirit Lake, and his recent trip was partly for the purpose of surveying water rights on the Middle Tootle, where he will shortly erect a sawmill.

PROMISING SALMON MARKET. Under the head, "Oregon Salmon in Germany," United States Consul Monaghan at Chemnitz, Germany, has the following: "During a recent conversation with a hotel proprietor of this city, I learned that Oregon salmon was sold in Germany to a very limited extent. This gentleman believes that a large business can be done in this particular fish, if special attention is given to transportation. He said he had eaten the fish in Magdeburg and Hanover, and found it delicious. Inquiries as to price showed that Oregon salmon could be bought for 1 1/2 marks (35 cents), while German salmon costs at the present time 5 marks (or about \$1.25) per pound. He also stated that the fish were frozen in Oregon and shipped in this frozen state to Europe. It is claimed that it is thawed in cold water and then cooked the fish retains its flavor. "If the above is correct, there can be no doubt that this empire would make a very good market, as there is hardly any fish worth eating that can be had for less than 40 cents per pound. The packers of Oregon salmon should look into this matter. A distributing house could be established in Hamburg or Bremen which would attend to the shipping of the fish to the inland German cities and towns."

RAILROAD CONTRACT LET. It is not yet known to whom will be awarded the contract for the Riparian-Lewiston line. When the work was done on the grade three years ago there were two contracts, one for the upper 60 miles and the other for the lower 35 miles. Today the O. R. & N. Company's engineers left with supplies for the new line. The corps of engineers at work on the Snake river line will be in charge of J. L. Jamieson. A contract for \$50,000 to cover improvements along the O. R. & N. Company's line was let yesterday to the Pacific Coast Construction Company. The contract contemplates the removal of about 100,000 cubic feet of earth, the modification of river channels, the filling in of from 18 to 20 trestles and bridges east of Umatilla. The improvements will cover track betterments in both Oregon and Washington.

BEATING DOWN Addition Table. It was only another exemplification of the old adage, "Bred in the bone." It was a scion of the famed Cohen family, and the scene was in an East Side school. "Now, Isaac," said the teacher, "you may tell me how many are two and two." "Two and two was five." "Oh, no, Isaac, you know better than that. Now speak up promptly and tell me! Two and two are..." "Four." "That's right. Now why didn't you tell the teacher what they were the first time? I'm sure you knew." "Cos I know'd you'd beat me down."
