## Roman Catholics Leave New York on Jubilee Pilgrimage.

(Journal Special Service.)  
NEW YORK, July 1.—There was a great waving of hats and handkerchiefs from the crowd assembled on the Hoboken docks this morning to witness the departure of the steamer North America carrying the first section of the Roman Catholic jubilee pilgrimage to Rome. The party numbers more than 100 clergy and laymen, and under the spiritual direction of the Very Rev. E. H. Forde, of Brooklyn. The second section is scheduled to sail the latter part of the week. The two sections will form a junction at some European point and proceed to Rome together.

# AN ELECTRIC FRANCHISE

## Chas. H. Baker Wants an Amendment of Ordinance.

Charles H. Baker, who proposes to bring electricity from Snoqualmie Falls, Wash., to the City of Portland, providing the Council will grant him a franchise, has written a letter to the Mayor and City Council, offering to accept the ordinance, now pending, with certain amendments.

The ordinance now calls for a deposit of \$10,000, and offers to let the franchise to the highest bidder, instead of asking a percentage of the earnings. The letter follows: "To the Mayor and Common Council of the City of Portland: Referring to the electrical franchise ordinance now pending before the City Council, I have to say that if the franchise be amended so as to provide that the tax upon gross receipts of the party operating thereunder be amended so as to provide for a deposit of \$500, and no more, payable in first mortgage gold bonds, to be approved by the Mayor, I will be willing to accept the ordinance.

"I would be willing to accept it with these burdens, notwithstanding the fact that the tax imposed is a differential in favor of the company now on the ground, which has an established business. I would not quarrel with the tax provided in the ordinance if it were imposed on all parties engaged in the same line of business, but it is manifestly unfair that one electric light company should be subjected to a tax from which its competitor is relieved.

"The concession of a deposit of \$500 is made only in an effort to meet the views of the Council half way, and demonstrates my desire to do business in the City of Portland."

# SHE ELOPED WITH A NEGRO

(Journal Special Service.)  
SCHENECTADY, N. Y., July 1.—Josephine Guardian, a daughter of a wealthy contractor of Auburn, N. Y., and James Cooper, a negro coachman, formerly employed by the girl's father, were arrested on complaint of the girl's mother, who had followed the couple to this city. The two were found in a boarding house on Ferry street. The girl boldly expressed her infatuation for her negro companion. She was taken in charge by her mother and Cooper was sent out of the city.

# HE WAS A HUMAN BRUTE

MEMPHIS, Tenn., July 1.—Ellen Thompson, before a Justice of the Peace at Ripley, Miss., confessed that O. J. Thompson killed her husband at Caruthersville, Mo., and at the point of a shotgun forced her to move into a shanty boat with her two children, aged 12 and 4, and follow him down the river. As a finale to the tragedy, she asserts, he poisoned the two children with iodine, because he said he was afraid they would talk. Thompson is now in jail in Ripley. The woman is also held as the chief witness for the state.

# REVENUE LAW GOES INTO GENERAL EFFECT TODAY

(Journal Special Service.)  
WASHINGTON, D. C., July 1.—The amount of Federal taxes paid by the people of the United States is lessened to the extent of about \$77,000,000 annually by virtue of the new revenue law which went into effect today. The new measure amounts to a virtual repeal of all the Spanish war revenue taxes except the tax on mixed flour. The duty on tea remains until January 1 next to enable those who have stocks on hand to dispose of them before the repeal takes effect.

With the going into effect of the new measure the war revenue tax is repealed on the following: Bakers, brokers, dealers in grain, securities, etc., pawnbrokers, custom house brokers, proprietors of theaters, circuses and other public exhibitions, proprietors of bowling alleys and

# SHE MARRIED A WOMAN

## The Strange Freak of a Girl in Baltimore, Maryland.

(Journal Special Service.)  
BALTIMORE, Md., July 1.—Lotta Sawyer, the 26-year-old girl who married Mrs. Emaline L. Rauck and lived with her a week before her true sex was discovered, will be released by the police and will return to her home in Camden County, N. C. She had been held on the technical charge of obtaining \$100 by false pretenses from Mrs. Rauck. The woman has masqueraded six years as Herman G. Wood, drunk, chewed and smoked like a man. She had flirted with girls and made herself conspicuous at the pool rooms across the river. The girl left her home one night, and walked to Norfolk, where she donned men's apparel. In this disguise she came to Baltimore. She has visited Norfolk on several occasions, but always in the guise of a man.

# OLEO TAX

(Journal Special Service.)  
CHICAGO, July 1.—The Grout bill providing for an increase in the tax on colored oleomargarine from 2 to 10 cents per pound went into effect today. While it is a serious blow to the big packers who have been making millions through their butterine product, they have no idea of succumbing without a struggle. The Armour Packing Company has devised a scheme to circumvent the provisions of the law and if the plan proves successful it will be followed by the other packers. While supplying the oleomargarine uncolored, the tax on which is but 1/4 of a cent per pound, the company purports to "furnish" dealers the coloring matter—that is, a composition to bring the oleomargarine up to the complexion of butter—in convenient, law-evading capsules. When a pound of the product is sold a capsule is to be given the purchaser. The new law permits families to buy the uncolored product and color it at home, but the privilege is not extended to hotels or restaurants.

# DIVORCE LAW IS REMODELED

(Journal Special Service.)  
PROVIDENCE, R. I., July 1.—Heretofore it has been almost as easy a matter to obtain a divorce in Rhode Island as in the Dakotas, but the conditions in this regard are radically changed by the new divorce law which went into operation today. The most important clause in the new law is that requiring a bona-fide residence in the state of at least two years before applying for a divorce. This is expected to put a stop to the practice of wealthy women of New York and elsewhere coming to Newport, establishing a so-called residence and in a few months obtaining an annulment of the marriage contract on the ground of non-support.

Boone, of Cincinnati; Dr. John A. Brashear, of Western University and Professor Charles P. Binns, of New York City.

In conjunction with the meeting there is an elaborate display of the work of manual training classes throughout the country.

# THE SOUTHERN NEGRO CONGRESS

## Is Being Held Today in Galveston, Texas.

(Journal Special Service.)  
GALVESTON, Texas, July 1.—With the object of creating a better feeling between the races and fostering any move for the uplifting of the negro, several hundred delegates from all parts of the South assembled here today for the second annual meeting of the Southern negro congress. Since the movement was inaugurated at a meeting held last year at Jackson, Miss., it has enlisted the hearty co-operation of many of the most prominent negroes of the South and the large and representative attendance in the present meeting is evidence of the widespread interest which the congress has awakened. The chief matters scheduled for discussion at the four days' sessions are the education question, outrages and lynchings and the negro in politics.

# A WIFE BEATER

## An Indiana Cur Who Glories in His Shame.

(Journal Special Service.)  
LAPORTE, Ind., July 1.—Laporte County has a wife beater who glories in the accomplishment. When brought into police court George Kovick said: "I just gave my wife a good licking."

Mrs. Kovick's blackened eye and bruised face were evidence of the assertion. Judge Casady administered a stinging rebuke, regretted the fact that he could not order the prisoner to be flogged in public, and then ordered him sent to jail for 20 days.

# AVENGED HIS FATHER'S DEATH

(Journal Special Service.)  
KNOXVILLE, Tenn., July 1.—"There's the man who killed my father." As Ray Smith, 21, uttered these words he fired twice at Judge David Rogers, who was entering the dining room of Smith's Hotel at Maynard, Union County. Judge Rogers fell dead, pierced by two bullets. The tragedy was the sequel of a murder which occurred in this city July 16, 1888, when Judge Rogers killed G. W. Smith, father of Ray, in a pistol duel in a saloon.

(Journal Special Service.)  
NEW YORK, July 1.—Myron Callice and Annie Stanton Johnson, both members of the Andrew Mack Company, went to the West Side police court and asked Magistrate Brann to marry them.

# A SHOT IN THE DARKNESS

(Journal Special Service.)  
TERRE HAUTE, Ind., July 1.—Terrell Tipton was shot and killed by an unknown assassin while sitting in a barber shop at Ehrmandale, just north of here. The top of his head was blown off, apparently by a shotgun.

Tipton shot and badly wounded Dan Watts, a saloonkeeper at Ehrmandale, some time ago, as Watts had made Tipton dance around a chalk mark on the floor at the point of a revolver in Watts' saloon. Tipton then secured a gun and shot Watts, but the latter recovered.

Last night a platform dance was given at Ehrmandale, and Tipton with several other men were sitting in a barber shop smoking, when some one fired a charge through the window, killing Tipton instantly and escaping in the dark. None of the other men were injured.

# BAD BOY ALFONSO

## Threatens to Fire His Mother Out of Old Madrid.

(Journal Special Service.)  
MADRID, July 1.—Since the coronation of King Alfonso the quarrels between him and the Dowager Queen Maria, his mother, have been so frequent and violent that they have become a veritable scandal. Her slightest effort to guide the monarch has resulted in a tirade of stable boy profanity. Recently, in the presence of servants, the young King informed his mother that he would expel her from the palace if she did not respect his wishes. Alfonso's manners have been generally insufferable since his coronation.

# NEW YORK TO ST. LOUIS IN TWENTY HOURS

ALTOONA, Pa., July 1.—Persons who have been following the fortunes of the Pennsylvania railroad's new 20-hour flyer between New York and Chicago will doubtless be surprised to learn that every day a train is run over the main line at a considerably greater speed than that of the Pennsylvania special, variously dubbed the "Red Ripper" and the "Red Demon." For a little more than a week the Pennsylvania has been running a mail and newspaper train which covers the 1,063 miles from New York to St. Louis in exactly 20 hours.

The average running time of the new train is 52 1/2 miles an hour. On account of bridge building on the line between Philadelphia and Altoona and the heavy grades on the division between this city and Pittsburg, the real speeding has to be done west of Pittsburg.

# IS SHOT DEAD BY HIS HOST

## Louisiana Poultry Man Meets Death in a Dispute.

(Journal Special Service.)  
TEXARKANA, Tex., July 1.—At Goldonna, La., 40 miles south of this place, a shocking tragedy occurred yesterday. E. W. Lee, a poultry raiser, returning from market, stopped at the house of M. O. Gunter, where a dispute arose as to the charges. Lee drew his revolver and shot three times at his host, who retired to his room and in the presence of his wife and children drew his Winchester from over the door and fired at Lee, killing him instantly. Gunter surrendered.

# A NOSE PUNCH

## May Cause the Death of a Cripple Creek Millman.

(Journal Special Service.)  
CRIPPLE CREEK, Ohio, July 1.—In a saloon brawl at Divyde G. McAleer, a saw mill man, was struck on the nose by an unknown man and nearly bled to death from the effects of the blow, which ruptured a blood vessel, although an ordinary fist blow. It was more than an hour before medical aid was secured. McAleer was brought to the county hospital here, where he is in a very weak condition and little hopes are given for his recovery.
