

NATIONAL EDUCATIONAL CONVENTION IN SESSION

Teachers From All States in the Union, Gathered at Minneapolis.

(Journal Special Service.)

MINNEAPOLIS, Minn., July 7.—Minneapolis has capitulated to the army of teachers who have journeyed hither by companies and regiments from every section of the country to do their share toward making the forty-first annual convention of the National Educational Association a feast of reason and a flow of soul. Estimates of the number of strangers within twenty miles of this morning run all the way from fifteen to twenty thousand, the latter figure being probably nearest the mark. Conspicuous by their badges and blue ribbons, they have possession of the hotels, clubs, principal streets in the business section, parks, halls, churches and school houses. It is a notable gathering of those who have assumed the mission of instructing mankind from the first stages in the kindergarten to the final ones in the university. Men and women distinguished in their chosen field are to be encountered at every turn. Registered at one or other of the hotels, or the guests of leading families, are such eminent educators as Superintendent James A. Fosahay, of Los Angeles, Cal.; President Nicholas Murray Butler, of Columbia University; President Jacob Gould Schurmann, of Cornell University; Hon. William T. Harris, United States Commissioner of Education; Prof. Thomas C. Frothingham, of the University of Michigan; President William R. Harper, of the University of Chicago; J. J. Doyle, of Little Rock; Superintendent John H. Hineman, of Pine Bluff, Ark.; J. Remsen Bishop, of Cincinnati; President Charles W. Dabney, of the University of Tennessee; Professor Edwin G. Dexter, of the University of Illinois; Dr. William Bayard Craig, of Drake University; Miss Roda Selleck, of Indianapolis; President Joseph Swain, of Indiana University; J. F. Millsbaugh, of Winona, Minn.; J. H. Phillips, of Birmingham, Ala.; Superintendent J. M. Greenwood, of Kansas City; Nathan C. Schaeffer, State Superintendent of Public Instruction of Pennsylvania; Superintendent Charles B. Gilbert, of Rochester, N. Y., and Mrs. Carrie Chapman

LONG CHASE AFTER CHILD

Devoted Mother Hunts All Over World for Baby.

(Journal Special Service.)

CHICAGO, July 7.—Thirty thousand miles traversed in search of her kidnapped baby, with the final recovery of the child in Madras, India, is the record just accomplished by Mrs. Marion Thornton Egbert, a Chicago woman.

Part of the time in the disguise of a man, Mrs. Egbert hunted for almost two years over America and Europe, spending thousands of dollars in the pursuit of her daughter.

The little girl was kidnapped by her father, Dr. J. W. Egbert, who came to Chicago from India to gain possession of the child. The abduction took place on the afternoon of September 23, 1900.

SHOT WITH A RUSTY NAIL

(Journal Special Service.)

LA JUNTA, Colo., July 7.—Dante Donlan, the 16-year-old son of J. E. Donlan, while playing with a 22-caliber revolver, slipped a rusty nail down the barrel of the weapon and then pointed it toward his face. The revolver was discharged and the nail entered the boy's throat under his chin, passing clear through the neck. It protruded from the skin behind the spine.

Drs. Huskins and Finney and Kenris extracted the nail. The boy is still unconscious and is paralyzed below the waist. His chances for recovery are slight.

BIG TENNIS GAMES

NIAGARA-ON-THE-LAKE, Ont., July 7.—Interest of lovers of tennis is now centered in the annual championships of the Canadian Lawn Tennis Association, which began today to continue through the week. The contestants represent many parts of the Dominion. The events to be decided are the all-Canada singles, handicap, men's doubles and ladies' singles.

WOULDN'T PRAY WITH A SCAB

(Journal Special Service.)

SCRANTON, Pa., July 7.—One hundred men marched out of St. Patrick's Church, Oliphant, before the commencement of mass, rather than worship with a non-union man. Father Murphy was ready to begin the mass when Member Reap arose from his seat and, addressing the priest, told him there was a man present who was on the unfair list, and demanded that he be ejected from the church. Father Murphy mentioned Reap to his own. He declined to take his seat, and repeated his demand. Father

RICH FIND

(Journal Special Service.)

LAREDO, Tex., July 7.—A Parra, Mexico, special says: The richest gold and silver strike ever made in the famous Parra district has been made in the San Juanito property of the Hidalgo Mining Company. At a depth of 200 feet an independent and unexplored vein was discovered, carrying \$200 per ton in gold and silver. The shaft was opened by the Spaniards years ago, but as the vein only showed two feet of ore, the company had postponed working it until recently.

This strike eclipses the famous Palmito, which produced over \$3,000,000 in a single year.

HE LIVED IN THREE CENTURIES

(Journal Special Service.)

CHICAGO, July 7.—Walentyn Orlick, 586 Holt avenue, who had lived in three centuries, has been buried in St. Adalbert's Cemetery. The woman who had been his wife for over seventy-eight years stood at the grave to witness the last rites.

Orlick was 104 years old and his widow is 102. Up to five weeks ago Orlick had never been in poor health. He was born in the little village of Zevartyvi, Prussia, in 1798, of Polish parents. When received the homage of the Emperor of Marie Louise, entered Dresden in 1812 and recalled the homage of the Emperor of Austria and the King of Prussia, Orlick, then a 14-year-old boy, witnessed and retained a vivid recollection of the event.

FLEE FROM CUBA

(Journal Special Service.)

HAVANA, July 7.—The failure of the United States to grant reciprocal concessions to Cuba has had the effect of driving from the island many of the large American business interests, including Armour & Co. and Swift & Co., packers.

The fear of an approaching commercial and financial crash has assumed the proportions of a panic and all who can leave are doing so.

CAUGHT SEA HORSE

(Journal Special Service.)

BALTIMORE, Md., July 7.—Among the curiosities gathered at sea by the mite of the schooner Merom, which has just arrived in port from Port Tampa, was a specimen of the sea horse, which he found in a bunch of sea grass he pulled on board while the Merom was in the Gulf of Mexico. The fish is about four inches long, and has a head and neck shaped like those of a horse. The mate kept the fish alive in sea water for two days, but it then died. It was preserved by drying in the sun.

The sea horse is rarely caught. The mate of the Merom said it was the first he had ever seen, though he went to sea many years ago.

DAMAGE BY STORMS

New York and Wisconsin Suffer From Elements.

NEW YORK, July 7.—New York state was at the mercy of the elements yesterday. Rivers and creeks overflowed their banks, carrying devastation everywhere. Telegraph and telephone wires are down. Damages to the amount of \$100,000 resulted at Arcade, and Minnie Loper was drowned.

At Batavia, the Tonawanda Creek, whose banks are 50 feet high, overtopped its confines, submerging hundreds of farms, and causing heavy damage. The

LORD MAYOR OF LONDON

The incumbent was inducted into office in 1901. He bears the ordinary name of Rogers but can sport a velvet cloak and all his orders with great dignity and seriousness. There is a charming Lady Mayress.

that, although the water is raised to boiling temperature, it flows out only 45 degrees Fahrenheit hotter than it entered the apparatus.—The Hospital.

GLASS WORKERS' MEETING

WHEELING, W. Va., July 7.—The twenty-fourth annual convention of the American Flint Glass Workers' Union was opened here today with elaborate ceremonies. President Charles E. Voltel called the delegates to order and named a committee on credentials, after which an adjournment was taken until tomorrow. There was an immense parade, in which all the visitors participated.

The convention will begin its real business tomorrow morning. The principal matters to come up are the election of officers and the settlement of the machine question. President Voltel is a candidate for re-election. The convention will decide whether to hold out for a reduction in the number of moves in the machines. A strike may result among the chimney men.

NATIONAL SCHOOL OF AGRICULTURE

COLUMBUS, O., July 7.—Everything is in readiness for the formal opening this evening of the first annual session of the National graduate summer school in agriculture at the Ohio State University. The purpose of the school, which is held under the auspices of the United States Department of Agriculture and the Association of American Agricultural Colleges and Experiment Stations, is to furnish advanced instruction in agriculture. The corps of instructors includes the heads of leading agricultural colleges throughout the country.

GIRL IS RESCUED

(Journal Special Service.)

ST. PAUL, July 7.—Olga Larson, a pretty 16-year-old girl, who disappeared from her home in Minneapolis a few days ago, has been rescued from a life of shame by officers of the St. Paul Central Police Station.

Several days ago the girl disappeared from her home in Minneapolis, and all efforts of her father, Arthur Larson, to locate her have been in vain.

The father told the officers that he believed his daughter was in a disreputable house in St. Paul. The girl was soon located and consented to return to her home.

MAY DEMAND SHORTER HOURS

BALTIMORE, Md., July 7.—About 300 delegates representing as many cities throughout the United States and Canada are attending the annual national convention of the Boilermakers and Iron Shipbuilders' Union. The gathering was formally opened in Rain's Hall today by James McNeal, the national president, presiding. The sessions are expected to continue for ten days or longer, as there is more than the usual amount of important business to be transacted. One of the first matters to be discussed is the advisability of the organization demanding an eight-hour instead of a nine-hour day.

BOILED WATER

Tomy Atkins Has Means of Procuring Hygienic Drinking Fluid.

British soldiers are to be provided with boiled water for drinking. The water will first of all be clarified by a rough kind of filtration through charcoal containing a certain amount of potassium permanganate, and will then be "sterilized," either by filtration or by heat, after which it will be distributed to the troops by means of water carts reserved for "sterile" water only. So far as the method of sterilization by boiling is concerned, the war office has adopted a form of apparatus which is very economical of heat, being so arranged that the incoming water absorbs the heat from that which has been through the boiler, and this so effectively

IT'S UP TO MERCHANTS

As to Whether a Carnival Will Be Held in September.

B. B. Rich and George Wemple have been appointed a committee of two to inquire whether the business men of Portland as a carnival in the fall, and how much they will contribute to it. The idea of the Portland Lodge, 102 B. P. O. B., is to endeavor to raise \$12,000 by subscription. If this sum can be raised, the fair will be given, as the Elks of Portland have shown what they can do in this line. This special committee on learning the opinions of the business men of this city, will report at a meeting of this lodge next Thursday night.

Governor-elect George E. Chamberlain, D. Sells Cohen and Judge Alex. Sweek are the committee who have the general management and detail work of the carnival to look after.

It is absolutely necessary that the subscription committee have a complete report in by Thursday night. The committee began work this morning and will be out till Thursday night. As the Elks contemplate holding the carnival from September 1 to 13, it is imperative that no time be lost, as there are only seven weeks' time to work in.

A VAGABOND PRINCE

(Journal Special Service.)

ODESSA, July 7.—In their weekly raid here today the police arrested among the vagabonds Prince Kurakin, a scion of a semi-royal family. The Prince was sentenced to three days' imprisonment for begging.

KRETZ CARED NOT

(Journal Special Service.)

READING, Pa., July 7.—W. W. Kretz, president of the local association for the study of occult science, had himself placed in a coffin, put himself in a comatose state, and was buried under five feet of earth, with an air tube running to the coffin. When he was dug up for fear a drizzling rain would drown him, his coffin was half full of water, but Kretz was uninjured, and still asleep.

CARRIE'S NEW FREAK

(Journal Special Service.)

WICHITA, Kan., July 7.—Word here is to the effect that Mrs. Carrie Nation has become a follower of Alexander Dowie, has been engaged to travel for the prophet and will make Kansas her territory. Mrs. Nation claims to have been cured of several diseases by a Dowieite.

Elder Prather of Dowie's church, Chicago, denies that Mrs. Nation has become a member of their church, although he admits she may have been engaged for field work.

BAD GIRLS

(Journal Special Service.)

HULL, Mass., July 7.—Miss Floretta Vining, editor of a syndicate of South Shore newspapers, has written an editorial based on her investigations of swearing and drinking among women.

She says young women of good families come to Hull with young men, drink whisky and beer and indulge in lunches which cost \$18 and \$20. She knows of a prominent Boston society woman drinking half a quart of whisky before lunch.

Swearing she finds common among women, and many married men have to read the papers to find where their wives are.

CHAUTAUQUA

WINONA LAKE, Ind., July 7.—What promises to be the most successful season in the history of the Winona Chautauqua and Summer School was formally opened today. Among the eminent lecturers and speakers to be heard during the next few weeks are Captain Richmond P. Hobson, Senator M. A. Hanna, Miss Ellen M. Stone, General John C. Black, President Samuel Gompers, of the American Federation of Labor; Ernest Seton-Thompson and General Fitzhugh Lee.

FOUGHT IN HOTEL

(Journal Special Service.)

DALLAS, Tex., July 7.—Charles Fouts, night clerk at the National Hotel, No. 136 Griffin street, and William Irby, a bartender, fought a pistol duel in the hallway of the hotel. Fouts is dead at the Morgue, and Irby is locked up at the county jail with a slight flesh wound in the right cheek. The men had been enemies for some time.

BEAUTY.

HOW IT CAN BE OBTAINED

How to Make a Marvelously Perfect Complexion and Restore Youthful Looks.

There is nothing more beautiful than the human face with its vivacious countenance, its sparkling eye, its pleasant smile and perfect symmetry.

But the crowning glory of the face is a radiant complexion with its lively glow, its youthful tinge, and its fine, smooth texture.

But the question is, can such a complexion be attained? In this wonderfully progressive age of art, literature and science; of the steam engine, the mighty cannon, the electric motor, the wireless telegraph and the ponderous fabric-making machines; what is there that is impossible?

By a careful study of the nature and texture of the skin, and a thorough research in the realm of chemistry and compounding of ingredients, a remedy has been at last perfected that will accomplish these results.

This remedy is **Mme. A. Ruppert's Face Bleach**.

WHAT FACE BLEACH IS.—Face Bleach is not a cosmetic to cover up, but it absolutely removes once and forever all the discolorations and blemishes to which the complexion is subject. I can positively guarantee every woman it will do all I claim. Its action on the skin cannot fail to remove every defect. It's a well-known fact that the blood in order to cleanse itself is constantly throwing off its impurities through the pores of the skin; now if the pores are not kept open, the impurities of the blood cannot escape, but collect below the surface, and produce all manner of skin troubles, such as PIMPLES, FRECKLES, MOTH, SALLOWNESS, ECZEMA, ACNE AND NUMEROUS OTHER SKIN DISEASES AND DISCOLORATIONS.

ACTION OF FACE BLEACH.—Now Face Bleach has this two-fold action; first, it has a magisterial action, which attracts and draws to the surface the impurities which have collected under the skin; and, secondly, a chemical action which removes by scaling off (in the form of a fine dandruff) the surface of the outer, diseased or dead cuticle, leaving the under skin—beautiful, youthful-looking and delicately tinted by nature—clear, smooth and perfect. This method is perfectly harmless to the most delicate skin, as it harmonizes with the laws of hygiene and nature, the two factors which we must adhere to and follow if we wish to permanently improve our personal appearance.

THOUSANDS BENEFITED.—Thousands of patrons, who were annoyed and vexed with most miserable complexions, have been delighted with the grand improvement Madame Ruppert's Face Bleach has produced in their skins. Many complexions, covered with pimples, freckles and eczematous eruptions (itching, burning and annoying) have been changed to bright, beautiful skin, and the improvements made in their looks were simply marvellous. There is scarcely a defect to which the complexion is heir which will not succumb to this wonderful remedy. Premature wrinkles and lines—those inroads of beauty—are quickly effaced, and those muddy, disfiguring, sallow, jaundiced skins are quickly transformed into clear, wholesome ones by its use. Flabby skins—which also mark the ravages of time—become firm and smooth after a few applications. Skin troubles which have baffled the most skillful physicians have been removed and cured promptly, and many have expressed, personally and by letter, their heartfelt and profound thanks for this wonderful Face Bleach.

A positive guarantee is given if Face Bleach is used according to the new special directions, which are furnished with each order, that it will remove every discoloration and impurity from your complexion.

All of Mme. A. Ruppert's world renowned preparations are sold by us at reduced prices.

THE OSAGES MAKE A SLATE

(Journal Special Service.)

GUTHRIE, O. T., July 7.—The Osage Indians in convention in their legislative hall in Pawhuska and placed in nomination their various candidates for principal and assistant chiefs. One faction of the tribe nominated James Bigheart for principal and Bare Legs for assistant. Another, or progressive, party nominated John Claremore for principal and John Strait for assistant, while a third faction has placed Bacon Rind as their nominee for principal chief. The election will be held on August 1.

SHOT FOR TEASING

(Journal Special Service.)

CHICAGO, July 7.—William Hall, colored, was shot and instantly killed by Harry Murphy, who had been teased and abused by 14-year-old Wiley Moore, after he had been repeatedly told to desist.

The shooting took place at 2307 Ashland avenue, and the trouble between the two men had been brewing for some time. The murderer escaped, and it is believed left the city on a freight train on the Santa Fe road.

COSTLY MISTAKE

(Journal Special Service.)

LITTLE FALLS, Minn., July 7.—W. H. Coy, aged 24, a bachelor living alone 2 miles southwest of the city, was accidentally poisoned and died from the effects. When cooking breakfast he made a mistake and put arsenic in pancake flour instead of salt. A small amount of money was found in his cabin. Several letters in his possession showed that he had relatives at Bradford, Me.
