

THE KING'S DAYS ARE NEARLY OVER

His Physicians Believe He Will Never Be So Well Again.

The Intestinal Cavity Is Diseased and Another Operation Must Be Performed This Autumn.

(Scripps-McRae News Association.)

LONDON, July 23.—A high court official who has seen King Edward many times since the operation was performed, made the following statement today: "With the utmost precaution the King will get through the coronation, though it is likely he will not go to London until the night before the ceremony, and will afterward immediately return to Cowes. The reason for having the coronation so soon is a grave one, as the King's physicians believe he will never be so well again." He added that the first operation revealed a diseased condition of the intestinal cavity, and that a second operation will be necessary. This probably will be performed next autumn.

KING TAKES THE AIR.

(Scripps-McRae News Association.)

COWES, England, July 23.—King Edward was brought up on the deck of the royal yacht today and was wheeled about for some time. His Majesty's recovery from day to day has been so rapid as to utterly astound his physicians, who have been fearful that his recuperation would be only partial, and that a reaction would set in.

GUNBOAT MARIETTA

Sails for La Guayra to Investigate Venezuelan Blockade.

(Scripps-McRae News Association.) WASHINGTON, July 23.—The gunboat Marietta has sailed from LaGuayra for the mouth of the Orinoco to investigate the blockade officially declared by President Castro on different Venezuelan points. If it is found that the blockade is ineffective, the United States will make protest, and will, if necessary, furnish protection to American traffic in those waters.

POWDER VS. FLAMES

(Scripps-McRae News Association.) COLUMBIA, S. C., July 23.—The whole business portion of Camden, a winter resort near here, was burned this morning, there being no stop to the progress of the flames. Many buildings were blown up. The loss will be heavy.

CZAR WOULD FIGHT TRUSTS

Conference on the Subject Will Be Held in St. Petersburg.

(Scripps-McRae News Association.) VIENNA, July 23.—The conference proposed by the Czar to deal with the trust question will be held in St. Petersburg. No announcement of the time for the assembling of the Commissioners has yet been made, and it is not known as yet just what countries will be represented.

KENTUCKY BLAZE

(Scripps-McRae News Association.) OWENSBURG, Ky., July 23.—A fire started by burglars in the Osborn scouring mill here this morning spread to a number of adjoining structures, causing a loss of \$10,000.

TWENTY DROWNED

(Scripps-McRae News Association.) VIENNA, July 23.—Two Danube steamers sunk at Orsova today. Twenty people were drowned.

AROUND THE COUNCIL FIRE

Red Men Deliberating Upon Subjects of Interest to Them.

Resolutions which were introduced occupied the attention of the Great Council of the Improved Order of Red Men the major portion of this morning's session. The main feature of this afternoon will be the exhumation of the secret work which will be conducted by J. H. Howard, the Great Representative to the Great Council of the United States. Mr. Howard is from the Wacheco Tribe No. 12 of Oregon City. At 3 o'clock this afternoon the raising up of the Great Chiefs to their respective stumps took place. In other words, the new officers were installed. Committees on finance, law and usage were then appointed, as well as a board of trustees for the ensuing term. It is the intention to conclude the session this afternoon if the volume of business to be transacted can be disposed of by that time. If not, a night pow-wow may be held.

WANTED TO BE A FAIRY

John Franz Preferred Pretty Dresses to Common Parts.

(Scripps-McRae News Association.) PITTSBURGH, Pa., July 23.—Mrs. John Franz of this city has asked the police to arrest her husband, who, she claims, has been masquerading in female attire for 20 years, spending all his money for lingerie and neglecting to pay rent or grocery bills.

GREAT CENTRAL RAILROAD DOCK

Will be Built at Once at Empire on Coos Bay.

What may be considered perhaps the most important step in the history of the Great Central Railroad Company was taken yesterday. The location of the dock, which marks the western terminus of the line was definitely located at Empire, on Coos Bay. This was the place originally selected, but a little hitch in the progress of events gave color to the belief that it might go in somewhere else, especially so since the Belt Line Company was incorporated to build a line around Coos Bay.

Mr. Green, the assistant engineer, received the message this morning conveying the information of the final location. Mr. Green informs The Journal that construction work on the new dock will be begun at once. The superintendent for the construction of the dock, F. M. McLean, went down yesterday with the pile driver and material, as was stated by The Journal last night. Mr. Green says that the camp for the workmen has been established, and things are bound to go on now with a hum.

President John W. Cook, of the Great Central Railroad Company, who is also Second Vice-President of the Great Central Land Company, also left for Empire yesterday on the steamer Alliance. He will look after the land company's interests. He was accompanied by his wife.

Chief Engineer Kinney is expected home some day this week, though it is possible that he will not be able to get here until Monday or Tuesday of next week. The Great Central is bound to go forward very rapidly from now on.

THE SLAYER OF LATIMER

Still Unknown—His Wife Still Under Suspicion.

BROOKLYN, July 23.—The Coroner's jury in the case of Walter Latimer, of this city, who was murdered while in bed, returned a verdict this afternoon that he came to his death at the hands of some unknown person. During the morning a private detective testified that he had shadowed Wm. Tut-till, the man with whom Mrs. Latimer is supposed to be infatuated, and frequently saw him enter the Latimer residence while Latimer was away.

WHEAT MARKET.

SAN FRANCISCO, July 23.—Wheat, \$1.15@1.15 1/2.
CHICAGO, July 23.—Wheat, 70c.

THE TURKISH SULTAN

Refuses to Punish the Perpetrators of the Stone Kidnaping.

CONSTANTINOPLE, July 23.—The matter of Miss Ellen Stone, who was kidnaped by Bulgarians, has again been taken up by United States Minister Leishmann with the Turkish government. In reply to a query as to what had been done to punish the perpetrators of the outrage, he has received a communication from Tewfik Pasha saying that nothing can be done. While the crime was committed on Turkish soil, the perpetrators were foreigners, and the release was effected on foreign soil, therefore the Sublime Porte refuses to take any further action in the matter.

YOHE DOESN'T CARE FOR HIM

(Scripps-McRae News Association.) NEW YORK, July 23.—There will be no reconciliation between May Yohe and Captain Strong if the actress is really in earnest in what she says today. She is now content to allow the entire affair to drop as the result of a notification from Strong's mother that she will make good the loss of May Yohe's diamonds.

Miss Yohe is in the best of spirits this morning, and said she didn't care if Strong never came back. She will leave immediately for Japan to redeem the jewels pawned there.

Captain Strong is expected to appear here within two days.

CYCLONE COSTS HUNDRED LIVES

(Scripps-McRae News Association.) VIENNA, July 23.—The Tageblatt today says that the cyclone that swept over Clew, European Russia, yesterday was worse than at first reported. Over a hundred lives were lost, and the damage to property will reach many millions of roubles.

OREGON CITY.

Four-Year-Old Child Burned to Death—Notes.

(Journal Special Service.) OREGON CITY, July 23.—Rheva Grace Wilson, the 4-year-old daughter of William J. Wilson, was burned to death yesterday afternoon. She was playing around a bonfire near the home of her parents on Fifth street, when she tripped and fell. Her dress caught fire in an instant and before assistance could reach her the unfortunate girl was so badly burned that she was beyond human aid. Several physicians arrived on the scene and administered opiates to ease her terrible pain, and she finally lost consciousness and death mercifully ended her sufferings. The funeral will take place tomorrow.

Three thousand people from this city and Portland witnessed the war dance of the Red Men last night.

Attorney John F. Clark and A. W. Cheney of this city, Fred Toner of Dallas and Mark Ellis, owner of the Dallas Electric Light Company, leave Saturday for a month's hunting trip on the headwaters of the McKenzie River in Lane County. They will go up the Santiam River from Albany and pack over to the McKenzie.

Crowds of people arrived here this morning from Portland to attend the picnic of the Retail Grocers' Association in Canemah Park. Before the day passes there will be at least 5000 people here.

The Western Union Telegraph Company will place a United States observatory clock, with a 30-inch dial, at the corner of Main and Fifth streets, in this city. The clock will be corrected every hour.

Register Moore of the United States Land Office yesterday afternoon decided the conflicts which were involved in the filings made Monday, when township 8 south, range 9 west, was thrown open for entry. The rejected applicants are Joseph H. Lukan, Bert B. Kavanagh, Ab-salom Byerley, Benjamin R. Johnson, Charles A. Bigby, Ferris A. Lucas, Cyrus Todd and William J. Southwell.

Dr. R. B. Beattie and family left yesterday for an outing at Wilhoit Springs.

LETTERS OF SYMPATHY.

(Scripps-McRae News Association.) LONDON, July 23.—Mrs. Mackay, widow of the dead millionaire John W. Mackay, received messages of sympathy from King Edward and President Roosevelt. Both refer in feeling terms to the useful career of the dead mining magnate.

You are all invited to hear the open air concert at Mount Tabor this evening. The Miniature Railway will be in operation. Go out and enjoy yourself. Cars from Third and Yamhill; direct transfers from any point on C. & B. system.

WOODMEN WILL GIVE CARNIVALS

George N. Rogers, general organizer of the Woodmen of the World, is in Western Washington arranging the details for the several log-rolling contests which will be held in the western part of that state next month. The contest will be between the 63 camps in that jurisdiction and each and every member is working hard to get the most members installed for their camp.

The log rolling will be in the shape of carnivals and a fine program will be rendered in each of the cities visited. The great and successful moving picture machine under the operation of Professor M. G. Steele will be exhibited during the festivals, as has also been Arnold's Oriental side shows and carnival attractions. The following cities will be visited: Olympia, Centralia, Aberdeen, Everett and Whatcom. At Olympia great interest has been taken in the carnival by all the leading business men of the city. The Olympia Chamber of Commerce has endorsed the project and has started out to solicit funds for the decorations of the city and the entertaining of the guests who will be in the city during the festivals. Already the sum of \$1000 has been subscribed.

LONDON FEARS A BIG FIZZLE

The Coronation May Be a Gigantic Failure.

(Scripps-McRae News Association.) LONDON, July 23.—London now fears that the coronation will be a slimly attended, and that it will almost approach a fizzle. The Duke of Norfolk has been obliged to write personal letters in order to get enough persons of note present to make a decent showing. There will also be a total absence of foreign embassies.

THE MAYOR NOT RADICAL

Will Make No Attempt to Close Saloon Wineries.

The proposition of closing up the wine rooms which are run in connection with most of the saloons in Portland meets but scant favor from Mayor Williams. When seen on this matter today by The Journal, the Mayor expressed himself as follows:

"I really do not think it possible or practical to close up the wine rooms of the city. Every day I am in receipt of letters, mostly anonymous, complaining that young girls were being lured to destruction in this way, but in no instance have I received any specific charge on which I could take any definite action. For my own part, I do not believe that so much harm is being done as is generally supposed. I have no doubt that there are some places which are not desirable, but on the other hand there are many where people who are most respectable go in to get a glass of beer. I have even done it myself." and the Mayor took a long puff at his cigar and smiled as at some pleasant recollection.

"What I shall do in the matter is this. If any one can prefer any definite charges of this sort against any definite saloon, I shall see to it that they are thoroughly investigated, and should there be sufficient evidence to convict, I can assure you that it will be a very few hours before the license of that place is taken away."

"Any attempt at wholesale action in this matter I believe would be very generally objectionable to a large number of our citizens. Any American citizen who wishes to take his family into a beer hall to have a glass of beer has a perfect right to do so, and any invasion of private right, you know, is always vigorously protested against by the people of this city. I am convinced that it is the only way to check the evil."

MET DEATH BY FILIPINOS

(Scripps-McRae News Association.) WASHINGTON, July 23.—The war department today received a cablegram from Manila announcing that John Wells and Louis Thomas, of Providence, R. I., Ernest Heger, of Cincinnati, and Clyde France, of Berea, Ohio, the school teachers who have been missing in Cebu, were murdered by Ladrones and their bodies recovered. The leaders of the murderers have been killed and eight others were captured.

Now is the Time

JEFFRIES STILL HOLDS LONG ODDS

Both Big Fighters Have Finished Their Hard Training.

Ten Thousand People Will See the Contest—The Advance Sale of Tickets Distances all Records.

(Special to The Journal.) SAN FRANCISCO, July 23.—Both Jeffries and Fitzsimmons have finished their heavy training and will from this time till Friday night do only enough work to insure their entering the ring in prime condition. Both the men express themselves as being confident of winning the battle, and are looking forward with eagerness to the time when their rivalry will be decided once and for all. Jeffries, who now weighs 215 pounds, did only light gymnasium work today. He looks fit as a man could be, and the stories of his being over-trained, which were filling the air a few days ago, have ceased to circulate, as only a glance at the champion is needed to see that he could not be in better condition. This morning Fitzsimmons took a short spin on the road, and this afternoon he did a few stunts in the gymnasium. He appears to be in perfect form, and has no hesitation in saying that he believes he will get away with the big boller-maker when they meet on Friday night. He expresses himself as much pleased at the great public interest in the contest. "There have been many people," said he, "who have not taken much stock in my statement that in my last fight with Jeffries I was drugged, but I have an idea that about next Saturday morning some of those doubters will come to the conclusion that I knew what I was talking about." The amphitheater where the fight is to occur is nearly completed. It will accommodate over 10,000 persons, and as the advance sale of tickets is the largest ever seen on the Coast, there is no doubt that it will be taxed to its utmost capacity.

OPERATORS SATISFIED

They Will Not Attempt to Reopen Coal Mines for the Present.

(Scripps-McRae News Association.) NEW YORK, July 23.—A number of the presidents of the anthracite coal companies authorize the statement that no efforts will be made to resume work at any fixed date. When any attempt is made to open the mines in the strike district it will be general, and not confined to a few well protected collieries. They deny that they have taken advantage of the strike to raise the price of coal.

REACHED THE TOP

Mazamas Successful in Climbing Mt. Adams' Highest Peak.

The topmost peak of Mount Adams, 12,470 feet above the sea, has been successfully reached by the Mazamas, and the intrepid explorers are now on their return to Portland to tell of the remarkable ascent. The first party to gain the top was headed by L. J. Hicks and L. E. Anderson of this city. Their party comprised 29 persons, four of whom were ladies. And to the credit of the ladies it must be said that only one of them fell by the wayside on account of the extremely hard work. The three who withstood the trip were Misses Alice W. Morgan, L. V. Ayers and Christine Neilson. Six of the men did not continue to the top.
