BIG FIGHTERS ARE BOTH CONFIDENT

They Are in the Pink of Condition—Road Work Today.

Odds Are Two to One on Jeffries Today But Eastern Sports Have Wads of Fitzsimmons Money.

(Journal Special Service.)

SAN FRANCISCO, July 22.—(2 p. m.)—Fitzsimmons was out on the road early this morning. He walked to the park, a distance of two miles, and running back, worked his shoulders at every step. This afternoon he did light exercising in the Olympic gymnasium.

Jeffries was also out on the road this morning. He sprinted time and time again, returning covered with prespiration. This afternoon he boxed eight rounds before the Merchants' Club of Oakland, with his brother Jack and Kennedy. He showed up in splendid condition, and is faster and stronger than when he fought Fitz before. He now weighs 214. Both men seem to have full confidence. The betting is now 2 to 1 with Jeff on the long end. There is plenty of Fitz money in sight, as the Eastern sports are beginning to arrive in numbers. The sale of tickets has already reached the $30,000 mark and the indications are that there will be a $50,000 house.

STRONG HAS VANISHED

May Yohe Mourns Her Jewels and the Captain's Mother Is Prostrated.

(Scripps-McRae News Association.)

NEW YORK, July 22.—The statement is made this afternoon that Mrs. Strong, the mother of Putnam Bradley Strong, for whom the police are searching to find out what he did with $250,000 worth of May Yohe's jewels, is seriously ill. Her son's escapade is said to have caused her illness.

May Yohe this morning threw all the articles Captain Strong left behind him at the cottage on the Hudson into the refuse pile.

The police have found no trace of Strong. Nearly every pawnshop in the city has been searched for the missing jewelry, but only a small portion of it has been located.

CHICAGO MYSTERY

Police Are at Sea Over Robbery of Masonic Temple Deposit Vaults.

CHICAGO, July 22.—The police are entirely without clues to the alleged robbery of the Masonic Temple safety deposit vaults. All of the employes were questioned last night, but nothing tangible was adduced.

The president of the company admitted today that none of the employes of the concern received over $75 per month, and that his salary is only $60.

AROUND THE COUNCIL FIRE

Red Men of Oregon Are Gathered in Conclave.

The Great Council of Oregon, Improved Order of Red Men, began its annual session this morning in the A. O. U. W. building. In the neighborhood of 75 delegates were present from the various tribes in the state. The organization has a membership close to 2,000. The council will also be in session tomorrow.

The greater portion of the morning was consumed by the committee examining the credentials of the representatives. S. Lewis King, Great Sachem, presided at the meeting. This afternoon the election of the Great Chiefs will occur.

The officers to be elected are known as the Great Sachem, Great Senior Sagamore, Great Junior Sagamore, Great Prophet, Great Chief of Records and Great Keeper of Wampum. It is generally conceded that T. B. Reeder, of Pendleton, will be ected as Great Sachem, as he is not known to have any opposition for the position.

In the evening the delegates will go by boat to Oregon City to witness the illumination of Willamette Falls. Below the falls a war dance will be given on the rocks by members of Wacheno Tribe of Oregon City. The steamer Albany will leave the foot of Washington street at 7:30 this evening, returning at 11:30.

CORN PRICES JUMP AGAIN

(Scripps-McRae News Association.)

CHICAGO, July 22.—There was a sensational spurt in corn on the Board of Trade just before the close this afternoon, when the price advanced rapidly from 66½ to 67, closing at 66⅞. Buying by the shorts caused the jump.

Tomorrow it is expected to see the squeeze in full operation, with no let-up until the men in the deal are convinced that there is no further use for maintaining a high price.

TO INSPECT STEAMSHIPS.

United Inspectors of steam vessels and hulls, Edwards and Fuller, will inspect two big ocean steamships, the Columbia, on the Portland-San Francisco route, and the Oriental liner Indrasamha, this week. The Columbia will be tested Friday, July 25, the next day after her arrival from San Francisco.

The British steamship Indrasamha, now loading flour for the Orient, will be inspected some time before Saturday, likely tomorrow. This is the ship's first visit to Portland. Under the rules all vessels engaged in the passenger and freight trade, local or foreign, must undergo an inspection at least once a year. This being the Britisher's first voyage to this port, makes it necessary to put her through the examination.

Monday Messrs. Edwards and Fuller will go to Astoria to inspect the Ilwaco Railway & Navigation Company's steamer Nahcotta. The Nahcotta runs between Astoria and Ilwaco. She is a propeller boat, and carries passengers and freight. At this time of the year she is largely patronized by beach tourists.

NO JURISDICTION

Justice Reid Dismisses Larceny Case Against Beyress.

Justice of the Peace Reid handed down his decision this morning in the case of L. T. Beyress, who represents the National Passenger Association, and was charged by C. B. Saxby and W. G. Lucas with the larceny of two railroad tickets. Justice Reid held that inasmuch as the action was brought on a complaint, in order to have jurisdiction an information should have been filed, and then the Justice Court could try it out.

But, even if it had been an information, Justice Reid is of the opinion that the evidence was not sufficient to warrant him in holding Beyress guilty, so the case was dismissed.

Picnic! Picnic! Ask your grocer if he can't tell you, ask some live grocer.

NO CLUE TO THE MYSTERY

(Scripps-McRae News Association.)

NEW YORK, July 22.—Wm. H. Tuthill, the man in the Latimer case, was the principal witness in today's session of the coroner's inquiry into the mysterious shooting of Latimer. He declared that his relations with Latimer and his wife were cordial, and at the time of Latimer's death were good friends. He denied that the relations with Mrs. Latimer were improper. His statement was flawless, and left little or no opening to connect him with the crime.

Mrs. Latimer, the widow of the murdered man, was the next witness. She said the man who shot her husband wore a black mask and that she had no doubt he was a burglar.

MAY COLLECT DEATH DUTIES

Britain May Profit by John MacKay's Death.

(Scripps-McRae News Association.)

LONDON, July 22.—The British government is likely to prove that John W. Mackay was domiciled in England, and to collect $1,000,000 death duty.

Mrs. Mackay is so prostrated by her husband's death that doctors were summoned today. They ordered her to take a complete rest.

The date on which the deceased millionaire's body will be taken to America, where it will be interred, has not yet been decided upon.

HOT POLITICS IN HAWAII

Prince Cupid Leads a Successful Party Breakaway.

HONOLULU, H. T., July 15.—The Hawaiian Home Rule party, after a stormy session, during which the younger element of natives, led by Jonah Kalaniana'ole (Prince Cupid) left the hall, bolting the convention, renominated Robert W. Wilcox as Congressional delegate. The bolters then formed a new party, "Hui Kuokoa" (non-partisan), and called a convention. The split occurred over the adoption of the Constitution of the Government party.

COL. LYNCH AGAIN REMANDED

Irish Brigade Was Not Composed of Irish at All.

(Scripps-McRae News Association.)

LONDON, July 22.—Colonel Arthur Lynch, who is accused of treason for fighting with the Boers, was arraigned today and again remanded.

Albrecht Viljoen, an ex-member of the Irish Brigade, with which Lynch was connected, testified that the members of the brigade were no more Irish than he himself is.

Taylor Quits Railroading.

It will be a matter of surprise to his legion of friends to learn that George S. Taylor, the widely known railroad man, is about to be metamorphosed into a life insurance man, but such is the fact. On August 1 he will drop his duties as ticket agent here for the Wisconsin Central and become special agent for the New York Life Insurance Company in Portland. Mr. Taylor will cease juggling with coupon tickets and take "risks" with policies.

Mr. Taylor's local record has been a most excellent one. It has continued through many years of service and every man in Railroad Row is the warm friend of George Taylor. He will be a successful insurance man for the same reason that he has been a successful railroad man—because he is willing to work. Mr. Taylor's record is as follows:

Assistant ticket agent for the O. R. & N. Co., in Portland, from 1880 to 1892; general agent of the passenger department of the Rock Island from 1892 to 1894; district passenger agent for the Wisconsin Central from 1894 to 1896; subsequently ticket agent for the Union Pacific and after that for the Burlington. After leaving the Burlington he again returned to his present position with the Wisconsin Central.

BATTLE PENDING

Yankee Warship Will go to Protect the Foreigners at Cape Haytien.

(Scripps-McRae News Association.)

WASHINGTON, July 22.—The State Department has called upon the navy for a warship to be sent to Cape Haytien, Hayti, to protect American interests and also the citizens of other countries there. The request is based upon the following dispatch the United States consul at Cape Haytien:

"Troops and a government warship are approaching to bombard Cape Haytien. There is great excitement among foreigners as to their personal safety."

STRIKERS RETURN

(Journal Special Service.)

HOUSTON, July 22.—A thousand Southern Pacific shopmen have returned to work here, likewise the strikers at San Antonio and El Paso, compromising on an 8 per cent raise here and arbitration in the other cases.

MEN AND WOMEN

Admitted to Public Baths Tomorrow Night.

The management of the public swimming baths have decided to keep them open tomorrow night from 7 to 8:30 o'clock when men and women will be both admitted. Messrs. Holman and Samuels have been debating the question of admitting the sexes for some time and finally set apart tomorrow evening as an experiment.

Many women are kept away from enjoying a cool plunge in the river through a delicacy of appearing in a public bathing place without a male escort. It is with the object of giving such persons a chance to enjoy this healthy sport that an exception has been made to the regular rules. Women must remember, though, that they are required to furnish their own bathing suits but the men can procure them at the baths at the usual nominal rental charge.

A well acquainted person will be stationed at the entrance to the baths so disreputable persons might just as well stay away, and save the walk, as they will be refused admittance.

The public baths have been such a success so far this season that Messrs. Holman and Samuels, the promoters, are already making plan for next summer. They have decided, among other improvements, to just double the capacity of the baths. Another enclosure, the same size as the present one, will be built directly abreast of the one now in use.

FILIPINO COINS.

(Scripps-McRae News Association.)

WASHINGTON, July 22.—If all the designs submitted for the new Philippine coins authorized by the last session of Congress, those drawn by Figuedos, a native Filipino artist, has been adjudged the best and will probably be adopted.

DOUBLE MURDER

(Scripps-McRae News Association.)

HARRISBURG, Pa., July 22.—William Filer this morning shot and killed his wife and Harry Bennett, with whom he claimed his wife was intimate.

Coming Back to Portland.

Dorsey Smith, who was for so long a time the private secretary of President Mohler, of the O. R. & N. Company, is now in New York. Mr. Smith left Portland last February to enjoy a well-earned rest in Europe. Since that time he has visited every country on the continent, save alone, perhaps, Turkey. He will return, it is understood, to Portland, with Mr. Mohler, when he comes back from his present visit East. There is no more popular nor better liked young man in the service of the O. R. & N. Company than Smith, and his friends will be glad to see him back again.

Another Surveying Party.

Another party of street surveyors were put to work this morning by City Engineer Elliott. H. S. Newell is the new surveyor, F. Branris, the transit man and J. Sherlock and C. Walsh are rodman and chainman. This latest crew will work on new streets on the East Side.

Cars from Third and Yamhill street for Mount Tabor make direct connections with the Miniature Railway. In operation this evening. Don't miss it.

Now is the Time

MAY NEVER BE CAUGHT

Tracy Believed by Some to Be Making His Way East.

(Journal Special Service.)

SEATTLE, July 22.—The hunt for Convict Tracy seems to have been abandoned entirely and the outlaw is now free to roam the woods at ease—at least, until he again makes his appearance at some farmhouse for food.

It has been proven beyond a doubt that Tracy did not have two ex-convicts with him in the cabin at Sawyer Lake, and also that the story that he was badly wounded by buckshot from J. A. Bunce's gun was absolutely unfounded. The story of the seriousness of the wounds was given out by an ex-convict, who imposed upon Sheriff Cudihee.

Tracy may have escaped across the mountains from Covington, and some of the officers fear he may now never be captured. They believe that he will disguise himself and make his way to some Eastern city.

PROMOTED IN SMITH'S ROOM

(Scripps-McRae News Association.)

WASHINGTON, July 22.—The President today appointed Col. Thos. Ward, a brigadier-general to fill the vacancy created by Gen. Jacob Smith's retirement.

GETS SMITH'S PLACE.

WASHINGTON, July 22.—General Fred Grant has been offered the command of the Department of Texas to which General Jacob Smith had been assigned before his retirement.

CARACAS BLOCKADE

(Scripps-McRae News Association.)

WASHINGTON, July 22.—Minister Bowen, at Caracas, cables that the port of Carupano has been declared blockaded.

SITUATION CRITICAL.

WASHINGTON, July 22.—Minister Bowen, at Caracas, Venezuela, today cables the State Department as follows:

"The gunboat Marietta is to proceed to ascertain the facts of the blockade at Carupano. An attack upon Puerto Cabello is expected hourly by the government and President Castro has expressed his intention of proceeding to that place."

EDWARD GOES A WALKING

British King Improves Faster as Days Go by.

(Scripps-McRae News Association.)

COWES, July 22.—The King walked yesterday for the first time since the operation was performed upon him, four weeks ago. His Majesty continues to improve in all respects.

ANTI-IMPERIALISTS

(Scripps-McRae News Association.)

BOSTON, July 22.—A large number of anti-imperialists including Chas. Francis Adams, Moorfield Storey and Julian Godman, have gone to Belons Landing at Lake George, to join other leaders of the movement in a meeting of a special committee to investigate affairs in the Philippines and to secure publicity of the facts. It is possible that after the meeting a statement of the facts developed will be sent to President Roosevelt.

THE WEATHER.

Showers and thunderstorms have occurred in Kansas, Nebraska, Minnesota, Montana and New Mexico. Light rain has also fallen in extreme northwestern Washington.

It is cooler in eastern Oregon, eastern Washington and Idaho and warmer in Utah, northern California, southwestern Oregon, eastern Montana and the central valleys.

The indications are for fair and warmer weather in this district Wednesday.

Oregon: Fair tonight and Wednesday; warmer Wednesday; northerly winds.

Washington: Fair tonight and Wednesday; warmer Wednesday, except near coast; northwesterly winds.

Idaho: Fair tonight and Wednesday; warmer Wednesday.

Forecast Official.

BLOWN TO ATOMS

Laborer Dropped Can of Giant Powder—Three Killed.

The horribly mangled remains of Francisco Oliverio and Rassaele Deppobto arrived here by boat from The Dalles yesterday afternoon and were taken to Dunning & Campion's undertaking parlors to be prepared for burial.

These men were killed, with one other whose name could not be learned, in an explosion Sunday about two miles from Lyle, the western terminus of the new Columbia & Northern Railroad.

A gang of Italian laborers were engaged in blasting for the roadbed, when one of the men dropped a 50-pound box of giant powder. It exploded with terrific force, killing the three outright and wounding T. Robertino so seriously that his life is despaired of. The wounded man was also brought to this city and taken to St. Vincent's hospital, where he now hovers between life and death.

An inquest was held on the two bodies at The Dalles Sunday night, and a verdict was brought in on the lines set forth.

No attempt was made to gather up the fragmentary remains of the man who dropped the giant powder, as he was literally blown to atoms, no part of his body being found except a small portion of the skull.

Great Central Progress.

The Great Central Railway is still moving. Chief Engineer McKinney will not return to Portland for a few days, as he is busy in the Coos Bay region. Just where the company will make its western terminal is not yet announced to the public.

F. M. McLean, who has charge of the construction of the dock to be built on Coos Bay, either at Empire or some other point will leave this evening on the steamer Alliance for that point. Mr. McLean will take down with him a pile driver, nails, bolts, tools, etc., to build the dock. The engine was shipped last week that will operate the pile driver, and matters will soon begin to move at a lively gait.
