

SUBURBAN NEWS OF NEARBY TOWNS IN BRIEF.

SALEM BRIEFS

(Journal Special Service.) SALEM, June 23.—The Christian camp meeting at Turner, near here, was the goal of thousands of people from all portions of Marion, Polk, Linn and Benton counties yesterday, about 5,000 people attending the services in the big Tabernacle owned by that denomination. Rev. C. R. Scoville, the Chicago evangelist, delivered the principal sermon of the day on the "Alpha and Omega of Human Redemption," before an audience numbering about 2,500 people.

The Salem School Board held a meeting on Saturday night when the votes cast for director last Monday was canvassed, and Dr. W. H. Byrd was declared elected and at once sworn into office.

The Knights of Pythias district convention held here on Saturday afternoon and evening, ended with a contest between several degree teams. The degree staff of Valley Lodge No. 11, of Corvallis, secured the first prize, an elegant pair of silver-plated altar swords. F. W. Staustloff, of Salem, secured the first prize as "King," and George Paul, of Corvallis, carried off the honors as best "Pythagoras"; in each case the prize was a beautiful Past Chancellor's Jewel.

A runaway collided with the buggy of Dr. W. S. Mott, who, with Mrs. Mott, was driving into the city from Polk County on Sunday. The two buggies were somewhat damaged, and Mrs. Mott received serious bruises.

At the home of the parents of the bride, Mr. and Mrs. F. Levy, in this city, on Saturday at high noon, Mrs. Palmrye

Special motors carried large crowds from here and the surrounding country. The weather was ideal and everything helped to make it a gala day for both the old and young.

The city electric light plant will be closed down for a few days, to permit the making of needed repairs, and the city will be without lights.

PERCY DOESN'T LIKE SAPHO

Miss Haswell Says It's a Naughty Play.

(Journal Special Service.) ST. PAUL, June 23.—The role of Sapho is too colorful for Miss Percy Haswell.

She is willing to please the public, but is not to the extent of enacting the heroine of Daudet's famously infamous drama.

"Sapho" was to have been a feature of the summer season at the Grand. Miss Haswell, however, at the first rehearsal, declared that she would not play the role, owing to its immorality.

Miss Haswell at first consented to appear in "Sapho" owing to the fact that the management wished it done, as it had played to big houses last summer when presented by the local stock company.

She had never seen the play, however, and had not read the novel.

When she read the manuscript at the rehearsal, she found so many lines that she thought ought to be "cut," that finally she dropped the manuscript, and declared that she would never consent to appear in such a thing.

"I am not a prude," said Miss Haswell. "I have played Camille, and I have seen many plays in which the moral effect is no worse than that of 'Sapho.' But 'Sapho' seems to me to be so plainly and so intentionally vulgar, without even the redeeming merit of being interesting, that I simply will not play the role. That is all there is to it."

WEIGHT OF AN OPINION

Personal Expression of Member of Oregon Constitutional Convention.

"Interpretation of the constitution of the state will be the chief element in the settlement of the question as to the salaries of state officers. The flat salary matter will, besides that of election of a United States Senator, absorb the attention of the coming Legislature."

This was the remark of a well-known lawyer in conversation with The Journal.

"I have noticed," he continued, "that verbal comment attributed to members of the constitutional convention that drafted the organic law of Oregon, have always been influential in directing the manner of interpreting that instrument. I have understood that Judge Shattuck frequently stated that it was not the intention of the constitution framers to

THEY'LL WORK FOR PORTLAND

Smith, Mr. and Mrs. J. G. Malone, Miss Bertha Crouse, Miss Clara I. Clarke, I. H. Amos of Portland and R. J. Glenn of Moro.

A great object of their visit is to induce if possible the convention to meet here in 1905. The Sunday school representatives are aided in their petition by the Chamber of Commerce, Board of Trade, Lewis and Clark Centennial, Manufacturers' Association of the Northwest, Young Men's Christian Association, Portland District Epworth League, Young People's Society of Christian Endeavor, Baptist Young People's Union and the delegations from California, Washington, Idaho and Utah.

THUNDER MOUNTAIN BOOM HAS STARTED

(Journal Special Service.) THUNDER MOUNTAIN, Idaho, June 23.—The boom is on! People are coming in from every direction and the trails are lined with men and women, all eager to reach the great gold camp.

During the past week several thousand men have pitched their tents within a radius of 10 miles of the Dewey mine. Thousands of prospectors are scattered over the hills, searching for the yellow metal. A number of good strikes are reported, among which is one on the Fairview group, which, under the efficient management of Mr. Johnesse, is being developed by a large force of men.

There has been considerable excitement during the past few days over the discovery of good ore in three places several miles apart on the West Fork.

Some of the ore is said to resemble the phenolite of Cripple Creek and assays show values of from \$8 to \$27. The discoveries are on two large dykes, one of which crosses the gulch near the head of the West Fork and can be easily traced across Rainbow Mountain. The other crosses the same gulch about one and a half miles above the junction of West Fork and Monumental Creeks. The ore bodies are very large and many pros-

pectors claim that these two dykes will furnish enough ore to run 1000 stamps for ages to come.

The camp has passed the critical stage and its future is assured. The "wildcat" claim-vendor has given way to the genuine prospector, who doesn't expect to strike it rich without leaving the trail. Of course, it is like all other mining camps in one respect. There are some people leaving who will go out and proclaim "from the housestops" that this camp is "no good," although while here they would not climb half as high to find a mine. Most of them came in with about 10 pounds of grub, expecting to strike a mine, sell it and get out with enough grub to outfit some one else. Some of them never got, within 40 miles of the camp. Others came in, stayed over night and left for home the next morning—yet they know all about the entire district. As we were coming in we formed the acquaintance of one of these fellows. He camped with us at the mouth of Monumental Creek. Next day he had the misfortune to "roll" his horse off the trail. He stood on the trail and cursed the dead horse awhile. Then he swore the camp was a "d-d fake" anyway. He is outside now, telling people what he knows about Thunder Mountain.

corridor which had been chosen by the inmates as a place for effecting their escape.

GAY TIMES IN INDIANA

Jeffersonville Is Vigorous in Old Age.

(Journal Special Service.) JEFFERSONVILLE, Ind., June 23.—This city kept holiday today in celebration of its 100th birthday.

The preparations for the event, which have been in progress for nearly a year, were completed last evening, and when the citizens were awakened at daybreak this morning by the firing of cannon, the ringing of bells and the screaming of whistles, they found the city decked out in gala colors.

During the early morning hours visitors poured in from all quarters and long before the centennial parade had started the down town streets were crowded as seldom before. The parade was the most notable demonstration of its kind ever seen here. There were more than a dozen divisions, comprising the fire and police departments, state militia, secret and patriotic orders, fraternal organizations and hundreds of private conveyances elaborately decorated with flags and flowers.

The parade was followed by formal exercises of a historical nature. There was a program of music and speeches by Hon. Frank B. Burke, Hon. John Griffiths of Indianapolis and Colonel James Keigwin of Louisville.

JAIL BREAK FRUSTRATED

A well-developed scheme at wholesale jailbreak was discovered and promptly frustrated by County Jailer George A. Mitchell, Saturday night.

A loose stone in the floor of south corridor No. 3 revealed the entrance to a tunnel three feet long that had been dug under the stone wall in the direction of the court inclosed between the south wing of the building and the apartments occupied by the Recorder. A large quantity of loose earth was found in one of the cells and underneath the stone gate was discovered a rusty spoon and some sections of gas pipe which had been used in excavating.

Eleven prisoners were confined in the

DON'T MAKE ANY MISTAKE

Hot Times Are Coming in The Journal Contest.

Maybe you think that because some of the young ladies who appear in the appended list of votes in The Journal's vacation contest have not a long string of votes to their credit that their friends are not hustling for them. Don't let them fool you.

A number of those who at the present time show only a few votes have big bunches of coupons to send in later that will make some of the present leaders hustle. But this is bad policy. There has been a great deal of interest taken in the contest and The Journal knows that half of the votes have not yet been heard of.

Remember this, girls, and be sure that if you want to paddle in the surf at The Journal's expense you have no time to lose. By July 15, when the contest closes, there will be the finest bunch of marriageable young men at the seaside that this season will show and there is no doubt that the prestige naturally attaching to The Journal lady will enable her to pick a winner should she not be already taken.

The votes stand at this time thus:

- Miss Barbara Westenfelder.....2066
- Miss Etta Winklemann.....1940
- Miss Margaret Chapman.....1351
- Miss Margaret Benedict.....1170

SHANGHAI.—The Chinese cruiser Kai Chi has been blown up in the Yang-Tse River. She sank in 30 seconds. Only two of her crew escaped.

THE MAN AND THE PIANO

The man who tells you that you can't get a first-class piano for a reasonable amount doesn't know of Eilers' Piano House. If he sells pianos himself, he may say so because he is doing business on a small scale. He doesn't know what it means to sell carloads of pianos faster almost than they can be secured.

We sell pianos while the other man stops to think about it; and we make miraculously low prices because we do such a large business.

See these regular \$300 and \$225 styles that we are now selling for \$240; \$10 a month takes choice.

During the last two months we did the largest retail business of any single piano house in the United States. That's the way it goes. Now, we want your trade, and if you ought to have a piano or an organ—we hope to supply it. How? By giving you better value for your money than you can get elsewhere, or "the same thing for a great deal less money." We know it and you can prove it. If you want a piano, it's to your interest now to see

NEWS OF THE LABOR TROUBLES

WILKESBARRE, Pa. — President Mitchell of the United Mineworkers of America has issued a public letter stating the reasons for the anthracite troubles. He says that for 25 years the conditions of the workers has been almost intolerable, they receiving less wages than any other class of workers in the United States, while the operators who work in collusion with the railroads are accumulating enormous gains. He remarks on the dangers of the miners' calling and demands for them fair and just treatment at the hands of the public and their employers.

TORONTO, Ont.—The attempts of the Toronto street railways to run cars with non-union men yesterday were met with fierce resistance and many were hurt. Fifteen hundred troops have been ordered out, and riots will be put down with an iron hand.

NEW YORK.—Fifty per cent of the silk workers of the Hudson County, N. J., mills went out this morning as a measure of sympathy with the Paterson strikers. Three hundred special policemen have been sworn in to guard against riots.

PATERSON, N. J.—This city was filled with curious visitors on Sunday. There were no labor disturbances, the militia apparently being able to keep the situation well in hand.

ALTOONA, Pa.—Six hundred bituminous miners, who have been on strike here since April to secure recognition of the union, have gained their point and will return to work.

NORTHWEST NEWS

TACOMA.—But meager reports of the forest fires in the Cascade mountains have been received here in the past 24 hours, but it is generally believed that the danger is lessening. The wind has died away and the fires have ceased spreading.

WEISER, Idaho.—The Daisy group of mines near this city has been sold to E. Winchester, representing Denver people, for \$45,000. Development work will be started at once.

SEATTLE.—Helen Stratton, Emma Ramsdell and James Miller are dead as the result of a carriage in which they were driving being struck by a Northern Pacific train at O'Brien on Saturday night.

ST. PAUL.—A misplaced switch caused the wreck of a passenger train yesterday at Ashton, Ia. Two trainmen were killed and many passengers seriously injured.

BUTTE, Mont.—Secretary of State Hay, for the Federal government, will invite representatives of foreign powers to attend the International Mining Congress which opens here September 1.
