Near the fireworks display on the Fourth the roofs of several houses were penetrated by stems of skyrocket. In one instance a stem fell with such force as to go through the roof and penetrate through the plaster of the ceiling.

The 10-year-old son of M. G. Han, a Chinese, has been taken to St. Vincent's hospital by Special Officer Hawley of the Boys' and Girls' Aid Society, for treatment to his eyes, which were badly injured by the explosion of a bomb on the Fourth. The parents of the lad protested very vigorously against the removal of the boy from his home, but he was nevertheless taken and is being scientifically treated.

FOUND DEAD

Aged Edward J. Finley Dies Alone in a Saloon.

Edward J. Finley, for 20 years a resident of Portland, was found dead in a small room of the International hotel bar, Third and Everett streets, at 6 o'clock this morning.

Finley was a great sufferer from asthma, and the evidence points toward this as the cause of death. Coroner Finley removed the body to his undertaking parlors, and after an examination said that death was due to a natural cause, and therefore it would be a useless expense to the county to hold an inquest.

Finley was 60 years of age and for the last two months had been on duty at the International hotel bar. He suffered so much from asthma that he was unable to go to his room upstairs, and therefore slept in a small room downstairs. His body was found by A. J. Morse, who went on duty at 6 o'clock this morning.

STEAK TOO DEAR

A Ham Sandwich was the Congressman's Limit.

Representative Sulzer went down into the House restaurant the other day rather undecided as to what he should order for his lunch. He sat down at a table, picked up a menu card and glanced over it, looked on the back cover and then threw it down, much as a man would do whose appetite was on a strike and who was endeavoring to devise some plan of arbitration.

"I really don't exactly know what I want," he said, rather indifferently, to the colored individual who stood at the back of his chair. "Have one of dem nice pottahouses steaks, Mr. Sulzer," suggested the obsequious garçon. "What!" exclaimed the New York representative. "George, you must mistake me for J. Pierpont Morgan, or a Standard Oil magnate. I'm a poor man; only a member of Congress, and I can't afford to eat breakfast. Besides, I've only 64 with me today, and I would very much dislike to have part of the bill for my lunch charged. No, George, just bring me a ham sandwich."—Washington Times.

HERE FROM HILLSBORO.

Attorney H. T. Bagley, of Hillsboro, came in this forenoon from Gaston, where there was one of the largest celebrations of Independence Day ever known in Washington County. Owing to the inclemency of the weather on the Fourth the people of Gaston postponed the celebration to a time when there would undoubtedly be better weather, and their wisdom was proven by the good weather and the enormous crowd that was in attendance at the celebration yesterday.

Mr. Bagley incidentally mentioned the fact that the people of Hillsboro are very much interested in the promotion of the electric railway from this city to their town. The Board of Trade of Hillsboro is working very zealously in the matter.

A DRESS OF QUEEN VICTORIA

A London contributor writes: "One of the ladies at the coronation was to have worn a gown composed of a robe that once belonged to the last Queen. The garment is of cloth-of-gold, with a dainty, short-waisted bodice. The back part of the skirt is made all in one, with no seams. The skirt opens in the front over gold-colored tulle. It seems a real sin to cut up this interesting apparel, which would be in time almost priceless as a relic and for which many an American enthusiast would now be willing to pay a large sum. But the recipients of these royal gifts are never allowed to sell them, and it would have been foolishness to leave cloth-of-gold lying around when such a pageant as the coronation was in view."

THE CZAR'S DELUSION.

The Czar wears a ring in which he believes is imbedded a piece of the true cross. It was originally one of the treasures of the Vatican, and was presented to an ancestor of the Czar. Some years ago the Czar was traveling from St. Petersburg to Moscow. He suddenly discovered that he had forgotten the ring. The train was stopped immediately, and a special messenger sent flying back on an express engine for it, nor would the Czar allow the train to move until several hours afterward, the messenger returned with the ring.

Labelled for Salvage.

Matti Korpeila, owner of an unnamed Columbia River fishing boat has labelled the launch Lidie and Marie, in the United States District Court, sitting in admiralty. He has labelled also, all her tackle, apparel, machinery and furniture. Eliballant alleges that he found the launch in question abandoned and deserted on the Columbia River bar, on July 4. By dint of repeated effort, he succeeded in saving the launch from being wrecked against the jetty at the mouth of the river. He towed the boat to Astoria, a distance of 20 miles. He asks the court that he be allowed salvage from the owners of the launch, in a sum that is proper and right.

Trolley Wire Broke.

There was much excitement for a quarter of an hour this morning at Fifth and Morrison, when a trolley wire broke and fell to the street, lashing itself in all directions, imperiling life and blocking traffic. There were several unsuccessful attempts to replace the wire by the different car operators, and all the traffic was stopped until the wire was again suspended, finally by a rope. Several hair-breadth escapes were experienced. Between replacing the wires, turning vehicles into other streets and guarding against accidents to the curious spectators, the car bands, of which there were many, had an interesting time.

Williams-Rains Wedding.

A very pretty wedding was solemnized at the residence of J. L. Williams, 8 North Grand avenue, Tuesday evening, the participants being Mr. Clair Williams, of this city, and Miss Nettie Rains, of Forest Grove. The wedding was private, only the immediate members of the family being present. The ceremony was performed by Rev. Randall, pastor of the Second Baptist Church. After the ceremony a delightful repast was served. Mr. Williams is a well-known young business man of the East Side, being a member of the firm of R. Schmeier & Co., grocers. The young couple will make their future home at 30 East Fourteenth street, north.

Bridges Open Too Soon.

Nothing has been heard as yet of the decision of the Washington government in the matter of regulating the hours for opening and closing the draw bridges in this city. Nearly every morning the people living on the East Side of the river are kept waiting for the passage of some slow boat with a barge. On some of the bridges the gates are shut several minutes before the signal is given by the vessel to open the draw. Supplementary complaints are about to be filed with the authorities.

MONEY AND MORALS

Watterson's Ten-Year-Old Lecture to Be Given Tonight.

This morning's session of the Chautauqua Association at Gladstone Park was devoted to classes and the Ministerial Association. Rev. H. V. Jones, pastor of Haselod Congregational Church, led in the discussion of "What Should Be the Christian's Attitude Toward the Liquor Traffic?" Many of the preachers joined in the discussion, and valuable points regarding this subject were discussed, no doubt to the profit of all present.

This afternoon was devoted to an enjoyable band concert, after which Miss Mary Conyers sang a solo, which was enthusiastically applauded. The rest of the afternoon will be devoted to a lecture by Professor John Ivey on "Paintings and Painters: Some Facts and Fancies About Them."

This evening will be the main feature of the Chautauqua, the treat being a lecture on "Money and Morals," by Henry Watterson of Louisville, Ky. Mr. Watterson has been using this lecture for the last 10 years, and it is a good one.

Yesterday afternoon's session of the Chautauqua opened with a band concert, after which Dr. Robert McIntyre delivered an address on "The Sunny Side of a Soldier's Life." Dr. McIntyre's lecture was full of contrast, at times bringing tears into the eyes of his auditors, and at others covering the faces of his auditors with smiles.

Following Dr. McIntyre's lecture there was a well-played baseball game between Chemawa and Vancouver, the former winning by a score of 12 to 9.

In the evening another delightful concert was rendered by the Chemawa band, after which Dr. S. E. Wise gave an instructive lecture on "The Mission of Israel."

HOPE TRACY WILL ESCAPE

The prisoners at the county jail, says Jailer D. D. Jackson, take a keen interest in the posse's pursuit of Convict Harry Tracy. The "Kangaroo Court" obtains a copy of the daily paper and the latest news of the man-hunt is eagerly devoured. Most of the prisoners are undoubtedly in sympathy with Tracy and hope that he will escape for good. Some have been heard to express elation over the killing of members of the posse, although they are very wary about giving utterance to their personal views of the chase.

BOYCOTT

Against the Planing Mills Continues.

As is popularly supposed, the boycott has not been removed from the material produced by the local planing mills against which the Amalgamated Woodworkers went on a strike May 1. The Building Trades' Council has declared the goods fair, but according to some of the labor authorities the action was illegal.

Organizer Duke says: "The boycott has not been lifted from the planing mills. It was placed there by the Federated Trades Council, the parent body of all local labor unions, and until that organization orders its removal, the boycott must remain. The Amalgamated Woodworkers were organized by me nearly two years ago and they are affiliated with the Federated Trades Council, in which they are represented by delegates. The strike as well as the boycott against the six planing mills will continue regardless of any illegal action taken by some other organization."

PARISIAN OUTING HATS.

It is becoming an understood matter among ladies of particular taste that they must go to a high-class men's furnishing goods store now to get the swiftest ladies' outing and walking hats. It is a novel and noticeable feature of the men's furnishing goods trade. The articles for men's wear have improved so much in quality and finish that it was but a short step for men's furnishing goods dealers to put in a stock of especially dainty and swell articles for women.

The ladies recognized some time ago that in many articles of apparel the styles for men were the most sensible, and imitated them. After a while they adopted men's styles altogether in the case of many articles—especially hats and stocks. The consequence is that in windows of the haberdashery shops of the cities the leading articles for women's wear of this description are displayed. M. Sichel, the leading men's furnishing goods man of Portland, has just received a special importation of ladies' outing hats and dainty stocks for summer wear that are very attractive, and some Parisian goods among the hats are of the finest class of workmanship and as light as a silk handkerchief. They are extremely fetching in appearance and very comfortable, as well as very swell for summer wear. A visit to the store and an inspection of these very fine goods is worth while to those people who are particular about their costumes.

The State Medical Board concluded its examinations yesterday of students seeking diplomas as physicians, but it will require several days to learn who the successful candidates are. All the officers of the board were re-elected, and they are as follows: President, Dr. W. H. Saylor; secretary, Dr. Byron E. Miller; treasurer, Dr. W. E. Carll.

BYERS DISCHARGED

Judge Hogue Says Perjury Was Committed in His Court.

Police Judge Hogue handed down a decision yesterday afternoon in the case of the State vs. Fred Byers, charged with the larceny of \$26 from Morris Goldstone, of 408 First street. Young Byers, who is of good parentage, impressed everyone who heard the case as being one who would not commit the crime charged against him.

On the other hand, the evidence for the prosecution was of a very shady nature, and of such a character that the court, in discussing the case, said:

"While this complaining witness probably lost his money some place, this defendant did not take it. Perjury has undoubtedly been committed in this case, and this leads me to suggest that, at the first opportunity, the state bring a prosecution where the evidence is forthcoming. I will not ask it in this case, but wish to simply sound a warning.

"I also wish to state that in the future, where a subpoena regularly served, is disregarded, the guilty one will be brought in here on a bench warrant and severely punished. I will overlook a case of this kind which occurred today, but never again."

O. N. G. ENCAMPMENT

Members of the Third Regiment, Oregon National Guard, received last evening the following announcement regarding the annual encampment to be held at Albany:

"The following details for this tour and duty are hereby made: "First Lieutenant E. Struplere, Adjutant First Battalion.

"First Lieutenant W. A. Piatts, Adjutant Second Battalion.

"Captain J. A. McKinnon having been commissioned in this regiment, duly qualified as such and reported for duty, he is hereby assigned to the command of Company D, and will be respected and obeyed accordingly. By order of "COLONEL EVERETT, "E. C. MEARS, Adjutant."

Milner and Frank Knox, of Salt Lake, have purchased all the Idaho interests of the Twin-Falls Land and Water Company from J. H. Lowell and others for \$102,400. Seton's First Wedding.

The first marriage ceremony to be performed by Justice of the Peace Seton took place yesterday. Peder C. Schwarmann and Miss Hilda Keller were the participants. The judge says that he was taken aback when the proposition was made to him to marry the couple, but went through the ordeal in first-class style, and says he rather likes it. He is already looking for other matrimonial victims.

Introducing Mr. "Al" Wettin.

Numerous inquiries are being made as to what would be King Edward's name if he had the honor of being a citizen of the United States. His mother's name was Guelph, and she married a man whose family name was Wettin. Therefore, should his most gracious majesty desire to become a citizen of this country his papers would be made out to Albert E. Wettin.

Saloon Attached.

An attachment was served yesterday on the Hawthorne saloon, on Hawthorne avenue, between East Sixth street and Grand avenue, by Constable Keenan, of the East Side Justice Court. The sum sued for was \$112.40 and was brought by Fleckenstein, Mayer & Co.

Bicyclists on Sidewalks.

Residents on the East Side have constantly made complaint to police about the riding of bicycles on the sidewalks. The streets are in good condition but the riders evidently prefer to run over a person once in a while by riding on the walk. The police have been notified to look after this class of law-breakers.

\$12,000 RAISED

The Carnival This Fall Will Be a Big Success.

The success which Messrs. B. B. Rich, Alex. Sweek, George H. Wemple and Otto Winfelder, the committee out soliciting funds for the Elks' carnival, is having is indeed flattering, because of the confidence displayed by the various business men in this enterprise.

The choice of sites for the carnival lies between two places—Multnomah Field and North Seventh street. The former is favored because of the central location and largeness of grounds, while the latter is favored on account of its proximity to the business center of the city.

Nearly the entire \$12,000 has been subscribed already, and tonight plans will be completed for a first-class carnival.

MAZAMAS' TRIP.

For the past eight years the Mazamas have made annual trips to the famous mountain peaks of Oregon, and this year the hardy mountain climbers will make the summit of Mount Adams their objective point.

At 7 o'clock next Monday morning the first division of the club will leave Portland by steamer for White Salmon, Wash. The second division will leave on Tuesday, joining the advance corps at Trout Lake next Wednesday evening. By Friday all arrangements will be completed and the climb upward to the timber line will be made. The next day the final climb to the snow-capped summit will be made.

Mount Adams is more than 1000 higher than Mount Hood. To be exact, Mount Adams is 12,470 feet high, and the view afforded from the summit is one well worth the ascent, say those who have previously made the climb.

The day following the climb the Mazamas will rest at the timber line. On Monday, July 21, the Mount Adams ice caves will be explored. The homeward trip will be begun July 22.

The trip to Mount Adams is not confined to the club members, but is open to others who may desire to go. Application should be made to the outing committee by all those desiring to join the expedition. This committee comprises A. J. Capron, L. L. Hawkins, Mark O'Neill and A. F. Fiegel. Guides of experience will accompany the party. The outing will not be an expensive one, and should equal, if it does not exceed in interest, those of previous years.

RETAIL CLERKS

Committees Appointed by the Union—Labor Notes.

The Retail Clerks' Union met last night and appointed the following committees: Grievance, Gunther, McPherson, Moore; relief, Bays, Smith, Alberts, Misses Reid, Hogan, Marvin; membership, Myers, Thomas, Cardwell; delegates to Federated Trades Council, Stanton, Smith, McKercher; entertainment, Smith, Friendly, Weber. Max Morris, secretary of the Retail Clerks' International Protective Association, will be in Portland August 4, in company with the noted labor leader, Samuel Gompers, and the clerks are making preparations to give him a grand reception. Secretary Weber, of the local union, is in receipt of a letter from him, of which the following is an extract: "It is with pleasure that I advise you I will visit your city on August 4, and I trust that the opportunity may be afforded me to make the personal acquaintance of every member of your local."

Two Men Injured.

A. B. Burger and Mr. Kutner, while standing on the sidewalk at the corner of Third and Ash streets, Monday evening, were run down by a runaway express horse. The horse came dashing down Third street at full speed and when it reached the corner of Ash a man ran out into the middle of the street and tried to stop it, when the animal turned and swung the vehicle on the sidewalk, the yoke striking Burger a heavy blow in the stomach and Kutner was promptly laid out by being run into by the shaft. Kutner is still laid up at his home as a result of the accident, but Burger has about recovered.

LABOR NOTES.

At its last meeting the Bartenders' League elected the following officers for the ensuing term: President, William Miller; vice-president, Nick Burlback; treasurer, Pete Linder; financial secretary, A. J. Swartz; corresponding secretary, Elmer W. Quimby; inspector, George E. Goodie; chaplain, Chris Gagsman; inner guard, Phil Ruckert; outer guard, F. Galloway.

Stole Salmon.

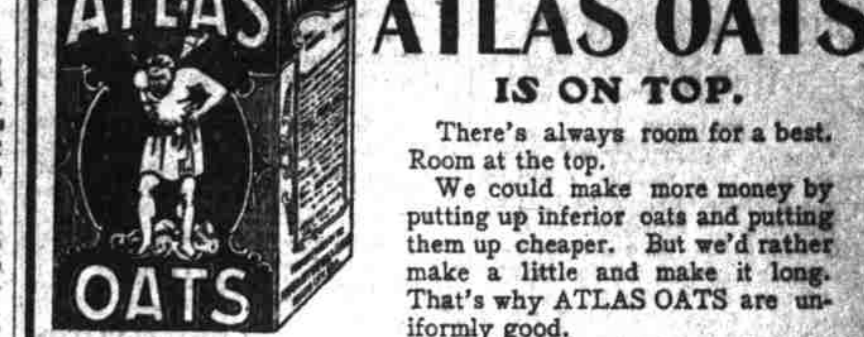

Thomas Nichols and Thomas Peterson were to have had a hearing in Justice Reid's court yesterday on a charge of stealing salmon from the boat Lenore of the Pacific Coast Fishery, but the case was postponed until October 15th, and is returnable with all boat licenses between Portland and Astoria.

Patched It Up.

S. U. Cannon, of 26 Third street, was arrested yesterday for assault and battery upon his wife. The case was kept very quiet, and probably, grading publicity, it was dismissed later in police court.

ROOM AT THE TOP

There are scores of breakfast foods advertised. Some are good, some are just breakfast foods. But judging by the way it's selling

There's always room for a best. Room at the top. We could make more money by putting up inferior oats and putting them up cheaper. But we'd rather make a little and make it long. That's why ATLAS OATS are uniformly good. After all it's better to buy and sell the best.
