According to present plans, Prince Edward will be a sailor, like his father, and within a few years he will go upon the training ship Britannia to get his first taste of sea life. His present education consists of a few short lessons daily, given by Miss. Eriou, for many years companion to the late Duchess of Teck. BEAUTY.

HOW IT CAN BE OBTAINED

How to Make a Marvelously Perfect Complexion and Restore Youthful Looks.

HOW TO REMOVE PIMPLES, FRECKLES, MOTH, BROWN PATCHES, BLACKHEADS, OILINESS AND ALL DEFECTS FROM THE FACE, NECK AND ARMS.

There is nothing more beautiful than the human face with its vivacious countenance, its sparkling eye, its pleasant smile and perfect symmetry. But the crowning glory of the face is a radiant complexion with its lively glow, its youthful tinge, and its fine, smooth texture.
But the question is: how can such a complexion be attained?
In this wonderfully progressive age of art, literature and science; of the steam engine, the electric motor, the wireless telegraph and the ponderous fabric-making machine; what is there that is impossible?
By a careful study of the nature and texture of the skin, and a thorough research in the realms of chemistry and compounding of ingredients, a remedy has been at last perfected that will accomplish these results.
This remedy is **Mme. A. Ruppert's Face Bleach**.
WHAT FACE BLEACH IS.—Face Bleach is not a cosmetic to cover up, but it absolutely removes even and forever all the discolorations and blemishes to which the complexion is subject. It can positively guarantee every woman it will do all I claim. Its action on the skin causes it to remove every defect. It's a well-known fact that the blood in order to cleanse itself is constantly throwing off its impurities through the pores of the skin; now if the pores are not kept open, the impurities of the blood cannot escape, but collect below the surface, and produce all manner of skin troubles, such as PIMPLES, FRECKLES, MOTH, SALLOWNESS, ECZEMA, ACNE AND NUMEROUS OTHER SKIN DISEASES AND DISCOLORATIONS.
ACTION OF FACE BLEACH.—New Face Bleach has this two-fold action; first, it has a magical action, which attracts and draws to the surface the impurities which have collected under the skin; and, secondly, a chemical action which removes by scaling off (in the form of a fine dandruff) the surface of the outer, diseased or dead cuticle, leaving the under skin—beautiful, youthful-looking and delicately tinted by nature—clear, smooth and perfect. This method is perfectly harmless to the most delicate skin, as it harmonizes with the laws of hygiene and nature, the two factors which we must adhere to and follow if we wish to permanently improve our personal appearance.
THOUSANDS BENEFITED.—Thousands of patrons, who were annoyed and vexed with most miserable complexions, have been delighted with the grand improvement Madame Ruppert's Face Bleach has produced in their skins. Many complexions, covered with pimples, freckles and eczematous eruptions (itching, burning and annoying) have been changed to bright, beautiful skins, and the improvements made in their looks were simply marvelous. There is scarcely a defect to which the complexion is heir which will not succumb to this wonderful remedy. Premature wrinkles and lines—those invades of beauty—are quickly effaced, and those muddy, disfiguring, sallow, jaundiced skins are quickly transformed into clear, wholesome ones by its use. Flabby skins—which also mark the ravages of time—become firm and smooth after a few applications. Skin troubles which have baffled the most skillful physicians have been removed and cured promptly, and many have expressed, personally and by letter, their heartfelt and profoundest thanks for this wonderful Face Bleach.
A positive guarantee is given if Face Bleach is used according to the new special directions, which are furnished with each order, that it will remove every discoloration and impurity from your complexion.
All of Mme. A. Ruppert's world renowned preparations are sold by us at reduced prices.
