SALEM

Farmer Apologized to Man Who Robbed Him—Notes.

(Journal Special Service.) SALEM, July 2.—Ell Burkholder, a farmer from Aurora, while occupying a room in a holding house in this city, was robbed at 2 o'clock this morning by a stranger who entered the room and picked Burkholder's pockets, securing \$23.75. Burkholder had drawn the money yesterday, intending to use it early this morning. At about 2 o'clock he was awakened by the presence of a stranger in his room. He asked the man what was wanted, and was told to make less noise in his sleep, as he was annoying the other roomers in the house. Burkholder is in the habit of talking in his sleep, and knowing this he apologized, whereupon his visitor left. After thinking the matter over, he left his bed and examined his pockets, the suspicion dawned on his mind that all was not right. To his consternation he found all his money gone.

Tomorrow the capital city of Oregon will celebrate the National holiday, as it has never been observed in this city, provided the weather clerk gives the citizens an opportunity to do so. A half dozen brass bands have been engaged for the occasion; the city is being decorated with a lavish hand; and money is being liberally expended to make the event a notable one. W. M. Colvig, of Jacksonville, has been secured to deliver the oration, and in addition to the bands, a chorus of 50 voices will assist in furnishing the music in the park. In the afternoon sports of various kinds will amuse the crowds, and in the evening, while the Goddess of Liberty and her attendants, accompanied by a chorus and bands, are anchored in mid-stream, on a river steamer, and furnish music, a magnificent pyrotechnic display on the island opposite the city, and on a floating raft, will fittingly bring to a close the day's amusements.

The Berkeley baseball team arrived here last night, and will meet the Chemawa Indian team on the Fair Grounds diamond tomorrow afternoon. Dr. J. A. Fulton, health officer for the Port of Astoria, yesterday filed his report with Governor T. T. Geer, for the three months ending June 30. The report shows the arrival in the harbor of Astoria of nine vessels, a portion of them in ballast, two carrying cargoes of jute and three carrying general cargoes. All of the vessels sailed under foreign flags, and all were given a clean bill of health.

The Mountain View Copper Company, of Kerby, filed articles in the State Department yesterday. This company evidently means business. It has a capital of \$1,200,000, and the stock is all taken. W. J. McNamara, L. A. Vance, W. B. Olmstead and J. L. Sowell have each \$300,000 of the stock, and J. H., J. E., T. M., and Wm. Sowell, each \$100,000. The company proposes to engage in mining and will build a railroad and telegraph lines in Josephine County.

Five Baker County men, J. S. Matthews, Valentine Strobe, August Stanger, A. E. Cowles and T. W. Ayer, Jr., known as the Matthews Land Reclamation Association, yesterday entered into a contract with the State Land Board for the reclamation of 750 acres of desert land in Baker County, under the reclamation act of 1901. This is the first contract made with the Land Board that indicates on its face the carrying out of the intent of the desert land act, as these men want the land for homes.

The Salem cannery has thus far put up for the market 1,500 crates of strawberries and is now working on the cherry crop. Dr. J. F. Cook, of this city, will erect a prune drier on his 40-acre prune farm at Sunnyside, a few miles from this city, with a capacity of 200 bushels per day. The doctor says his crop of prunes will be enormous, and he will be prepared to handle it.

OREGON CITY.

(Journal Special Service.) OREGON CITY, July 2.—The rain of the last two days has not in the least dampened the ardor of the Fourth of July committee, which is working harder than ever to make the celebration a success. The possibility of a strike of the engineers on the Oregon City Transportation Company's boats has set people to wondering whether or not the Southern Pacific Company will put on extra trains if the boats are tied up. There are three trains daily each way between this city and Portland, but the schedule is not arranged to accommodate local traffic.

TRIBUTE TO BILLY MEAD

Resolutions of Respect in Honor of Railroad Man.

At 11 o'clock this forenoon, an hour identical with 2 p. m., Eastern time, at which time it was that mortal of the late William H. Mead, general agent of the Omaha, was committed to earth in Greenwood cemetery, at Brooklyn, N. Y., his friends in Portland gathered at the Hotel Portland parlors. There comprised many of the leading professional business men and railroad men of the city. Attorney D. Solis Cohen was chosen to preside. State Senator Henry McGinn and Attorney James Gleason each paid a feeling tribute, in beautiful language, to the memory of the deceased. Communications from absent friends were read, all eulogistic of the virtues of the departed railroadman. Manager Bowers of the Hotel Portland made a motion that resolutions appropriate to Mr. Mead's memory be drawn up and published in the daily papers of the city, and that the same be engrossed and forwarded to Mr. Mead's aged mother, who resides at Brooklyn, N. Y. Chairman Cohen appointed as a committee to prepare the resolutions H. C. Bowers, Henry McGinn and Earl C. Bruno. The meeting then adjourned. When the general meeting of Mr.

ranged to accommodate local traffic. Judge and Mrs. T. F. Cowing and their daughter, Mrs. F. E. De Farrow, of Salem, left this morning for Seattle to visit relatives. They will tour the Sound country and British Columbia and will be absent about a month. Fred A. Miles of the Western Union Telegraph Company leaves today for the Upper Columbia on a few days' vacation.

The case of Superintendent Tiffany, who was arrested last week on a charge of violating the city ordinance by putting off express matter from a car between Fourth and Fourteenth streets, will come up in the City Recorder's office this afternoon.

Sarah Albright, aged 22 years, died at her home about four miles from this city, near New Era Tuesday afternoon of consumption. She was the daughter of Mrs. Mary Albright. The funeral was held in this city this morning. There were services in the Catholic church at 10 o'clock and the interment took place in the Catholic cemetery.

Franklin Drake and Louis Rotermund of Montavilla were in this city yesterday. P. F. Britton of Barlow was in town yesterday, and qualified as Justice of the Peace for his district.

The City Council held a meeting last night. Only five members were present and the consideration of several ordinances which were to have been acted upon at last night's meeting was postponed until next Monday night, when a special meeting will be held. The committee on streets and public property was authorized to proceed with the repair of Main street, wherever necessary. The Recorder was instructed to notify all parties who have not made sewer connections to do so within 10 days, or the City Attorney would commence action against them.

The last rehearsal of those assisting in the musical program of the Fourth of July will be held in Willamette hall tonight. Preparations are actively going forward for the celebration tomorrow and the program will be carried out, rain or shine. The local baseball team left early this morning for Pendleton, where they have four games scheduled. Manager Randall is in charge. The pitchers are Galiff and McInnis. After playing Pendleton the team expects to go to Walla Walla, Pomeroy and Dayton.

EUGENE

New 20-Stamp Mill for the Blue River District.

(Journal Special Service.) EUGENE, July 2.—Charles Harding Park, owner of extensive mining properties in the Blue River district, including the Treasure group of mines, in which a fabulous rich strike was made recently, the ore assaying hundreds of dollars to the ton, will soon commence the erection of a 20-stamp mill at the site of the mill. The mill will cost 250,000 tons of which are ready for the mill. Mr. Park is just completing a wagon road from the Lucky Boy mine to his properties to enable him to get his machinery in. Mrs. Mary E. Holbrook, wife of J. F. Holbrook, of June, Lane County, was taken to the insane asylum at Salem yesterday. The rain has been very heavy here and farmers who have their hay cut and in the shock will lose heavily.

BAKER CITY

Fleeing Horse thieves Supposed to Have Been Drowned.

(Journal Special Service.) BAKER CITY, July 2.—George Sweeten, of this county, was the last man who saw the daring horse thief of last Friday night, alive before he sank beneath the turbid surface of the Snake River at Old's Ferry. This is provided always that he never reached shore. J. Digman is the contractor whose horses were stolen, and Saturday he procured Mr. Sweeten to assist him in the chase. Mr. Digman went no further than Sumpter, and Mr. Sweeten joined the posse of Constable Hannon. Mr. Sweeten says that the thief had on all of his clothes, and before he jumped into the river he had run three

Mead's friends had adjourned, the meeting of the Pacific Coast Association of Traffic Agents came to order in the Hotel Portland parlors, with President M. J. Roche in the chair. There was but one object for which the members had come together, and that was for the adoption of resolutions to the memory of their dead friend. Secretary Trumbull presented the resolutions, which read as follows:

Resolved, That this expression of sympathy be engrossed and sent to the family of the deceased, and also be spread upon the minutes of the association. J. W. CASEY, J. W. PHALON, B. H. TRUMBULL, Committee.

The resolutions will be spread upon the records of the association. They will also be engrossed and copies sent to Mr. Mead's mother and also to his lifelong friend, T. W. Teasdale, at St. Paul, general passenger agent of the Chicago, St. Paul, Minneapolis & Omaha Railway Company.

Those present at the meeting were General Agent Harder of the Great Northern, General Agent Kollock of the Pennsylvania lines, M. J. Roche, traveling passenger agent of the Denver & Rio Grande and of the Rio Grande Western; General Agent Johnson of the Canadian Pacific, A. E. Cooper, general agent of the passenger department of the Rock Island; Commercial Agent Trumbull of the Illinois Central, E. B. Duffy, traveling passenger agent of the Denver & Rio

quarters of a mile and was then almost exhausted. Sweeten saw the man sink and saw his hat go floating down the stream. Mr. Digman believes the name of the man to be W. H. Bell and that he worked on the grading job for a few days. The description of the two men are the same, and the thief selected the best of 17 teams in the camp.

A prominent pioneer of Baker County, Albert Toney, died suddenly of heart disease, Tuesday, at the Bonanza mine. He came here with his parents, brothers and sisters, 28 years ago, from Illinois. He leaves three brothers, Andrew, Lester and John, of the vicinity of Haines, and two sisters, Mrs. Jas. T. Wisdom, of this city, and Mrs. N. A. Brooks, of Arizona. His wife and two children, a son and daughter, were with him at the time of his death. The deceased was a member of the A. O. U. W.

Julius R. Hanson has entered a plea of guilty of assault with intent to rob some men near Huntington, four weeks ago. Hanson was shot through the shoulder by Constable John Hannon, of Huntington, while resisting arrest.

In the case of the state against Mannie Howard, recently convicted of horse stealing and given a new trial by the Supreme Court, the attorneys for the defense consented to the trial of the case September 8.

NOTES FROM THE BEACH

(Journal Special Service.) LONG BEACH, July 2.—The beach hotels and cottages are filling up for the season and the hotel clerk is wearing his usual smile of welcome. The clambakes and other social events are beginning, and the lights of many bonfires are seen on the beach after sunset each evening.

A large number of new cottages are being built this year, many of which are of tasty architectural design.

About 200 arrived on the Potter Saturday, about half of whom went to Blue Breakers, and the remainder to Long Beach and Seaview. Another large arrival is expected this week.

PERSONALS

Mr. and Mrs. Henry Kahn are visiting at Seaview.

E. H. Roberts, of Portland, is at Long Beach.

Miss Anna McCarthy, of Portland, is at the Driftwood.

Miss May Robertson is spending a few days at the beach.

W. H. Taft, of Tacoma, spent a day at the Hackney cottage.

W. L. West and wife, of Portland, are at the beach this week.

Miss Fay Baker, of Boise, is at the Hackney cottage this week.

C. W. Nibly and family, of Baker City, are registered at the Driftwood.

Mr. and Mrs. P. C. Nash, of Portland, are staying at the Corbett residence.

J. Lesser, of Portland, spent several days at Seaview, returning home Monday.

Col. R. C. Judson, of the O. R. & N., visited Long Beach last week. He was accompanied by his wife.

F. J. Wheeler, of the O. R. & N., accompanied by his family, spent a day at the Schuyler cottage last week.

Mr. and Mrs. J. C. Stuart, of Portland, arrived at Ocean Park last week, where they will occupy their summer cottage.

Mrs. Hugh Glenn and daughter, of The Dalles, arrived a few days ago at Seaview, where they will spend the summer.

Mr. M. Oberdorfer and Misses Lillian Bunting, Lola Lindsay and Myrtle Spangler, all of Boise, spent the week at the Hackney cottage.

THE DALLES

Street Carnival to Be Held During Fair Week in October.

(Journal Special Service.) THE DALLES, July 2.—The Dalles Commercial and Athletic Club held a mass meeting Tuesday night and perfected arrangements for a street carnival. Henry J. Maier presided and Frank Menette acted as secretary. A committee of seven, consisting of the following mem-

GROCCERS WILL PICNIC.

The Portland Retail Grocers' Association has decided to give a picnic at Canemah Park, near Oregon City, July 22. The park will be beautifully decorated, and a fine program rendered. The following has already been decided upon: Ball games, ladies' races, baby show, grocers' races, fat men's races and bicycle races. Prizes will be given for the winners. The association will issue a souvenir program for the occasion.

THE WEATHER.

The unsettled conditions in the North Pacific States continue, and for the season of the year the rainfall has been extraordinarily heavy. In the Willamette Valley nearly an inch and a half, and in Southern Oregon about three-quarters of an inch has fallen within the last two days. In Washington and Idaho the amounts are generally less and vary according to elevation.

The indications are for a partly cloudy day Friday, with clearing up showers at widely scattered places throughout the district. EDWARD A. BEALS, Forecast Official. The first chimney-pot hat was made and worn in London by a batter named John Hetherington, in 1776. His appearance with it in the streets created such a disturbance that he was fined heavily.

bers, was appointed as an executive committee: J. A. Douthett, H. J. Maier, Frank French, Charles L. Phillips, Max Vogt, J. C. Hostetter and E. C. Plase. It was decided to hold the carnival in conjunction with the District Fair, and the date of commencement has been set for September 20, continuing one week. Letters are pouring in daily to President Fish of the District Fair Association, offering attractions and arranging to enter goods, wares, livestock, etc. This will be the biggest fair ever held in Eastern Oregon, and thousands of dollars will be subscribed to make it a howling success. The Gentlemen's Driving Association will also join the combination.

At the meeting of the Water Commissioners held last night the following business was transacted: The contract for repairing and keeping in order the telephone line from this city to the head of the flume was awarded to Seufert & Condon, who will also operate a line along Mill Creek. The sum of \$1,500 was paid to French & Co. on the water flume debt. A committee consisting of Commissioners Bolton, Seufert and Maier was appointed to expert the books of the Commission. The Commissioners refused the application of various parties for the privilege of floating cordwood down the flume to the city.

Hansen & Thomsen of this city have been awarded the contract for erecting a large grain warehouse for Gordon & Co. of Portland on the site of the old stockyard. It will face Second street. The County Court was convened today. As yet no business of importance has been transacted, with the exception of acting upon the reports submitted by Road Supervisors. There will be a long list of sections to look after at this session, and one contest for Supervisor in district No. 19, Columbia precinct.

ASTORIA.—The local Central Labor Council has decided to nominate candidates for municipal and state elections in the future.

SALE.—Offers of 15 cents per pound for 1802 hops are being refused here by the largest growers. It is thought figures will go higher.

MEDFORD.—A fruit growers' union is to be organized in this county. The Medford Board of Trade is behind the proposition.

ALBANY.—Local capitalists headed by E. W. Langdon and P. A. Goodwin have bought the local water works from the outside capitalists who formerly controlled them.

ASHLAND.—John Moore, aged 20, son of I. C. Moore, of this city, was killed on Tuesday evening while working on the logging road in the timber near Pokemama, Klamath County.

SALEM.—August Schriber is advertising for bids for the construction of a new brick block on State street here. It will cost \$3,000.

BUTTEVILLE.—The Thomas Sims farm of 425 acres, near Butteville, has been sold to Louis Bauman, of Illinois, for \$2,857. The sale included stock and machinery.

OREGON CITY.—A clerks' union has been formed here with F. W. Humphreys as President. It has 28 members.

STATE NOTES.

The town of Gold Hill is to be lighted by electricity by July 15. The machinery for the plant to be installed there has been shipped and will soon arrive. The poles for stringing the wires are on the ground.

The Dalles is soon to have another grain warehouse, Gordon & Co., of Portland, have begun constructing a building on the site of the old stock yards. It will be 62 by 156 feet, fronting on Second street.

Mrs. J. Maurer and the Misses A. M. Smith and Stella Robinson met with an accident the other night while in a boat at Eugene. While passing under a low bridge, Miss Robinson failed to lower her head in time and was caught by a protruding beam and swept into the water. She was unable to swim. She sank twice and was about to go down the third time, when she managed to grasp the edge of the boat, and was pulled in by her companions.

TEAMSTERS' STRIKE

Banfield Says It Is Over—The Men Say Not.

The fuel teamsters say that their strike is not settled by any means. They admit that more teams are now employed than there were a few days ago, but announce that it will only be temporary. The most of the men at work, they state, are merely endeavoring to raise funds to leave town on. One of the former employees remarked as follows on the situation: "The company has no steady men employed. Many of these are incompetent and could not hold their positions under ordinary circumstances. They know nothing about teaming and do not expect to retain their positions for any length of time. They are merely taking advantage of the condition of affairs in order to raise a few dollars. Almost any day the most of them are liable to leave. Many of them have quit as soon as they learned that a strike is on, and we have induced lots of them to quit."

Mr. Banfield is very optimistic this morning. He said: "So far as we are concerned there is no strike trouble. We have 50 teams at work today, 65 of them being ours and the remainder we hired for the purpose of catching up with our orders. There has been no trouble in getting new men and retaining them. No, there is no labor difficulty with us at all. The whole incident is low a matter of history." The land area of Hawaii is 4,600,000 acres.

CITY COUNCIL

New Fire Ordinance—Many Petitions—Sewer and Other Improvements.

The most important business transacted at yesterday's Council meeting was the new fire ordinance, introduced by Mr. Rumelin at the request of the Board of Fire Commissioners, providing for the appointment of a Fire Marshal and a Deputy Fire Marshal. It regulates the storing of combustibles and the repairing of buildings which the Marshal may consider in an unsafe condition. Under the ordinance the Chief of the fire department is to act as Marshal, and shall receive no additional compensation for his services. He has the power to appoint a deputy, who shall represent him in the performance of the duties required.

ANTI-MAYOR ORDINANCE.—Another important ordinance was one which provided for the repeal of the famous "anti-Mayor" ordinance, which took the appointment of regular and special committees out of the hands of the executive, and for the return to the old law, which gave the Mayor the appointive power, the members first named to act as chairman of their respective committees. This called forth considerable discussion, after which Councilman Merrill moved that it be at once put upon its third reading. The motion was lost, as was also a motion to reconsider, and the ordinance, on motion of Fiegel, was referred to the ways and means committee.

PROPOSED ORDINANCES.—Other ordinances introduced were as follows: Appropriating \$200 out of the general fund for the improvement of streets in front of public property; referred to the street committee. Authorizing the Mayor and the Auditor to draw warrants in the sum of \$477 for the payment of assessments on property owned by the city; referred to the street committee. For the construction of a sewer on East Couch street, from East Eighteenth to East Sixteenth, directing that the assessment be entered in the docket of city liens and appropriating \$75.95 for the work; passed. For the construction of a sewer in East Ash street, from East Twentieth to East Twenty-second, declaring the proportionate cost, directing that the assessment be entered in the docket of city liens and appropriating \$600; passed. For the construction of a sewer in Kerby street, from Mason to Beech, and making an appropriation of \$2634.55; passed. For the improvement of Fourth street, from Burnside to Jefferson, declaring the probable cost to be \$28,597.95, and making an appropriation; passed. Establishing the grade of St. Clair street at the center line of Main street; referred to the street committee. Authorizing the Auditor to issue warrants to the Chief of Police for the collection of delinquent street and sewer assessments; passed. Authorizing the expenditures for July according to estimates presented to the Board of Public Works; passed.

The electric light franchise was, on motion of Merrill, left on the table and a communication from Charles H. Baker on the subject was referred to the street committee.

SOME PETITIONS.—Petitions for the improvement of Maryland avenue, Benton street and Albina avenue were referred to the street committee, an order sewers in Uphur and East Twenty-third street to the committee on sewers and drainage.

A petition from a number of citizens of Sellwood, asking for the revocation of the liquor license issued to J. Rebstock, was referred to the committee on liquor licenses.

Two claims for damages for injuries to horses, alleged to have been caused by defective roadways, were referred to the judiciary committee.

A communication was received from the Board of Public Works stating that the ordinance granting a franchise to the West Side Suburban Railway Company had been referred back to the Council with the reports of the franchise committee and the remonstrances. It was referred to the street committee.

LADIES THANKED.—At the conclusion of the session, Councilman Merrill proposed a vote of thanks to the ladies who had so beautifully decorated the hall, and it was passed unanimously. The flowers were afterward sent to the Good Samaritan hospital through Mr. Merrill's efforts.

OVER THE WIRES.—RACINE, Wis.—O. H. Thyson, of Caledonia, was killed and several others seriously injured by a tornado which swept a path 10 miles wide across this section yesterday.

TERRE HAUTE, Ind.—Three men were killed in a terrific wind storm at Memence, Ill., yesterday. No details have as yet been obtained as the town is cut off from wire communication.

LOUISVILLE.—Charles Dull, an aeronaut, was fatally injured here yesterday during an ascension. His parachute failed to expand.

WASHINGTON.—Colonel Heuer, Major Marshall and Captains Burr, McKintyre and Gillette have been appointed a board of engineers to visit the Columbia River and pass on the details of the Hartis plan for the Dalles-Celilo canal. Their report is expected in the fall.

TOPEKA, Kan.—The Kansas River is in flood and is rising a foot per hour and great damage is feared.

MADRID.—The Duke of Almodovar, the Spanish Minister of Foreign Affairs, has been authorized to sign a treaty of commerce with the United States.

LONDON.—According to advices from St. Petersburg the Czar has decided to give a private audience to 200 men of all classes to endeavor to ascertain the cause of class dissatisfaction in Russia.

BREST.—An attempt was made here last night to blow up the French government arsenal. The criminals exchanged shots with a sentry and escaped.

ROME.—King Victor of Italy will start for St. Petersburg on July 9 on a three-days' visit to the Czar. Recent storms have done much damage to the beautiful South Carolina monument on the Chickamauga battlefield, but it is not beyond repair. The monument consists of a large bronze palm-tree on a marble base.

ABOUT PARKS

The Commissioners Discussed the Situation This Morning.

A meeting of the Park Commissioners was held in the ante-chambers of the Mayor's office this morning at 10 o'clock, with the chief executive in the chair. But little outside of routine matters came up for consideration and what there was showed that the affairs of the board were in a flourishing condition. The cost of the Maelsey Park fencing, just completed, was \$170, and the remaining \$130 of the appropriation formerly made for that purpose was on motion dedicated to the further necessary repairs on the roads and trails of the public playgrounds.

The payroll for Maelsey Park during June was shown to have been \$116 and the regular payroll \$30. Estimates for the sum necessary for July expenditures reached \$187. This includes supplies, wages, repairs, food for animals, etc.

The matter of the improvement of the park crosswalks with crushed granite similar to that used by the Southern Pacific railway, came up and was debated at some length, a decision finally being reached to refer the matter to the Park Committee with power to purchase a car-load of the material if they so desired.

FIRE MARSHAL

Chief of the Fire Department Dave Campbell will today appoint W. Roberts, late of San Francisco, Fire Marshal of this city, in accordance with the authority vested in him yesterday by the Common Council. Mr. Roberts was recently connected with the Underwriter's Inspection Bureau, of San Francisco, and was recommended to the Council by the Board of Underwriters of this city, J. C. Stone manager. The duties of the fire marshal will be to inspect all buildings of the city, and keep all inflammable material out of the way. He will act in harmony with the chief of the fire department.

The creation of a fire marshal in the cities of the Northwest is new. It has been established in San Francisco and has given good results there. The Fire Marshal's salary will be paid by the board of underwriters.

COOL ROBBERY

J. R. Whitney, another North End bartender, is under arrest on a charge of larceny. This time it was a very audacious piece of work, according to John Kerr, the complaining witness. He says that he went into Whitney's place and purchased a drink, tendering a \$20 gold piece. He is still waiting for his change, as the defendant is alleged to have deliberately pocketed the mopey. Kerr says he was perfectly sober and tells a very straight story.

Exclusive Belts.—About the smartest thing in the way of a leather belt is of snow-white sealion. From two and one-half inches in the back it graduates gracefully to one and one-half inches in the front, where it fastens trimly with a gilt, nickel or black buckle. The belt is lined with white moire silk.

Among the exclusive styles in belts shown are those of sealion, black and gray, and in scarlet morocco, decorated with a graceful perforated design that is brought into effective contrast by the lining of white moire.

There is any amount of artistic originality in belts this summer. Decidedly out of the ordinary is a girdle, wide and pointed at the back, and graduating to a narrow width in front, of Austrian leather carved with an artistic design of thistles, the leaves and bloom. Around the top and bottom of the belt are rows of small steel nail heads. A handsome buckle formed of a thistleleaf ornaments the back, and the front clasps with an oblong cutout buckle.

HOUSEKEEPER'S NOTEBOOK

Calicoes, gingham and chintzes should be ironed on the wrong side. To give a rich color to pies wet with sweet milk before baking. A woolen cloth wet with kerosene will clean very quickly your cherry paint. Don't keep custards in the cellar in an open vessel. They are liable to become poisonous.

Save beef marrow from soup bones to add to suet for puddings. Marrow is more delicate than suet. To remove the smell of paint put a handful of hay in a bucket of water and let it stand over night in the newly-painted room. A very hot iron should never be used for flannels or woollens. A few drops of turpentine in hot starch add luster to ironed linen. Add a few drops of ammonia to the bluing water to whiten the clothes. Place an apple in the bread and cake boxes to keep the articles moist.

Add a tablespoonful of kerosene to a pail of clear hot-water to wash the windows. Make a splendid furniture polish by taking a wineglass of olive oil, one of vinegar and two tablespoonfuls of alcohol; apply with a soft cloth and polish with flannel. Rub celery on the hands to remove the odor of onions. Mix stove blacking with a little ammonia to prevent its burning off. If oilcloth is not worn out, but the colors have become faded and dingy, turn it wrong side up and give it two coats of paint, the last one mixed with varnish, and you will have a floor covering that will last a long time.

BUILDING PERMITS.

Frank Polivka, Water and Hooker streets, addition; \$400. R. & F. Solomon, Tenth and Market streets, two-story house; \$300. James H. Banks, East Nineteenth and East Twenty-first, two-story house; \$200. R. L. Darrow, Hancock and East Nineteenth streets, two-story house; \$400. Portland, General Electric Company, Seventh and Alder streets, one-story building; \$100.
