GRANTS PASS

Excursion From Chicago—Galice District Clean-up—Baseball.

(Journal Special Service.)

GRANTS PASS, July 10.—An excursion of 300 people will run from Chicago to Grants Pass during August. Yesterday D. W. Ament, president of the Golden Drift Mining Company, who has been here for some time looking after his mining interests in the Dry Diggings, left for his home in Chicago to arrange for the excursion. To a Journal representative Mr. Ament stated that he would have all arrangements made for the excursion to come about the 8th of August. The people comprising it will be largely people who have mining interests here and others who desire to investigate the resources of this section. The citizens are making preparations to entertain them royally.

The Alerts baseball nine, of Grants Pass, has arranged to play a series of three games with the Ashland or Jackson County nine for a purse of $250. The team winning two games out of three will get the purse and will also be considered the champion nine of Southern Oregon. The first game will be played next Sunday at Jacksonville. The second game will be played the following Sunday in this city.

J. R. Harvey, manager of the Old Channel mines, of Galice district, came into Grants Pass yesterday with the remainder of this season's clean-up of his big placer properties. The clean-up of the Harmon-Green mine, of the same district, has also been brought in. Nearly all of the gold of Galice for this season has been brought in and shipped to the mint.

New Receiver to Take Office July 15—Notes and Personals.

(Journal Special Service.)

OREGON CITY, July 10.—Judge McBride adjourned Circuit Court yesterday until August. A motion by the defendants in the case of W. G. Randall vs. Sarver, Simmons and Hamilton for a new trial was overruled.

Augusta Henness, who was committed to the insane asylum from this county March 29, 1901, has been released for a period of six months. She has been placed in the care of her sister, Mrs. W. T. Whitlock, of Portland.

George W. Bibee, of Sheridan, will receipt to Receiver Galloway, of the local land office, July 15, and will take possession of the Receiver's office on the following day. He is now in the city and is preparing to bring his family here. Mr. Bibee expected to take over the office from Receiver Galloway July 1, but his successor as postmaster of Sheridan was not appointed. Last Saturday he received authority from Washington to turn the postoffice over to his bondsmen, who placed John Sanders in charge of the office. The appointment of a postmaster at Sheridan will probably be made as soon as Congressman Tongue returns from Washington. It is said that Senator W. Tyler Smith, of Yamhill County, and Mr. Bibee, recommended a man for the place who was not satisfactory to Mr. Tongue, and for this reason the appointment was not made.

A progressive hearts party was given last night by Dr. and Mrs. Leonard L. Pickens in honor of Mr. and Mrs. Huriburt, of San Francisco. The first prize was won by Miss Laura Pope. After several hours of cards, ice cream and cake was served. The evening was passed very pleasantly. Those present were: Dr. and Mrs. L. L. Pickens, Mr. and Mrs. Huriburt, Miss Amy Kelly, Miss Laura Pope, Miss Antoinette Walden, Miss Pratt, Miss Hattie Mary Pratt, Miss Imogen Harding, Miss Mary Conyers, Miss Chase, Miss Sade Chase, Miss Ina Chase, Miss Harriet Cochrane, Miss Myrtle Buchanan, Miss Draper, Miss Mattie Draper, Messrs. E. C. Chapman, H. Leighton Kelly, Harry Draper, Gilbert L. Hedges, Edward E. Brodie, Theodore Osmund, David Holt, Lewellen Adams, George Lee Harding.

The annual financial statement of Clackamas County has been completed. The total amount of warrants issued during the fiscal year was $66,428.39, and the total amount of road warrants issued was $31,749.43.

CORVALLIS.

(Journal Special Service.)

CORVALLIS, July 10.—Logan Hays was the victim of an accident Sunday evening about 6 o'clock, which fortunately resulted in nothing more serious to him than a sprained wrist. He was returning from Albany by buggy and team, when the horses became unmanageable, and Mr. Hays was thrown out, sustaining numerous bruises and a sprained wrist. After running some distance the horses stopped, and when Mr. Hays came up he discovered that one had fallen through the bridge and had broken its leg. No doubt Linn County will settle the damages.

INDEPENDENCE

Hunter Shoots Himself—Another Lost and Goes Demented.

(Journal Special Service.)

INDEPENDENCE, July 10.—A telephone message from Falls City gives an account of a very serious, if not fatal, accident to Ralph Henry, of that place. He was out hunting in the timber and by an accidental discharge of his rifle was shot under the chin, the bullet coming out at the nose. His face was almost entirely torn away.

While C. J. Pugh and a party of homesteaders were visiting their homesteads near Falls City, Ore., Mr. Pugh left the rest of the party to enjoy a little fishing. He soon became lost from his crowd, and crossed Boulder Creek to Siletz Creek, in his endeavor to reach the cabin, but only got farther away. A search party was organized, and after a night Mr. Pugh was found in a pitiful condition. His clothes were torn almost from his body and his shoes entirely worn off his feet. Owing to his exposure and want of sleep and nourishment, he had become demented and was unable to recognize any of his friends.

AROUND THE STATE.

Otto Cox., the 11-year-old son of C. Cox, of Lacomb, near Lebanon, met with a serious accident while on his way home from Lacomb recently. He was riding horseback, and when about half way home the horse threw him off and kicked him in the head before he struck the ground. Several inches of his scalp was laid bare by the horse's hoof, and the wound was filled with dirt and gravel. As soon as he sufficiently recovered he walked on to the Mills place and a doctor was sent for to attend to his injuries. It took 10 stitches to sew up his scalp.

The Southern Pacific Company proposes sending immigration agents East from a number of valley counties, paying the agents a stated annual salary. Deeds have been filed for record whereby Horace Irving purchases 1600 acres of timber land in the southeast township of Clatsop County for a consideration of $10,800, or an average of slightly over $50 an acre.

The United States Engineer's steamer George H. Mendall was making soundings Tuesday of a new cutoff channel from Tongue Point to Astoria. It is reported that the least water that can be found in this channel at mean low water is about 20 feet. If this channel continues to improve as it has the past year it will be charted as the regular ship's channel and deep water vessels can use it and not have the insurance interfered with as at present, if any accident should happen while passing through it.

THE ENGINEERS' STRIKE ENDS

River Traffic Resumed Today—Strikers Made Concessions to Owners.

The marine engineers' strike was declared off last night at 11 o'clock, and the full fleet of river steamers will be in operation again in a day or two on their regular runs.

"Concessions were made on both sides," say the engineers. "It is too soon yet to enter into details as to just how the differences were adjudsted. Our committee is calling on the owners today, and it will probably be night before we know just how things do stand. The strike is off, however, and we will resume our old positions just as soon as the steamers are ready to go out."

The owners relate a different story, which is as follows:

"Yesterday afternoon we made a proposition to the engineers to the effect that their positions, with the exception of those which have been filled with non-union men since the strike began, are open to them at the old scale of wages any time they wish to return. At about 11 o'clock they telephoned to us that our terms would be accepted. This morning they came down to the docks, and are making preparations to take out their boats. Some of them will go out on their runs today, others tomorrow, and by Saturday the boats will all be running on schedule time.

"The men made an absolute failure of the strike. This is mainly attributable to the fact that they gave us so short a notice of their intentions. Had they given us a reasonable length of time to make the necessary arrangements to meet their demands the outcome might possibly have been different. In the neighborhood of 20 of them will not be taken back, because their positions have been filled by other engineers. Since the strike was begun the following number of new men have been secured by the various companies:

"White Collar line, 2; Kamm line, 1; Oregon City Co., 3; Washougal Co., 1; Shaver line, 5; Jones Towing Co., 2; D. P. & A. N. Co., 4; O. R. & N., 2."

This makes about 20 non-union engineers who have succeeded to positions on the river by means of the strike if the owners' version of the conditions of the settlement is true. The men claim that it is not, and they apparently wish to withhold any definite information that they may possess on the subject.

The strike lasted 10 days, but during that time it has been of such magnitude as to almost paralyze the river traffic. Farmers along the river were greatly inconvenienced in getting their products to market, and the saw mills were becoming short of logs. Everyone seems pleased that the trouble is ended.

ATTEMPTED SUICIDE

This morning, about 1:30, a woman of the town who has apartments over the Cash Inn saloon, at the corner of Fourth and Taylor streets, became weary of life and attempted to kill herself by swallowing four grains of morphine. A doctor was hastily summoned, and after about an hour of hard work and having administered an antidote, she recovered.

FEW LICENSES TO BE REFUSED

Contrary to expectation, but few saloons will be refused licenses for another year. As a result of Mayor Williams' message it was thought by many that the majority of the North End saloons would not be allowed to continue business, but from official sources this idea is denied. "The city needs the money," said one of the city fathers, "and only those houses generally known to be places of vicious resort will be shut out."

Just what action looking to the purification of the North End will be taken by the administration Mayor Williams is at present not prepared to say, but it is understood that a definite plan of action has been formulated by the police commissioners, and that its results will soon be seen.

REMOVED TO HOSPITAL.

United States Marshal Matthews yesterday wired to the Attorney General at Washington, D. C., asking for authority to remove Prisoner John Maloney from the county jail to some hospital to be operated upon for abscess. The authority came by telegraph this morning to have the operation performed provided the cost of same, together with attendance of a guard, did not exceed $70. Maloney was taken to St. Vincent's Hospital today.
