Lakeview, Oregon, Is in a Great Ferment.

(Journal Special Service.) REDDING, June 21.-The little city of Sakeview, in Southern Oregon, is in the thross of the greatest social sensation of its history. Professor John R. Mc-Cormack, principal of the Lakeview public schools, and Miss Etta Johnson, a leacher of the third grade, recently went to Arizona by separate routes. Now word comes back that they have been married there. The scandal of it all is that Principal McCormack leaves a wife and several small children in Lakeview. Professor McCormack and Miss Etta

Johnson, the beautiful teacher, have been social leaders in Lakeview. No function was a success without them. Both were teachers in one of the Sunday schools of the town. They were thrown much together. Miss Johnson was often at Professor McCormack's house. She seemed a particular friend of Mrs. McCormack and her children.

Now it is believed that the school prin cipal and his fair teacher have been lovers for many months, though no one sus

At the close of the school term six weeks ago Principal McCormack took a trip to Arizona. His wife urged him to go in hopes that the dry atmosphere would be good for his lungs. Miss Johnson went away giving a fictitious desti-

It now develops that Principal McCormack found a place in Arizona where he could reside for half a month and then, upon proper sworn representations secure a divorce from his wife. At any rate, he has confirmed the report that he and Miss Johnson have been formally married and he declares that he first secured a divorce. The couple are now in Arizona, but their exact address in un-

Butcher Knife and Pistol Duel in Oakland.

(Journal Special Service.) OAKLAND, June 21 .- W. F. Rudolph, a

real estate broker residing at 968 Eighteenth street, encountered a burglar last Mr. Rudolph had visited the Elks' Fair

and at about 10 p. m. returned to his home. As he approached the house he noticed a light in his bedroom and knowing nobody was home, his wife and famfly being out of the city, he became suspleious and entered the house by the rear door. He secured a butcher-knife in the kitchen and started upstairs to investigate.

As he reached the top of the stairs a voice commanded him to halt and throw up his hands, but instead he threw himself at the figure in the darkness, but after a short scuffle the intruder freed himself and shot at Mr. Rudolph, but the bullet went wide of its mark and lodged fixelf in the wall. The burglar then fled out into the street, where Mr. Rudolph called for help and the neighbors came to his assistance, but in the excitement the burglar made his escape. -

ODD FEAT

SAN FRANCISCO, June 21 .- An intersting wager will be decided some time this week about the noon hour, when John Bedini, the juggler now at the Orpheum, will endeavor to catch on the prongs of a fork held in his teeth a turnip tossed from the roof of the new building of the Mutual Savings Bank, now in course of construction on Market street just opposite Third.

Ned Greenway, clubman and leader of cotillions, has bet John Morrissey, manager of the Orpheum, that Bedini cannot accomplish the feat. Six cases of cham-

pagne are the stakes. Bedini has newspaper clippings to show that he caught a turnip flung from the op of one of the tallest buildings in Philadelphia, and Morrissey has no doubt of his ability to win the bet, but

Then I grew desperate, and I concluded that something must be done, so I met Mr. Crowhurst and begged him to help me. At first he refused. But I pleaded with him. I told him that he knew Mr. Innes and knew of the treatment that he accorded me.

'I begged Mr. Crowhurst to write me some love letters that I might leave them where Mr. Innes could see them. He said he could not. But I insisted, and after a while he yielded and wrote me a letter. I told him it was not strong enough. He replied that he would try to do better. I offered to write one for him to copy. A week later he sent me another one. That was better.

Sheriff Frazier is trying a new method this year of collecting delinquent bicycle taxes, and is meeting with great success.

Instead of putting collectors out on the paths to sell tags and seize unlicensed wheels at one and the same time, the first part of the job has been abandoned altogether, and all energies are being bent to the accomplishment of the latter. Special Deputies Jackson and Weir are making fat hauls daily of untagged

the work was commenced last Monday. The bicycles are nearly all good ones, and the owners lost but little time in redeeming them at a cost of \$2.50 each. Last year the officers made a mistake by getting hold of a lot of third-rate bicycles that the owners did not care nough about in some instances to take out of "soak." Several old, broken-down wheels seized

last year are still in the possession of the Sheriff, and are likely to remain unclaimed. This year Messrs. Jackson and Weir make it a point to nab a good wheel if they can, as the effect is more lasting to the authorities to seize a firstclass article and compel the owner to come around and redeem it than to take in some old rattletrap of a thing that isn't worth its tax. Since the raid on unlicensed wheels

commenced, the sale of tags has been unusually large, averaging over 100 a day.

Last Week Bob Blodget of this city and Mr. Cranfell of eMdford started out from Portland on motorcycles, Cranfell going to his home at Medford. Blodgett accompanied him as far as Eugene. On the return trip Bob made 138 miles in a little over nine hours. The roads were dusty and rough in places and fast riding would have been impossible on any but a motorcyele.

The blcycle path on Crosby street is said to be almost impassable. Since the completion of the path the County Commissioners have neglected to keep it in repair. Wheelmen are compelled to take the street rather than ride on it, and are complaining about paying bicycle taxes on a path of this kind
